We received a visit from Mr. J. M. Allison, yesterday. He reports that the corn crop in his neighborhood has been damaged by worms to such an extent as to make it necessary to replant. He says he never knew them to be so destructive as they are this year.

The Racket Club gave another *travé* last Monday night.

Any one having stock sheep for sale will find a cash purchaser by inquiring at the store of Mr. J. Cahier. See advertisement.

Are you going to the picnic to-day?

Strangers, and persons at a distance, desirous of obtaining any information concerning the various hotels in Covington, are respectfully referred to our advertising columns.

Visitors are coming to Covington earlier this season than usual. The steamer *New Camelia* brings a number over every trip, some to remain, others in search of suitable places to rent, where they can spend the summer with their families, and enjoy the comforts of a home. We predict that in a very short time there will be no houses for rent in Covington.

The Courthouse fence presents a very pure, innocent appearance, owing to its having recently been repaired and whitewashed. The banquette in front (we mean the *banquette* planks along the sidewalk, with gapping, dangerous crevices between them, suggestive of a broken leg or a sprained ankle) should receive the immediate attention of the "proper authorities."

The Cabinet has decided to hold the English Government responsible, if Sitting Bull is allowed to fit up in English territory for a campaign against our frontier.

Under the new Maine law, the Governor will get only \$1500 a year. The highest salaries paid to the Supreme Court Judges, but the sum is only \$1000 a year.

A little girl was asked by her mother, on her return from church, how she liked the preacher. "I didn't like him at all," was the reply. "Why?" inquired her mother. "Cause he preached till he made me leepy, and then hollered so loud he couldn't let me go to sleep!"

In Paris a girl is expected to bring her parents a good round sum at marriage, and the people of that country are indignant and horrified when told that in America daughters are given away in marriage, as though the parents considered them worthless trash.—Ex.

Diamond dealers in New York loan dazzling displays of gems to ladies secretly engaged in the trade, that they may wear them at parties, and thereby induce other envious ladies to worry their husbands into buying outfits equally costly.

"All of religion is in the doctrine, 'Thou shalt love thy neighbor as thyself.' There is peace in it, international, civil, domestic and personal; there is endless co-operation in it—righting of wrongs, healing of burdens, healing of the wounds, comforting of sorrows, forgiving of injuries and atoning of sins. Happy industry is in it—free interchange of the commodities of earth; liberal constitutions; wise and humane laws; free States and united people."

PINE ISLAND GUANO AND AMMONIATED PHOSPHATE.—These fertilizers are placed before the people of this section for the second season, this year. The manufacturers of these articles have had such satisfactory results from them in the past, that they claim their fertilizers as being the cheapest and best in the market for the money, a claim which is well sustained by first rate testimonials from those who are engaged in the cultivation of such crops as need continuous stimulants to force a rapid growth. The company, through their agent, Mr. Hugh W. Montgomery, 169 Common street, New Orleans, are offering these fertilizers at the low rate of \$10 per ton, which they claim makes it the cheapest fertilizer in the market. All particulars furnished upon application to him as above.
