WINER'S
CANADIAN
VERMIFUGE
A CERTAIN
REMEDY FOR WORMS.

THIS VERMIFUGE will always expel Worms in from two to Four hours after being administered; it is also safe in its operation, and more speedy than any other.

WINER'S VERMIFUGE has now stood the test of several years, and been proved superior to any and all preparations for similar purposes; it is certain to expel Worms, whether they be of the Tape Worm or Pin Worm kind. It CANNOT FAIL. The most obstinate cases yield to it. It is not necessary that we are warranted to being, and then facts will prove. No one who has used it will ever use any other. They know it can be relied. Many have written several weeks when the agent has been out, and he could not procure a new supply. And many have written to us, saying they would not be without it for any consideration, if they could not procure a new supply. And we have yet to learn of the first case where it has failed to expel the worms, however large or numerous they may be. Let it be remembered that it is the only article that can be warranted upon.
