Below we print a telegram from Mr. W. W. Heard to Captain Pharr, in which the former gentleman calls upon the captain to correct a false statement he has been making on the stump in relation to the count of the vote in 1896.
Mr. Heard's statement is so concise, explicit and clean-cut that Captain Pharr ought certainly to comply or expose the original from whom he obtained his slander. But will the captain do it? We do not believe he will.

The whole of the Republican campaign is based on the story that the Democrats counted on Captain Pharr in 1896, and counted in Foster. This telegram of Mr. Heard knocks this canard in the head and there is a huge additional bundle of sticks in the coffin of the Republican canard.

MR. HEARD TO CAPTAIN PHARR.
Batop, La., March 23.—Mr. Heard several days ago refuted the statement of Captain Pharr that he had stated that he (Pharr) had been elected according to the tabulation made by the Auditor, but Captain Pharr has been reiterating the state-

Rousing Democratic Meeting

A large and enthusiastic Democratic mass meeting was held at the Courthouse in Covington, last Wednesday, including representative citizens from all parts of the parish. It was one of the finest gatherings ever held in Covington, and the best of order and good feeling prevailed throughout the meeting.

The meeting was held under the auspices of the Young Men's Democratic and Social Club No. 1, of the Third Ward.

Mr. Jos. B. Lancaster, the nominee of the Democratic party for Representative, called the meeting to order, and W. G. Kentzel, editor of the FARMER, was chosen Secretary.

Hon. J. M. Thompson, the Democratic nominee for District Judge, was called upon to explain the object of the meeting. He made an eloquent and forcible speech, and scored the trusts. He appealed to the young Democrats to listen to and heed the arguments of the speakers.

Judge J. H. Ferguson was the first speaker. The Judge paid high tribute to the many ladies present, and told many amusing stories in connection with the fusion ticket, that brought forth peals of laughter and cheer.

Mr. W. S. Frazee, the Democratic nominee for Auditor, was the next speaker. His talk was purely political and strictly on the issues of the day. He roundly criticized the Caffery ticket for its oligarchical make-up. Mr. Frazee championed the virtue of the Australian ballot system, challenged any one present to show fraud or contest since its adoption. Mr. Frazee told some anecdotes that greatly amused the meeting, and his speech was highly appreciated by the voters, who cheered him to the echo. At about 6 o'clock the meeting adjourned till 8 p. m., when the people again assembled and eloquent addresses were delivered by Hon. J. V. Calhoun, Hon. Milton Strickland and Hon. Jos. B. Lancaster. Their speeches were highly entertaining and instructive, and had the ring of true Democracy. Mr. Lancaster the Democratic nominee for Representative, made quite a hit, and was universally complimented on his fine address.

Each one of the prominent orators spoke eloquently upon the issues that confront the Democracy of this State, and convincingly showed the necessity for Democrats to remain united and in earnest ranks. Their remarks were given the utmost attention, and the frequent applause that was indulged in was conclusive evidence of the enthusiasm felt by the audience.

We would like to give the different speeches in full, but our limited space will not even permit a brief synopsis of each address. The meeting was unquestionably a Democratic triumph, in so far as moulding public sentiment along the lines that will lead to the prosperity and peace of the state, which means a continuation of Democratic management.

On Thursday the speakers proceeded to Mandeville and Mandisville, where they addressed large audiences.

Let Capt. Pharr Explain.
Below we print a telegram from Mr. W. W. Heard to Captain Pharr, in which the former gentleman calls upon the captain to correct a false statement he has been making on the stump in relation to the count of the vote in 1896.

Mr. Heard's statement is so concise, explicit and clean-cut that Captain Pharr ought certainly to comply or expose the original from whom he obtained his slander. But will the captain do it? We do not believe he will.

The whole of the Republican campaign is based on the story that the Democrats counted on Captain Pharr in 1896, and counted in Foster. This telegram of Mr. Heard knocks this canard in the head and there is a huge additional bundle of sticks in the coffin of the Republican canard.

MR. HEARD TO CAPTAIN PHARR.
Batop, La., March 23.—Mr. Heard several days ago refuted the statement of Captain Pharr that he had stated that he (Pharr) had been elected according to the tabulation made by the Auditor, but Captain Pharr has been reiterating the state-

ment, so Mr. Heard to-day decided to send him the following telegram: "Batop, La., March 23.—Captain Joo N. Pharr, Berwick, La.: I notice in the press report that you have repeatedly stated on the rostrum that you were reliably informed that I had tabulated the vote of 1896, and that such investigation showed your election. Now I do not believe you would purposely misrepresent me, and I wish to say to you that I did examine the sworn returns in the office of the secretary of state, which showed Governor Foster's election by over 20,000 majority, and, after examining the entire vote of all the parishes where in fraud was alleged, still the recollection by 7000 majority. This recapitulation was published in the Picayune at the time. I trust you will do me the justice to make a public correction of your former erroneous statement, and read this telegram or state its contents at your next meeting. W. W. HEARD."

Mr. Heard on the Stump.
The following extract from Mr. Heard's Donaldville speech, will be of interest to readers of the FARMER, in as much as it has been alleged that Mr. Heard, while a very good book keeper, was a man of entirely too small a head for Governor. We submit that these utterances stamps him as not only that of a level-headed book-keeper, but that of a statesman:

"My home is in one of the Northern most parishes of this State. I was born and reared among the hills of Union. I sprang from the ranks of the people and I think and feel with them as much to-day as I did when I was an humble worker in the ranks. The supreme honor which has been conferred upon me in selecting me as the nominee of the great and dominant party in this State for the office of chief executive has by no means separated me from them. My record as a public servant is spread upon the annals of the legislature, in the house and in the Senate, and in the history of my career as an auditor for eight years is equally open and patent to the public. Upon that I stand and invite searching investigation, and challenge public criticism. When elected I shall endeavor with all the power that is within me to so administer the great trust as to merit the approval of the great body of the people of my State. When I was a child I was taught at my father's knee the truth that the spirit of Democracy opens its arms alike to the rich and the poor, and one of its chief glories which to-day should commend it to the hearts of our youth is that all of its honors are within reach of the humblest citizen who demonstrates his worthiness. All of my life I have fought the battles of Democracy, and I expect to be in the front ranks the balance of my days. I shall strive in season and out of season to uphold and maintain the supremacy of Democratic principles, believing, as I do, that they more nearly represent the best interests of the people of this republic and especially of Louisiana, as I understand it, is "Equal and exact justice to all men; peace, commerce and honest friendship with all nations; entangling alliances with none; the support of the State government in their rights; the preservation of our general government in its whole constitutional vigor, as a shield against our peace at home and security abroad; a jealous care of the right of election by the people, and an absolute acquiescence in the decisions of the majority." These maxims I have taken and always expect to take as my charter and law book. The conduct of local affairs and appointment of local officers I shall endeavor to leave as much as possible with the home people, so far as the same may be consistent with the public good and public service, and while in the warmest corner of my heart will always abide the truest memories of my home among the hills at the spot where my boyhood was spent and where rest and ashes of those near and dear to me, yet in the wider sphere of public life at the capital I have been taught a deeper and wider love for our whole State and for all its people, until I can to-day say there is no North or South Louisiana, but only one commonwealth, bound together by the common ties, mutual interests, and if I can by my efforts as chief executive of this great State do aught that would strengthen those ties, that would bring each and every part of the State into closer contact with the other and promote the common good and love for our great commonwealth, it would be to me as great a success as any of my pleasures as well as a duty.
