

NEW ORLEANS: THURSDAY MORNING, OCTOBER 26.

THIRD MUNICIPALITY.—Theatrical Proposed to be... We find in the Orleansian of yesterday, the following paragraph: "We learn that an attempt will be made during the coming winter to establish a theatre in our municipality. Some of the property-holders are willing to encourage such an undertaking. We ought to be as competent to sustain a good, profitable theatre as the denizens of Lafayette. The Madame, we are aware, will be one of the first to aid such a measure."

The "Madame" referred to is presumed to be Mrs. Caldwell, who has frequently given proof of her liberality and public spirit, and if she puts her shoulder to this wheel the theatre will go up. Stolen Property Recovered.—The two gold medals which George Koons stands charged with having stolen about two months since from the house of ex-Alderman Monteux, were yesterday found in a house on Tchoupitoulas street, in the Second Municipality, by Lieut. Farrar, of the police, and remain at the Recorder's office until an examination of Koons is had.

FIRST MUNICIPALITY.—Arrested.—Harry Wilson, Chas. Rogers, J. B. Sorapour and Miguel Hernandez, the men charged with being engaged in the riot in Mr. Schumann's Beer-house on Orleans street, on Tuesday night last, surrendered themselves yesterday, and gave bail to appear for examination.

John Catlin, the Territorial Governor of Wisconsin, and who has also been called to act as Governor of the new Territory, left on the 2d for Minnesota. He will visit St. Paul, Stillwater, and the other principal settlements, and remain long enough to establish an office, and take incipient steps necessary to the organization of a Territorial Government.

The trial of O'Leary, cashier of the Canal Bank, New York, on an indictment charging him with embezzling \$4,208, belonging to the Ogdensburg Bank, was commenced week before last.

Doyle, the Kentucky slave stealer, has been sentenced to the penitentiary for twenty years. Another stampede of forty negroes who had been furnished with free passes by white men, in Woodford county, Ky., has just been frustrated.

The boiler of the steamboat Experiment exploded in a terrific manner, near Philadelphia, on the 16th inst., and, though surrounded by human beings, not one was hurt.

It appears that, within the last seven years, no fewer than 854,000 persons have emigrated from Great Britain—making nearly one-third of the whole number of the population.

Four thousand papers, boys and girls, will this year be sent to Australia from Ireland, and ten thousand from England.

A gentleman from California says he has spent \$5000 in seeking gold, and he could find none.

The lumber yard of Clement Warner was destroyed by fire on the 15th. Loss from \$15,000 to \$20,000.

The Trappists at Mount Melony are sending out a deputation to establish a branch of their order at Kingston, Upper Canada.

The Brooklyn Advertiser congratulates its readers on the prospective achievement of a plan for supplying Brooklyn with water at an expense of one million of dollars, which will be nearly as good as the Croton supply for New York, which cost fourteen millions.

The road from Kalamazoo to Niles, Michigan, is fifty miles in length, and is a substantial structure as any in the United States, being laid with the T rail, as is also the greater part of the rest of the road. It has just been completed, making a complete line from Detroit of 300 miles. The distance was made on the 2d in eight hours.

Marble statues are to be placed in the niches in front of the Catholic Church, on Congress street, Cincinnati.

The Philadelphia Republic says that twenty-six young ladies passed through that city lately on their way West to engage in teaching. They were under the charge of Ex-Governor Slade, of Vermont.

A new hotel is being built in Paterson, N.J., to be called "Congress Hall," and to cost \$25,000. Several fine buildings are going up in that place.

CHANGING THE BEARING YEAR OF APPLE TREES.—R. Manning, of Salem, by cutting off all the blossoms from a Baldwin apple tree, in the Spring of its bearing year, changed the fruitful year to the following season. The unfruitful seasons have become bearing years, and vice versa.

TEMPERANCE MOVEMENT IN GREAT BRITAIN. The Secretary of the American Temperance Union announces the passage of a law through both houses of the British Parliament prohibiting the sale of all intoxicating liquors on Sunday mornings and forenoons throughout the Kingdom. This has been done at the solicitation of the friends of temperance and the Sabbath, who have for two years past poured in numerous petitions that the Sunday traffic should be entirely forbidden. The movement is a very important one, but seems to have been overlooked by all the leading secular papers.

PERNAMBUCO.—Capt. Cassal, of the brig Bradywine at Philadelphia, from Pernambuco Sept. 10th, states that the province of Pernambuco was in a very unsettled state. The business transactions were only to a very moderate extent, the Portuguese, who are the only purchasers of American produce, being unwilling to buy, not knowing how soon their lives might be taken, as the cry throughout the city was to kill the foreigners.

THE NARRIA FIRE.—A slip from the New Hampshire Telegraph office furnishes the details of the late disastrous fire in Nashua. Mr. Beard estimates his loss at \$2000; considerable was saved, and he is insured \$1000. The Telegraph will appear again in two or three weeks. The slip adds to the amount insured in the Hartford Protection office has about \$6000, the New Hampshire Mutual \$5700, the Hillsborough \$6200, the Lowell Mutual \$4000—the other sum unknown, probably some by the Mutual Companies named. We are pained to add that Mr. Rufus K. Underhill was so severely injured in the lead by a fire-look that his recovery is doubtful. Several others were considerably injured by fire and otherwise—among them, Captain Thomas G. Banks was severely hurt.

ACQUITTED.—John L. Ashby, who, with another youth, killed a schoolmaster at Sharpsburg, Ky., some time last year, has just been acquitted.

COLLISION.—On Friday morning, the 13th, the steamboat State of Maine, from Bangor for Boston, ran into, off Bald Island, the steam-tug Fashion, having in tow a schooner. The collision was violent, and the bulwarks and bowsprit of the schooner and the bulwarks of the Fashion were carried away. The State of Maine was very little injured.

KENTUCKY CALIFORNIA EMIGRATING SOCIETY.

Among the emigrating parties to California, from Kentucky, is one forming near Bloomfield, Nelson county, under the name of "the California Emigrating Society." The society consists at present of about thirty members, chiefly the heads of families. It is made up of professional men, farmers and mechanics, nearly all of them land proprietors and independent circumstanced. At the head of the society is Dr. J. H. Bascom, brother of President Bascom, of Transylvania University.

The St. Louis New Era gives it as its opinion that the man elected to the U. S. Senate from Illinois will be in favor of the Jeffersonian Ordinance of 1787.

Farmers' and Merchants' broken bank notes of Memphis are selling there to the brokers at 15 to 20 cents on the dollar, for currency.

An outline of the constitution accepted by the twenty-two Swiss Cantons which form the Helvetic Union, is given in the Deutsche Schaulpütz of New York. Many of the principal articles are formed upon the model of that of the United States.

The Sherbrooke Gazette mentions the disappearance from the township of Bradford, of a young girl 17 years of age. Her name is Eliza Ann Gray.

John Catlin, the Territorial Governor of Wisconsin, and who has also been called to act as Governor of the new Territory, left on the 2d for Minnesota. He will visit St. Paul, Stillwater, and the other principal settlements, and remain long enough to establish an office, and take incipient steps necessary to the organization of a Territorial Government.
