PRICE, COMPLETE, \$250. Including Saw Carriage, 18 Feet Long, and 2 Head Blocks.

The above cut represents "Coleman's PONY Saw Mill," without carriage, head-blocks or saw. These Mills are built entirely by us, at our Foundry, Factory and Machine Works, here in New Orleans, and are designed to supply the wants of planters in need of a mill for sawing fencing and building timber, simple in construction, strong and durable, and not requiring the services of a skilled sawyer to superintend the management of it.

This Mill will carry any size saw, from 36 to 52 inches, and do excellent work, and will cut from 1500 to 5000 feet of lumber in 10 hours, with a 10 Horse Power Engine.

Planters and Ginners have frequent opportunities to use a Mill successfully, and parties possessing steam power can ill afford to do without a Mill of this kind.

We carry a large stock of these Mills constantly on hand, ready for immediate shipment.

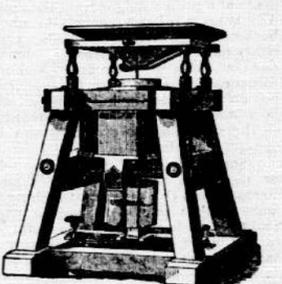

If customers prefer extra length of carriage, we will furnish same with track iron at the rate of \$2 50 a foot, and any particular make of Head Blocks at proportionate prices.

Our price, \$250, includes the Mill with all fixtures complete, except Saw and Driving Belt, delivered on boat or cars here in New Orleans. Weight of Mill, with Carriage and Head Block, 2500 pounds. Address.
