

Business of the city continues to improve, and, for the first of October, the town presents an unusually stirring appearance.

NEW ORLEANS. MONDAY MORNING, OCTOBER 1, 1894. See Third Page for City News, &c.

Mail Failures.—The mail failed again yesterday, but beyond August, Ga.

From Havana.—By the arrival of the steamer Ohio we have Havana papers up to the 27th ult.

The Diario de la Marina copies with evident pleasure and approval a letter written by Gen. Arista to a friend in Tampico and published in the Northern Republic of Mexico.

The account of the seizure of the "secret expedition" results at New York, had been received at Havana, and seems to have afforded relief to the inhabitants.

From Yucatan.—By the arrival, yesterday, of the schooner Two Brothers, Capt. Gutierrez, from Sisal, the 15th ult., we have Mexico papers up to the 14th ult.

On the 8th ult., the Indians attacked the whites at Valladolid about 4 o'clock in the morning.

The Indians still remain in the neighborhood of Dzoncau.

ARRIVAL OF THE OHIO.—The steamer Ohio left New York on the afternoon of the 29th ult.

Considerable time was lost at Havana, caused by the imposition of the quarantine laws, which subjected all vessels coming from New York, to eight days quarantine, which those from every other port in the United States, were admitted free.

Every letter and paper delivered from the Ohio, including the mails, were taken by a pair of tongs attached to a long pole, thrown upon the bottom of the boat, and sprinkled with lime water.

There were twenty-four passengers for Havana, amongst whom were a company of French and Italian artists for the Tacon theatre.

The English mail steamer "Thames," was met coming out from Havana, just as the Ohio went in.

Deducting time lost at Charleston and Havana, she has accomplished the run from New York to this port in eight days and a half.

Her engine works were tried but came before leaving, and she was, therefore, compelled to make an experimental trip around the bay and harbor of New York.

From Sandy Hook, she steered for the Gulf stream, which she followed far out from land in order to keep clear of the coast in case of storms.

Had she followed the usual track of the Charleston and Savannah steamers, she would have reached Charleston early Sunday morning, instead of evening.

Thursday night, and all day Friday night, she encountered strong easterly winds, accompanied with a heavy cross sea.

Passengers by the Ohio.—We are indebted to Purser Wm. W. Boyle, for the following complete list of passengers by the steamer Ohio, Lieut. Schenck, U. S. N., commander, 84 days from New York, via Charleston, Savannah, and 51 hours from Havana.

MAINE.—The Augusts Age of the 20th claims that Dr. Hubbard (deceased) is elected Governor by 1200 majority over "No Choice," that the Senate stands 11 whigs, etc., to 14 democrats, 1 doubtful, (Piscataquis Co.) and 4 vacancies to be filled when the Legislature meets.

To the House 57 democrats to 50 whig and free-soil Representatives are elected—yet to come in. Of course, remarks the New York Tribune, Hamilton Hamlin will be re-elected Senator, or if a change is made it will hardly be for the better.

The 19 whigs and 23 plantations not yet returned gave Cass 1856—Taylor 813, Van Buren 369 votes.

The annual election takes place in Georgia this day for Governor and Legislature. The Congressional Sections were held last year.

ELECTION OF JUDGES IN TEXAS.—It appears from the returns of the elections that a majority of nearly two-thirds of the voters of Texas voted in favor of the amendment of the Constitution, for the people to elect their Judges.

MARSHVILLE.—The Democratic Convention has nominated George S. Bowtell for Governor, and H. W. Cushman for Lieutenant Governor, and passed a resolution on the slavery question, declaring that opposition to the extension of slavery is "as universal as the North as to belong to no party; being held in common by nearly all men north of a sectional line, while they are repudiated by most men south of that line, and therefore cannot be made a national party test."

MICHIGAN.—The democrats of Michigan have nominated John S. Barry as their candidate for Governor. The free soilers have nominated F. J. Littlejohn. There is no whig candidate in the field yet.

