

St. Tammany Parish.

LOCAL ITEMS.

Wool has commenced to come in. Rice planting is about finished. Plums and berries are plentiful.

The Assessors are busy making out the tax list. The moon got full last night and didn't go home until morning.

District Court, jury term, will meet on the fourth Monday in June. There was a great scarcity of ice in Covington last Sunday and Monday.

The Council met last Tuesday night. See proceedings in another column. The Jury commissioners met last Tuesday and drew the jury for the June term of the District Court.

Sealed bids are invited for the building of an iron fence around the Courthouse yard. See advertisement in another column. Dr. E. B. Benton, a leading citizen of Honey Island, spent last Saturday in Covington and paid the farmer a pleasant visit.

With too much rain, it has come to pass, The farmers' crops are in the grass. About fifty deaths from sun-stroke occurred in the Northern cities last Monday. Come South if you want to keep cool and live long.

Skills are getting numerous on the Bogue Falls. A boat ride on the river in the cool breeze and away from the dust, is growing in popular favor. The trout in the artesian well basin at the Courthouse is apparently plentiful with its quarters. He gets plenty to eat, and will soon be fat enough to kill.

The indications are that we will have an unusually large number of summer visitors this year. Already the hotels are rapidly filling up, and vacant houses are scarce. Nearly everybody in town rode last Monday, except Von Bach, and he hasn't been living here long enough. He was out with the boys, however, and did a little scratching.

TIME TO SUGAR—Chemists say it takes more than twice as much sugar to sweeten preserves, sauces and the like if put in when they are cold to cook, as it does to add it after the process is accomplished. Mr. Milton Burns, a prominent planter and saw miller of the Second Ward, dropped in to see us last Tuesday. He says there has been too much rain in his vicinity, which has impeded farm work, and the crops are grassy.

A number of car trucks were shipped from here to Madisonville last Tuesday for the new railroad of Mr. W. T. Jay. The locomotive will arrive there in a few days, and soon her shrill whistle will reach through the plains, scare all the birds and wake the snakes.

Provisions and clothing are gradually advancing in price, along with cotton, wheat, and other farm products. As a natural consequence, the wages of skilled and common labor will have to advance in proportion, to keep pace with the good times coming.

The weather has been unusually warm this week, which caused some people to complain. If we are not mistaken, however, they did some complaining on St. Valentine's Day, on account of the ice and snow. It is a hard matter to try to please everybody. It can't be did.

Small-pox has appeared at Meridian, Miss., and in several other places. While there is no case in this parish, it would be a wise precautionary measure to have the children vaccinated. It can do no harm, and in case we had a visitation of the dread disease, it would doubtless result in much good.

Gov. Foster has not yet appointed a member of the Police Jury for the Fourth Ward, to succeed the late Mr. Zach Stump, who died last January, consequently the public roads and other affairs of that Ward are being neglected. This appointment should be made without further delay. We understand there are several aspirants for the position.

Among the improvements in progress or just completed, we note the following: L. Wehrli, two story building on Columbia street; Hardy H. Smith, two story building on Columbia street; Dr. J. F. Pigott, residence; Mrs. F. A. Guyot, residence; Chas. Frederick, residence; Ed. Frederick, residence; John Esterman, two residences, one completed, the other one going up. Covington is moving right ahead, in spite of the hard times.

Mr. Paul Gascon, our portly and popular friend, and surveyor general, paid us a pleasant visit last Tuesday. He denies the charge recently published in the Frankfort New Era, to the effect that he had been shot and instantly killed. He says it is not supported by the facts, and there is no truth in it. We thought as much at the time, and his numerous friends will be pleased to learn that he is still in the land of the living.

The curiosity of the day is the Centennial of Mr. J. Mumme's, that is soon to bloom. It is now 25 feet in height, and from all appearances it will be 15 or 20 feet higher. Believe me, friends and readers, it will be worth any effort to go to see it, for it will certainly surpass anything that has ever bloomed in our little town. If anyone wishes to see it in bud, it is just one block above the boat landing, on the banks of our enchanting little stream, the Tchoufouca river, and I am sure that Mr. Mumme and his amiable wife will be more than pleased to welcome anyone wishing to see this beautiful plant.

A LOVER OF FLOWERS. A switch engine collided with the engine of the Northeastern railroad train, in New Orleans, last Wednesday evening. Nobody hurt. The consequence was our East Louisiana train arrived two hours late, being delayed by the damage done the track by the collision.

PERSONALS. Miss Cora Green has returned from a visit of some duration to Mobile. Archie Smith, son of Alderman H. H. Smith, returned from Centenary College last Thursday. Revs. Joe Jones and W. T. Currie left last Thursday morning to begin a series of meetings in Slidell. Mrs. H. J. Smith and daughter Annie returned from Houston, Texas, last Wednesday evening, where they viewed the Confederate Veteran Reunion and enjoyed a few days' visit with friends.

Mr. Charlie Sanders left last Thursday morning to accept a position at Florville. Miss Emma Childress, after a few months stay in our town, left last Monday for her home in Nashville. The regret of her many Covington friends. Mr. and Mrs. W. B. Franklin accompanied her. Miss Louisa Weiss, who has been visiting her friend, Miss Selma Alexus, left for her summer residence in Waveland, Miss.

TWO MERRY MAIDS. Miss Cora Green has returned from a visit of some duration to Mobile. Archie Smith, son of Alderman H. H. Smith, returned from Centenary College last Thursday. Revs. Joe Jones and W. REMOVAL.—Mr. O. V. Richard has moved into the new store building on the corner of Columbia and Rutland street, just completed by Mr. L. Wehrli, and has fitted it up with a well selected stock of new dry goods and fresh groceries. He invites his friends and patrons to call on him at his new stand and inspect his stock. No trouble to show his goods, which he is selling at rock bottom prices.

FINE PEACH.—Mr. John Theobald presented us, last Friday, with the finest peach we have seen this season. It ripened May 29, and measured 7 1/2 inches in circumference. It was with a flaw, and of delicious flavor.

The grand Dramatic and Musical Entertainment and Ball, at the Iowa Hall, Wednesday night, June 25, by Covington Lodge, No. 121, Knights of Pythias, promises to be one of the finest events of the season. It is given for the benefit of their Castle Hall Fund, and there will doubtless be a large attendance. Admission, fifty cents.

Several communications are crowded out this week. They will appear in time. Rev. Joe Jones, who has been holding service in the Methodist Church for several days, left last Thursday. His meetings were well attended, and doubtless resulted in much good. The singing by the choir was an attractive feature of the meeting. Miss Rebecca Strain presided at the organ with rare grace and ability.

NO EXPLOSION.—We learn that the fatal accident at Mr. Jas Demourelle's saw mill was not the result of a boiler explosion. The boilers are in sound condition. It seems that the foreman, Mr. Chas. Tommer, was repairing some part of the machinery in the saw mill, when he was struck in the head with a piece of flying pulley, and from the effects of his injuries he died in a few hours.
