ROGERS'

CELEBRATED **LINIMENT.**

The most remarkable curative discovery ever made in any country. A Liniment
 that penetrates the muscle, breaking and tissue to the very bone itself; curing
 disease; causing pain with a power that is astonishing in the extreme.
 The Proprietor of **ROGERS' LINIMENT** has been using it for the last twenty-five
 years, and the numerous certificates attached thereto will testify to its curative
 powers. It was just being started at the breaking out of the late war, and the
 Proprietor being entirely broken up, such is just now getting it revived, and it
 only needs a trial to insure success.
 No Farmer or Owner of Stock should be without a supply of this truly valuable
 medicine. It is the only medicine now in use that will permanently cure that fatal
 disease among cattle, called "milk fever." **ROGERS' LINIMENT** has never failed
 to accomplish a speedy and permanent cure; it also prevents Fives and Gums from
 rotting Animals. It is the greatest destroyer of red bugs ever offered to the
 public, and will not injure Furniture; on the contrary, will cleanse and put a
 gloss on it equal to a coat of varnish.
 The Proprietor of **ROGERS' LINIMENT** does not claim that it is a cure all, but does
 claim that it will cure any and all of the diseases mentioned; also do just what it
 is represented. It is the best article in the world for cleaning Cuts, Listers,
 knives, etc.; for taking rust off anything, and preventing anything from rusting
 on which it is used.

 before one bottle was used she was able to get up without help, and was cured
 sound and well, and is now as fat and fine as any cow in his stock.