THE ACCOMAC RESOLUTIONS RE-AFFIRMED.—The citizens of Accomac county, Va., have held a meeting and re-adopted their famous resolutions upon which Col. Estlin commented so largely in his speech in Massachus.

From Maine to New York, the steamer, a piece which will be sent to the States, is expected to arrive in New York on the 10th inst.

Wm. H. Crawford has accepted of the appointment to deliver the Anniversary Oration before the Literary Societies of Oglethorpe University, Geo., on Commencement day, Nov. 14th.

FATHER MATHEW'S WREATH.—Father Mathew on Monday before last was at Lynn, and on Tuesday at Newburyport; on Wednesday, Thursday and Friday, at Providence; on Saturday, Sunday, Monday and Tuesday, he was at Fall River, and on Wednesday, the 26th ult., at New Bedford.

THE COMET TO LYONS.—On the 8th ult., Mr. Saltman, the clerk of the steamer Jeff Davis, published a card stating that Mr. Heubert, the recently appointed Consul to Lyons, had travelled on the Davis and failed to pay his passage.

RECEIVED.—Friday, Sept. 12, 1894, from James Heubert, the sum of \$1000, being the amount of his passage, per steamer Jeff Davis, from Louisville to this place. E. W. HALEY.

CONVENTION OF GERMAN AMERICAN CITIZENS.—Last Thursday week a Convention of Delegates of the German patriotic Associations of the States of Virginia, Indiana, Maryland, Pennsylvania, New York and Massachusetts, was held at the Shakspeare Hotel, New York, for the purpose of forming a Universal Patriotic League, in order to co-operate in the support of patriotic measures.

INDIANS IN TEXAS.—At the close of an article on the Indian incursions on our southwestern frontier, the Houston Telegraph gives the following warning to the United States Government: "We warn the officers of the General Government, that unless the Indians are effectually restrained and prevented from making further incursions upon our frontiers, that an Indian war will soon break out in Texas that will be tenfold more disastrous than the late war in Florida. If the Cabinet at Washington continues to treat the events of Indian depredations on our frontier with contempt, and neglects to furnish the frontier protection required, it shall ere long be called upon to answer for the blood of murdered citizens, poured out like water to glut the vengeance of savages."

LETTERS have recently been received from the Rev. Mr. Roberts, the Superintendent of the Methodist Episcopal Mission in California, which state that the field of Missionary labor promises to yield an abundant harvest. A church has been taken from Oregon to San Francisco, and another shipped from Baltimore, under the charge of the Rev. Mr. Taylor, to be up on the Sacramento.

THE CASE OF THE STATE vs. J. Humphreys, for the killing of Dr. T. Moore, was investigated at the last term of the Superior Court of Talbot county, Ga., at Jacksonville, and a verdict of justifiable homicide rendered. It will be remembered that the deceased charged the accused with having written an anonymous letter, which the latter denied, and an affidavit ensued which ended in the death of Dr. Moore.

THE peach season at the north has just ended. The trees in New Jersey and Delaware have not yielded so well as formerly. Large supplies were taken to New York from New Brunswick. Notwithstanding the failure in certain localities of New Jersey, some of the farmers of that State have netted from \$1500 to \$2000 by their trees.

Money does not appear to be so scarce in Russia as British writers pretend. The Bank being short of bullion lately, the Emperor ordered some sent to him from the fortress. Five millions of roubles were forwarded under guard. This act, among other things, established the fact that there remained in the vaults of the fortress of Peter and Paul, after the removal of the five millions, 101,528,555 roubles. Not a small sum to be sure. A rouble is worth about fifty-seven cents.

STREET PREACHERS.—The Mayor of Pittsburgh lately ordered the arrest of three street preachers, Messrs. Barker, Kirkland and Sharp, for obstructing the business highways, drawing together disorderly crowds, and thereby making themselves a "common nuisance."

A woman's afflictions are not her own, Mr. Smithers. "I am well aware of that; but they are any body's afflictions that she would ask for them."—Smithers' Journal.
