The charter of the Stidell Improvement Company is being published in the Slidell News. Capital stock \$25,000. Mr. B. M. Miller, of Covington, is President.

The Mississippi river has risen to the danger line, and there is serious apprehension of a disastrous overflow. Two breaks occurred in the Bayou Lafourche levee last Monday, causing considerable damage.

Master Eddie Kimble, the bright son of Mr. D. E. Kimble, is learning "the art preservative of all arts," in the FARMER office, and may some day become a great editor, capitalist and public benefactor.

E. RICHARD.

Another big rise in the river occurred last Sunday, the water rising to the roof of the warehouses on the wharf, and over the floor of iron-wooden bridge, which shut off travel by vehicles to Covington from the east side. The water fell rapidly, and by Monday afternoon vehicles crossed the bridge. The approaches, however, are in a very bad condition, especially from the east side.

There is a growing demand for houses for rent, although the summer season has not fairly opened. A number of new ones are being erected, but they are usually engaged before they are completed. Covington is fast becoming the most popular resort for residents from the Crescent City.

#### Card of Thanks.

I desire to express my sincere thanks and appreciation to all of our kind friends, who were so thoughtful and attentive to my wife during her last illness.  
V. H. FREDERICK.

### Bogue Falaya Club.

The Bogue Falaya Club had a grand opening in their new building, on New Hampshire street, last Saturday night. The building is a handsome structure, and cost about \$3000, fitted up with modern fixtures, and is in one of the prettiest locations in the town. The building is lighted with electric lights, has fine bath-rooms, pool and billiard tables, the latest magazines, periodicals, etc., always on the place. Porter in charge.

Mr. Harvey E. Ellis suggested a toast to the Bogue Falaya Club which was responded to in an eloquent address by Judge Jas. M. Thompson, and many toasts followed. Delicious champagne punch and cigars was served freely.

The Club intends giving a reception and dance to their friends in the near future.

This Club is composed of the leading citizens of the town, and its object is the encouragement and regulation of social intercourse and amusements among its members. Its aims are highly laudible, and will doubtless result in much good to the town, promoting a spirit of enterprise and cementing a feeling of good fellowship that cannot but redound to the credit of its members, individually and collectively. We wish this model Club a long and prosperous career.

The rise in the river last Sunday caused the destruction of the bridge over the Bogue Falaya, leading to St. Joseph's College. It was the property of the College, and had just been completed and painted. The loss will amount to about \$300 00.

Dr. J. O. Flower, a prominent citizen of Pittsburg, Pa., and owner of "Fairview," on the Tebe-functa River, opposite New Covington, arrived last Monday, and paid us a pleasant visit. Dr. Flower is a great admirer of Covington and vicinity. He has greatly improved Fairview, one of the most charming spots in the parish, and he has more extensive improvements in contemplation. He and his son are stopping at Claiborne Hotel. Men of his intelligence and enterprising spirit are always welcome here.

Fairview is being placed in first-class condition, has a fine flowing well, large stables, fine oak trees and extensive pastures. Mr. F. B. Martindale has charge of the renting of the place, and can be found at his office in the Fredrick Building.

The attorneys of Crowley have decided that progressive euchre is not gambling, and that those who indulge in that game cannot be prosecuted under the city ordinance against gambling.

#### WELL AGAIN.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this ointment affords is alone worth many times its cost. For sale by V. H. Frederick, Druggist.

### Working Men Attention.

#### GRAND FREE LECTURE.

Are you tired of serving a master, or would you like to have a say which way the government should be managed? Are you tired of poverty, or would you like property for all? Are you satisfied to struggle for a mere existence and have capitalists reap the benefit of your toil? Are you willing for the capitalist (a class that consider you no better than a slave) to get four-fifths of your labor while you get one-fifth? Socialism will change the present state of affairs. Come and hear the free lecture to be delivered by John G. Chase, Shoemaker Socialist, ex-mayor of Haverhill, Mass. He will enlighten you on Socialism. He will explain the difference between Socialism, as presented by the daily papers, (capitalist papers,) and capitalism. Lecture will be under the auspices of Covington Socialist Party.

Don't miss the chance of enlightening yourself on one of the most important questions of the hour. Bring the ladies along, as it will interest them as much as you. Don't forget the time and place. Next Friday, March 20, 1903, at the pavilion, in Covington, at 8 P. M.

In another column will be found a circular letter from Commissioner J. G. Lee, urging the formation of Progressive Leagues for the purpose of encouraging immigration to this State. Organization and co-operation on the part of our business men and commercial interests would work wonders for our town and parish.

There are now scores of manufacturing enterprises seeking locations in the southland, and the combined efforts of our business men will speedily convince them of the many superior advantages possessed by Covington.

We call the attention of our business men to this important matter, and they will doubtless realize the necessity of prompt action in order to keep pace with this progressive age.

#### COLOS ARE DANGEROUS.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by V. H. Frederick, druggist.

Flowers and advanced vegetation in our region, give promise of an early spring.

Gov. Heard has addressed a strong circular letter to the Presidents of Police Juries in the several parishes urging them to appoint from one to three delegates to the National Good Roads Association, which is to hold its meeting in St. Louis from April 27 to May 2, and announcing that he will select twelve delegates to attend said meeting. The railroads, it is understood, will give the delegates to this meeting reduced rates. Delegates are requested to communicate with Hon. John Dymond, at Belair, La., who is President of the State Good Roads Association for further particulars.

#### The Lawyer's Story.

The writer was told a good story a short time ago by a well known lawyer in regard to another equally well known lawyer.

"Jackson's mind," said he, "is so well stored with amusing tales and experiences that nearly every time he rises to argue a point at issue between himself and opposing counsel he makes use of them, to the vast amusement of everybody.

"Once he and I were together in a case, and he got in a strong answer to a point a lawyer on the other side had made.

"The gentlemen of the jury," he said, "must not place too much faith in what my friend on the other side says. If they knew him as well as I do, they would see as well as I do that when his mouth opens his brain ceases to work. I can only compare him to a little steamboat that used to run on the river Clyde. It had a five-inch boiler and a seven-inch whistle. The effect of this was that when the whistle blew the steamboat stopped.

Jackson won his case."

#### Mrs. Mattie L. Frederick,

Darling Mattie, she has left us.  
Left us, yes, forevermore;  
But we hope to meet our loved one  
(On that bright and happy shore.

Peace, strength, affection calm,  
Were all united in her heart;  
Her smiles were love, her words were  
balm,  
To all who in her life had part.

How will her friends weeping walk  
That path of duty she has trod,  
Unless her shining footsteps mark  
The way that leads to heaven and  
God.
