ST. TAMMANY PARISH.

ITS LOCATION—HEALTH—PRODUCTS—MANUFACTURING AND AGRICULTURAL ADVANTAGES, ETC

St. Tammany parish is located twenty-two miles north of New Orleans. Covington, the county site, is ten miles further north, in the interior, and is delightfully located on the Bogue Falia.

IMMIGRANTS,

with a small amount of capital and a fair supply of industry and perseverance, cannot possibly do better than locate in our parish. The climate is as fine as any in the world. The winters are generally mild, and snow rarely falls. Spring opens early in February, with blossom on the peach and quince trees, and vegetation comes rapidly forward. The heat of summer is moderate, and the unfailling breezes of the evening refresh man and beast after the labors of the day.

THE SOIL

is very productive, and admirably adapted for raising sugar cane, cotton, oats, corn, rice, peanuts, etc. The vine is indigenous, and yearly bears large harvests of delicious fruit. Oranges, pears, peach, plums, quinces, figs and pecans thrive well.

CATTLE AND SHEEP

graze upon our pine lands throughout the year, and seldom are fed in winter, thus making St. Tammany the stock-growers' home. Farming and stock lands can be purchased at rates varying from \$1 to \$5 per acre, and Government lands to actual settlers

WATER POWER.

There is an abundance, of water power, already improved, inviting the attention of manufacturers. We have no doubt a small factory, such as already abound in Alabama and Georgia, for the purpose of converting our cotton crop into yarn, would prove a paying investment.

FIRE CLAY

is found in abundance, as well as clays suitable for pottery ware of the very finest texture, purely white, and free from sand or grit. Persons having a practical knowledge of such business would soon realize a fortune in manufacturing and shipping such wares to the New Orleans market.

MANUFACTURE OF GLASS

Sand suitable for the manufacture of glass is also abundant all along the banks of the Bogue Falia, above the town of Covington. It has been practically tested by Pittsburg manufacturers, and found to contain all the necessary properties to produce the finest glassware.

COVINGTON,

the county site, contains about eight hundred inhabitants, and is the best business point in the parish, commanding much of the trade of both St. Tammany and Washington parishes. The mail from New Orleans arrives three times a week, per steamer New Camelia, and there is some talk of building a telegraph line.

At present there is no mill or manufactory of any kind in Covington. Building sites for manufacturing purposes can be had on the most favorable terms, and every facility will be offered for immigrants to this parish.

To all honest and industrious immigrants who may wish to settle in St. Tammany, a hearty welcome is extended and protection and encouragement guaranteed in their respective occupations.

Ears for the Million!

Foo Choo's Balsam of Shark's Oil

Positively Restores the Hearing, and is the Only Absolute Cure for Deafness Known.

This Oil is extracted from a peculiar species of small White Shark, caught in the Yellow Sea, known as CHARCHARDON RONDELLETT. Every Chinese fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1410. Its cures were so numerous and many so seemingly miraculous that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for over 300 years no Deafness has existed among the Chinese People. Sent, charges prepaid, to any address, at \$1 per bottle.

HEAR WHAT THE DEAF SAY.

It has performed a miracle in my case. I have no unearthly noises in my head and hear much better.

I have been greatly benefited. My deafness helped a great deal—I think another bottle will cure me.

My hearing is much benefited. I have received untold benefit. My hearing is improving. It is giving good satisfaction. Have been greatly benefited, and am rejoiced that I saw the notice of it.

"Its virtues are UNQUESTIONABLE and its CURATIVE CHARACTER ABSOLUTE, AS THE WRITER CAN PERSONALLY TESTIFY, BOTH FROM EXPERIENCE AND OBSERVATION. Write at once to HAYLOCK & JENNEY, 7 Day street, New York, enclosing \$1, and you will receive by return a remedy that will enable you to hear like anybody else, and whose curative effects will be permanent. You will never regret doing so."—Editor of Mercantile Review.

TUTT'S EXPECTORANT

It is composed of Herbal and Mucilaginous products, which permeates the substance of the Lung, expectorates the acid matter that collects in the Bronchial Tubes, and forms a soothing coating, which relieves the irritation that causes the cough. It dissolves the lungs of all impurities; soothes them when inflamed by disease; invigorates the circulation of the blood, and braces the nervous system. Slight colds often end in consumption. It is dangerous to neglect them. Apply the remedy promptly. A test of twenty years warrants the opinion that no remedy has ever been found that has proved in its effects as TUTT'S EXPECTORANT. A single dose raises the phlegm, subdues inflammation, and its use speedily cures the most obstinate cough. A pleasant cough, which does not take it readily. For Croup, it is invaluable and should be in every family. In 25c. and \$1 Bottles.
