

THE TIMES-DEMOCRAT

The New Orleans Democrat and New Orleans Times, Consolidated December 1, 1881.

A representative newspaper must find its way into every fireside around which cluster the most ordinary intelligences. Is there any question in the mind of the people living in the Southern and Gulf States that the Times-Democrat is that paper; that it embodies all the elements and possesses all the qualities that they can reasonably expect to find in a favorite journal?

The enterprise, push and progress of the New Orleans Democrat during the past eight months have become proverbial. No journal published in the South has made such progress in the same period of time. The New Orleans Times has been for many years recognized as one of the leading journals in the country.

The consolidated issue, THE TIMES-DEMOCRAT, will embody the best elements, the highest virtues of both. It will simply be, without question, the ideal paper of the business man, the mechanic, planter, farmer, the family, the people of all classes and conditions. It is waste of time to enumerate the excellencies of its issues. It is the embodiment of the modern newspaper. Every department of it has been raised to the highest standard. The Daily or the Weekly Times-Democrat should reach every place of business and every home in the Southwestern and Gulf States.

The subscription rates for this Daily are as follows, payable in advance: One year (every day) \$12 Six months \$6 Three months \$3 One month \$1 Postage prepaid.

The rates for the Weekly are as follows: One year (Saturdays) \$1 50; Six months, 75 cents; three months, 50 cents. Postage prepaid.

The Weekly is never less than twelve pages in size, and is really the best and cheapest weekly paper published.

ST. TAMMANY PARISH.

ITS LOCATION—HEALTH—PRODUCTS—MANUFACTURING AND AGRICULTURAL ADVANTAGES, ETC.

St. Tammany parish is located twenty-two miles north of New Orleans. Covington, the county site, is ten miles further north, in the interior, and is delightfully located on the Logue Falia.

IMMIGRANTS,

with a small amount of capital and a fair supply of industry and perseverance, cannot possibly do better than locate in our parish. The climate is as fine as any in the world. The winters are generally mild, and snow rarely falls. Spring opens early in February, with blossoms on the peach and quince trees, and vegetation comes rapidly forward. The heat of summer is moderate, and the unfailing breezes of the evening refresh man and beast after the labors of the day.

THE SOIL

is very productive, and admirably adapted for raising sugar cane, cotton, oats, corn, rice, peanuts, etc. The vine is indigenous, and yearly bears large harvests of delicious fruit. Oranges, pears, peach, plums, quinces, figs and pecans thrive well.

CATTLE AND SHEEP

graze upon our pine lands throughout the year, and seldom are fed in winter, thus making St. Tammany the stock-growers' home. Farming and stock lands can be purchased at rates varying from \$1 to \$5 per acre, and Government lands to actual settlers.

WATER POWER.

There is an abundance of water power, already improved, inviting the attention of manufacturers. We have no doubt a small factory, such as already abound in Alabama and Georgia, for the purpose of converting our cotton crop into yarn, would prove a paying investment.

FIRE CLAY

is found in abundance, as well as clays suitable for pottery ware of the very finest texture, purely white, and free from sand or grit. Persons having a practical knowledge of such business would soon realize a fortune in manufacturing and shipping such wares to the New Orleans market.

MANUFACTURE OF GLASS

Sand suitable for the manufacture of glass is also abundant all along the banks of the Bogue Falia, above the town of Covington. It has been practically tested by Pittsburg manufacturers, and found to contain all the necessary properties to produce the finest glassware.

COVINGTON,

the county site, contains about eight hundred inhabitants, and is the best business point in the parish, commanding much of the trade of both St. Tammany and Washington parishes. The mail from New Orleans arrives three times a week, per steamer New Camelia, and there is some talk of building a telegraph line.

At present there is no mill or manufactory of any kind in Covington. Building sites for manufacturing purposes can be had on the most favorable terms, and every facility will be offered for immigrants to this parish.

To all honest and industrious immigrants who may wish to settle in St. Tammany, a hearty welcome is extended and protection guaranteed in their respective occupations.

Hack Line!
BY ROBERT BADON.

This old and popular carrier, connecting with the Steamer Camelia, at Mandeville, Madisonville and Old Landing, is carrying the U. S. Mail and thereby enabled to distance all opposition. Every one is treated courteously, and charges are uniform, and no delay on account of old horses and other vexation. Travelers desirous of speed and safety, will look out for Mr. Badon, COVINGTON, Sept. 15, 1877.

NOTICE.

Know All Men by These Presents: That I, the undersigned, EDWARD ANDERSON (reported dead,) do hereby protest against any one purchasing any of my property or effects, movable or immovable, offered for sale, either by my wife or any other person claiming a right to do so, on the presumption of my being dead. Signed, EDWARD ANDERSON, 221 Decatur street, New Orleans, La.
