

LOCAL ITEMS.

Dr. Price's Cream Baking Powder

Covington needs a sash and door factory and planing mill.

Pratt's Food is a positive preventative of Hog Cholera.

The City Council met last Tuesday night. See proceedings in another column.

The weather cleared off on All Saints' Day, and has been delightful ever since.

Mr. W. C. Pharis, Parish Treasurer, is enlarging and improving his residence.

We have had several light frosts lately, but not enough to do any damage, except to young tomato plants.

If Dame Rumor is correct, the recent light frosts did no damage whatever to the prospective crop of orange blossoms.

Mr. Jos. A. Hincks and family, after spending the season at their charming summer home in Covington, have gone to the city for the winter.

Hall's Vegetable Sicilian Hair Renewer has restored gray hair to its original color and prevented baldness in thousands of cases. It will do so to you.

Wild turkeys, ducks, partridges, rabbits and squirrels were plentiful in the market last Monday morning. The hunters evidently had unusual good luck the Saturday previous.

Pratt's Food for Horses and Cattle is a preventive of disease. Take time by the forelock, and give it to them before they become diseased. It will keep them healthy, sleek and fat.

"The last rose of summer" will soon wither and die, but that won't make any material difference in this latitude, where we have roses all the year round.

Somebody should establish a canning factory here, in time for the spring crop of fruit and vegetables. Our farmers would keep it well supplied, and we believe it would be a profitable investment.

On Wednesday, Oct. 30, Mrs. Lottie Kennedy, wife of Mr. Valery Kennedy, who lives on Pearl River, gave birth to a boy baby whose right hand is located about one inch below the elbow.

Our planters are busy thrashing their rice. Our advice is, don't skip it while the market is flooded. The rice crop of the world is short this year, and in a short time prices are sure to advance.

B. Fellman, of 727 Canal street, is the sole agent in New Orleans for Dr. Jaeger's Ladies' Sanitary Underwear." Remember this when you go to the city, or write to him for prices.

Next Thursday, Nov. 14, at 8 A. M., there will be Solemn Requiem and Libera, at St. Francis Xavier's Church, in Madisonville, as a year's mind for Mary Deninger, late wife of Eugene Magnier.

The flourishing town of Hammond has recently been visited by two destructive fires, and now that cold weather is coming on, they are building an ice factory there. In the midst of their misfortunes, the enterprising citizens are disposed to "take it cool," no matter which way the wind blows.

Mrs. Emily Crawford, the well known Paris correspondent, on one occasion ran nearly a couple of miles in thin ball shoes through a blinding snow-storm in order to dispatch an important item of news to her husband's paper.

That's nothing. We have known people who actually waited two or three weeks, till they happen to meet us on the street, to give us an important local item.

Big Corn Crop.—Recent figures based on Government reports place the production of corn this year at 2,400,000,000 bushels. Iowa leads the list, Illinois second and Missouri third. There has also been an enormous yield of oats and wheat. If flour and feed are not cheap this winter, it will be the fault of the speculators and dealers.

Sore Throat. Any ordinary case may be cured in one night by applying Chamberlain's Pain Balm as directed with each bottle. This medicine is also famous for its cures of rheumatism, lame back and deep-seated and muscular pains. For sale by W. C. Heintz, druggist, Covington, and Dr. R. B. Faine, Mandeville.

FOR CORNER.—The announcement of Dr. C. Z. Williams, of Covington, as a candidate for Coroner, will be found in another column. Dr. Williams has been a resident of Covington for several years, and although comparatively a young man, he has succeeded in building up an extensive practice throughout the parish. His abilities for the position cannot be questioned, and if elected, he will discharge the duties of the office in a thorough and efficient manner. As a gentleman and man of honor he stands among the highest, and in his profession he ranks among the best and most successful, and the important and responsible office of Coroner could not be placed in better hands.

DANCE TO-NIGHT.—Remember the Mite Party and Dance to-night, at the Garden District School House, near the O'Heime place. A highly enjoyable time is assured to all who attend. The price of admission is only 10 cents, and the proceeds will be devoted to the worthy object of finishing the school building. There will doubtless be a large attendance, to enjoy the music, dancing, games, refreshments, etc.

Good SHOWING.—Mr. Burns, of Tangipahoa parish, who lives two miles west of Amite City, had an exhibit at the Florida Fair last week, consisting of 128 kinds of produce, all raised on his own farm. Mr. Burns came South a few years ago, and notwithstanding the fact that he was discouraged by everybody, and told that he could not raise this and that, he has demonstrated the fact that almost everything can be successfully and profitably grown here.

