**A Great Sunday School Tour**  
The International Sunday School Executive Committee has planned a great Sunday School Tour which extends across the continent. Five practical Sunday School specialists start in Virginia in February, and visit eighteen States, closing their work in Kansas after having been to the Pacific Coast. This involves over 10,000 miles of travel for each member. The entire party will be present at our State Convention at New Orleans, March 12-14. It will be a rare opportunity for the Sunday School workers of our State and it is expected many delegates will be present. For information address, R. H. Browne, 531 Natchez street, New Orleans, La.  
The Chicago Law Journal says that a certain doctor had occasion, when only a beginner in the medical profession, to attend a trial as a witness. The opposing counsel, in cross-examining the young physician, made several sarcastic remarks, doubting so young a man to understand his business. Finally he asked: "Do you know the symptoms of concussion of the brain?" "I do," replied the doctor. "Well," continued the attorney, "suppose my learned friend, Mr. Bagin, and myself were to bang our heads together, should we get concussion of the brain?" "Your friend, Mr. Bagin, might," said the doctor.

There is no denying the statement that the South is the land of promise today. The fact that thousands of letters from investment seeking capitalists are received in every mail that comes into wide-awake Southern towns is significant of this golden truth. Ante-bellum property awaits at the threshold of a new century. But the flood of capital to invent will only reward those towns and communities that display grit and vitality and energy and ambition enough to reach after and encourage it. — Eliville News.

**Examination of Teachers**  
STATE OF LOUISIANA,  
Department of Education,  
Baton Rouge, January 23d, 1901.  
To Parish Superintendents of Public Schools:  
In accordance with a regulation adopted by the State Board of Education, there will be in all the parishes an examination of white applicants for certificates to teach in the public schools of Louisiana, on Thursday, the 11th, and Friday, the 12th of April next; and colored applicants, on Friday, the 18th of the same month. Superintendents should give timely notice of this examination through the official organs of their parishes; they should also make known that no other examination can be held until October of the present year. It is expected that lists of qualified applicants will be made from the results of these examinations to meet the demand for teachers, at least until the next trial. The certificates to be obtained by the tests will be of the first, second, or third grade, and will be upon the branches of knowledge enumerated in sections 47, and 48 and 49 of Act 81, session 1888, and in addition to these, on pedagogy, school government, and the effects of alcohol and narcotics upon the human system. A special examination upon studies pursued in High School will be held for the benefit of applicants for those certificates. One set of questions will be submitted as tests for certificates of the second and first grades; eighty per cent of correct answers being required for a first grade certificate, and seventy per cent for a second grade certificate. The simplicity of the examination for a third grade certificate, as laid down in the law, should confine it to colored applicants. Certificates of the first grade issued after this examination are to be valid for three years; those of the second grade for two years; and those of the third grade for one year, and all certificates so obtained are to be recognized in every parish of the state. The questions to be given will follow closely the text-books authorized by the State Board of Education. The elements of Pedagogy, and School Management by Emerson E. White are commended to those who intend to compete. Algebra, Geometry, Botany, Advanced Literature, and General History will form special subjects of examination for those who apply to teach these branches in Academies or High Schools. Special certificates so given are to be good for three years, and of value throughout the State.

The attention of superintendents is directed to the neglect of many teachers to keep records of the admission, attendance, and progress of their pupils. Every principal should keep an Annual Register, in which should be recorded the names of the children, the dates of their admission, their ages, the names, residences and occupation of their parents or guardians, also a daily record of the number present and absent; and record of the work of each pupil, from which reports are to be made for the parish superintendent. Respectfully,  
J. V. CALHOUN,  
Superintendent.

**Important to License Payers.**  
The Sheriff and ex-officio tax collector of this parish give notice to all persons subject to the state and parish license tax, that these licenses must be paid by the 1st of March, and that it will become his duty to furnish a list of all delinquents on that day to the attorney who is appointed to enforce the payment of licenses by legal process. Special instructions have been issued by the state auditor of public accounts to the effect that the requirements of the law relative to license collections must be strictly observed, and that the practice heretofore pursued in many parishes of extending the time for payment will no longer be countenanced. Sheriff Brewster asks all persons in interest to take cognizance of these instructions and govern themselves accordingly, as he has no discretion in the matter and will be compelled to treat all delinquents alike.

Sheriff Brewster has received his license tags for vehicles, all owners of vehicles, including bicycles, must pay this tax and obtain their tags by the 1st day of March, otherwise they will be subject to a fine of not less than \$5 00 nor more than \$15 00. The per capita tax must also be paid by the 1st of March, to avoid penalties and costs. See notice in another column.

Congressman Roberts, in connection with his work as a committee man, recently discovered a forgotten room in the capitol, back of statutory hall. It was full of old books, and during the civil war was used as a hospital. An old stove and some cleft wood were found, just as they were left over thirty years ago. A soldier's coat, full of dust and moth-eaten, hung on the gas jet. The air was stifling and the lock on the door had almost rusted off.

Henry A. Little was born fifty years recorder of Madison county. The lawyers thereabout say that no encyclopaedia of legal doings in the county could be more valuable to them than Mr. Little's wonderful retentive memory.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonials of Mr. C. D. Glase, an employe of Barlett & Dennis Co., Gardner, Mo. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drugstore of Mr. Houlban and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money, if it was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines."

The greatest danger from colds and the grippe is their resulting pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. It will cure a cold and an attack of the grippe in less time than any other treatment. It is pleasant and safe to take.
