### The New Version.

An Oklahoma poet has improved on poor Ricard. He says: "Early to bed and early to rise Does very well for sick folks and guys.

But it makes a man miss all the fun till he dies, And joins the stuffs that have gone to the skies.

Go to bed when you please, And lie at your ease, You'll do just the same with some Latin disease."

Uncle Sam has more than one string in his bow. Whether it becomes necessary to build the Panama canal without a treaty, or for two Colombian states to secede, the United States will have a causal.

### CHOLERA INFANTUM.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by V. E. Frederick, druggist.

Consul Thornwell Hayes reports from Rouen, May 13, 1903, as follows: It is stated at the Villejuit slaughterhouses 23,000 horses are killed annually and at Pantin 7,500, making a total of 30,500. Of this number 10,500 are consumed in the environs of Paris, leaving a consumption of 19,500 in the city itself. The average weight of each horse is said to be 551 pounds. One third of this, however, is composed of bone and sold as waste, at 77 cents per 440 pounds. There remains, therefore, about 368 pounds of marketable meat to each horse, which would give a total consumption of 7,178,177 pounds annually.

Indiana has just acquired a forest reserve of 2,000 acres. On this tract will be grown under the supervision of forestry experts and will be distributed throughout the state as soon as they are large enough to set out.

A New York farmer recently took in and cared for a stray dog. A few days later the farmer was attacked by an angry bull. The dog seized the bull by the nose and hung on till help came, saving his owner's life.

### VERY REMARKABLE CURE FOR DIARRHOEA

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea" says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by V. E. Frederick, druggist.