DANGEROUS.—A large crack made its appearance in the southeast corner of the Courthouse last week, extending over the front window of the office of the Clerk of Court. It is apparently caused by the settling of the foundations of the front part of the building. The general appearance of the structure is suggestive of danger, and it should be examined by an expert builder, and if necessary condemned, before a catastrophe occurs.

A COOK BOOK FREE.—"Table and Kitchen" is the title of a new cook book published by the Price Baking Powder Company, Chicago. Just at this time it will be sent free if you write a postal mentioning the St. Tammany Farmer. This book has been tried by yourself and is one of the very best of its kind. Besides containing over 400 receipts for all kinds of pastry and home cooking, there are many hints for the table and kitchen, showing how to set a table, how to enter the dining room, etc.; a hundred and one hints in every branch of the culinary art. Cookery of the very finest and richest as well as the most economical and home like, is provided for. Remember "Table and Kitchen" will be sent, postage prepaid to any lady sending her address (name, town and State) plainly given. A copy in German or Scandinavian will be sent if desired. Postal card is as good as a letter. Address Price Baking Powder Co., Chicago, Ill.

Our popular young friend Mr. Leon Roubion, and Miss Rachel Laborde, will be united in marriage at the Catholic Church, in Covington, at half-past 5 o'clock next Saturday afternoon, Nov. 16. No cards will be issued, but they extend a cordial invitation to all their friends to be present.

A statistician has made the notable calculation that in a program of twenty waltzes, four polkas and two quadrilles, a dance would cover close upon 12 miles.

Pratt's Food is purely vegetable, free from mineral or any injurious chemicals. There is a sworn affidavit to that effect in each bag and package.

DIED.—At Pearl River Station, Thursday, Oct. 31, 1895. Charles Augustus Porter, son of David A. Porter and Ellen P. Welsh, aged 18 years, 1 month and 20 days. He was loved by all who knew him, and his death will be universally regretted. May God be with his parents, who miss him so much. D. A. P.

AWARDED HIGHEST HONORS—World's Fair—DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE. A pure Grape Corn of Tarter Powder from Annona, Alum or any other adulterant. 40 YEARS THE STANDARD.

HOGS MUST GO.—The Council has instructed the Town Marshal to take up all hogs found running at large. It has been the custom of late years to let them come in to eat the acorns, in November and December, but they are so destructive to the streets and sidewalks, rooting up the ground for crab grass that it has been found necessary to put a stop to it.

Blank Citations, suitable for any Justice of the Peace Court in the Parish, for sale at this office. Price, 15 cents a dozen.

We are indebted to Mr. Jos. B. Lancaster, the efficient Deputy Clerk, for the proceedings of the District Court, which will be found in another column.

Rev. John T. Sawyer, P. E., of New Orleans, will hold service in Covington to-night, to-morrow morning and evening. Fourth Quarterly Conference will be held immediately after the Saturday night service. The public are cordially invited to attend.

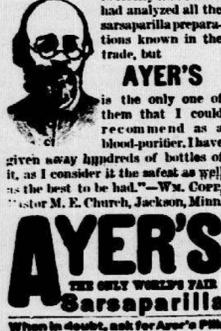

The Weather Bureau announces officially that the weather crop work of the cotton season closed Oct. 31 this year, instead of a month later as in former years. The excellent picking season for cotton, combined with the short crop, renders further cotton region reports of the temperature and rainfall unnecessary.

Pratt's Food is a sure cure for chicken cholera. It is entirely different from Pratt's Food for horses and cattle.

Michigan is said to be swamped under a phenomenal crop of potatoes. Many farmers put all their money in the tubers, for which there is no market.

The Only One To Stand the Test.

Rev. William Copp, whose father was a physician for over fifty years, in New Jersey, and who himself spent many years preparing for the practice of medicine, but subsequently entered the ministry of the M. E. Church, writes: "I am glad to testify that I have had analyzed all the various preparations known in the trade, but AYER'S is the only one of them that I could recommend as a blood-purifier. I have given away hundreds of bottles of it, as I consider it the safest as well as the best to be had."—Wm. Copp, Pastor M. E. Church, Jackson, Minn.

When in doubt, ask for Ayer's Pills

OFFICIAL DIRECTORY.

State Senator, 17th District.—H. C. Newson, Gretnoburg. Parish Officials. Representative, Jas. H. Murphy, Pearville.
