THE STEAMBOAT CONCORDIA.—The report of the Board of Engineers, selected to examine into the causes of the disastrous explosion on board the steamboat Concordia, will be found in another column. The causes assigned are plausible, although, had the explosion arisen from the sudden rush of water upon the overheated tubes, it would seem reasonable that the catastrophe would have happened sooner after the boat got underway.

GRAIN FOR IRELAND.—The barque Georgia was cleared yesterday by J. P. Whitney for Cork, with nearly 20,000 bushels of corn.

THE MARKETHOUSE OF THE FIRST WARD, SECOND MUNICIPALITY.—What has become of the contract for building the Markethouse in the First Ward? The time is fast approaching when it was to have been finished, viz: the 1st of January next, and as yet there has been nothing done except to pave around the market place where it is to be located, the inner portion of which is still covered with curb, gutter and paving stones, which it will take some time to remove.

Our Wharves and Levees.—It affords us much pleasure to notice the improvements going on in front of our port. Our neighbors of the First Municipality have extended and straightened the wharf from Canal to Customhouse street, and it is now the best wharf and levee combined in the city for a steamboat to land a cargo of cotton, tobacco or Western produce.

The fatboat wharves, we believe, require little or no work upon them this season, as much attention was paid to them last summer, and through the suggestions and energy of Alderman Gleason, (with whom they are quite a pet), they were greatly improved in every respect.

The steamboat wharves of this Municipality, as also the levee, are being worked upon; but, we regret to say, the work upon the levee appears to progress very slowly. The street between New Levee and the river, under contract with Mr. Howard, is going on—at a moderate gait, it is true—but the grading of the levee, it appears to us, is almost at a stand still.

THE COMMISSIONER OF THE PUBLIC LANDS HAS RECEIVED many letters complaining of delay in the reception of bounty land warrants, has addressed a letter to the editor of the Washington Union, from which we gather the following facts: "That of the 40,000 regulars enlisted since the commencement of the Mexican war, 35,000 were probably entitled to bounty lands, and of the 60,000 volunteers enrolled since that time, 55,000 are also entitled to them. So 90,000 may be claimed of the Government.

NAVAL.—The U. S. steamer Vixen, Lieut. John A. Winslow, commanding, arrived at Norfolk on the 15th inst., from a survey on the coast of Delaware, and proceeded up to the Navy Yard. The U. S. steamer Taney was at Malta on the 22d of August.

REDUCTION OF RAILROAD FARE.—At a meeting of the several companies from Albany to Buffalo, New York, it was resolved to reduce the fare from Albany to Buffalo to 95 cents, to take effect on the 1st of January next.

NAVY.—The U. S. ship-of-war Vermont, recently launched at Charleston, was commenced in September, 1878, thirty years ago. She has 120 ports, but is designed to carry only 84 guns—some of the ports being merely for the shifting guns. Her extreme length is 324 feet; depth of hold, 37 feet. She went off in splendid style, in presence of an immense concourse, gathered on all points from that view could be commanded, and in boats fitting round about her. Robert J. Walker, Secretary of the Treasury, was present.

PERILOUS ACCIDENT AT BOSTON.—On the 14th inst., as the passenger train cars for Fall River, the engineer perceived that the draw was off, and gave orders to back steam, but not in time to prevent the engine, tender, and one baggage car, from being precipitated off the bridge into the water. No lives lost. A portion of the mail for the adjacent towns were astounded with water.

THE IMPENDING FAMINE IN IRELAND.—The "Calamity of '49 is no longer a menacing probability," says the Freeman's Journal of September 2d. "We have passed probability—we have arrived at certainty." And again—"The potato crop may be looked upon as lost."

THE AMERICAN BOARD OF FOREIGN MISSIONS.—The board adjourned at Boston nine o'clock, at 2 o'clock on the 15th inst. At different meetings the sum of \$20,000 was raised toward the debt of \$60,000, and it was expected that the balance would be raised in the churches without affecting the regular income of the board.

FREE SOIL IN WASHINGTON.—Two Free Soil meetings have been held in Washington. Mr. R. B. Schekelles was President and Mr. S. Parker Secretary. The association is said to have been formed under the direction of Mr. F. P. Blair, who has recently returned from a visit to Mr. Van Buren at Lindenwald.

THE BOSTON TIMES says it is rumored that Mr. Edmund Burke is to be appointed collector of that port, in the place of Mr. Marcus Morton. Mr. Burke is at present in Boston.

CALIFORNIA AND OREGON MAILS.—Official information has been received at the Post-office Department, that the United States steam-packet "California," built under contract with the Secretary of the Navy, eventually for the service of that department of the government, but in the mean time to be employed in the transportation of the mails, will leave New York for California and Oregon via Cape Horn, on Monday, the 23d day of October next.

LARGE VERDICT.—The jury in the trial for slander, (Carpenter vs. Sheldon,) at New York, on the 16th inst., returned a verdict in favor of plaintiff for \$9,375. This suit grew out of the Kidd salvage humbug, Carpenter having been fleeced out of his last farthing (\$15,000) thereby. In revenge for his exposing the affair, Sheldon, it is alleged, made slanderous charges against him.

THE TESTIMONY OF AN ENEMY INKED.—Caesius M. Clay has been so badgered and ridiculed for the part which he is said to have played in Mexico, that he has brought Col. Zambonino on the witness stand, who testifies as follows: "Jose Maria Zambonino, Colonel of the Mexican Army, I do not know, but I was present at the trial of Clay taken in the Hacienda de la Encarnacion on the 23d of January, 1857, and further, that on the 24th of said month, he was arrested and detained over to me to be carried to San Luis. On the 24th a plan was conceived by said prisoners to effect their escape by my aid, and I was told that this plan was frustrated by my armed attendants, only myself being the escapee of one of them, named Henry Clay, who was taken to the city of Mexico, and there, on the 25th of January, I saw Clay, who was in a state of great excitement, and who was saying to me that it was owing to me that he was not all shot. On that day Capt. Clay behaved himself with great gallantry, and I saw him in the city of Mexico, and I saw him on the 25th of January, and I saw him on the 26th of January, and I saw him on the 27th of January, and I
