To account for the great theory heretofore credited with being responsible for yellow fever and to appear consistent, our friends of the medical profession have discovered the germ and connected it with the mosquito. It is a good thing that the germ transmits to the stegomyia and the latter to humanity, as were both to work independently the human race were doomed. The doctors have doted that germ into the mosquito most skillfully.—Baton Rouge Truth.

A JUDICIOUS INQUIRY.

A well known traveling man, who visits the drug trade, says he has often heard druggists inquire of customers who asked for a cough medicine whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger in it, and for coughs, colds and croup it is unsurpassed. For sale by Jos. S. Claverie, Druggist.

The announcement that President Roosevelt would come to New Orleans on October 26 was received with pleasure by all the people of the city. It was the general belief that the visit of the President of the United States at this time would do more to disabuse the people of other sections of the country of the exaggerated idea which they have of the dangers attendant on the presence of yellow fever.

Irish miles are longer than American miles; in fact, eleven of them make fourteen of such as are measured in this country. American travelers soon find this out, and if they are disposed to complain of the character of Irish roads, they learn that the Irish think it very unreasonable of the stranger to expect both quality and quantity. To one such grumbler the answer was: "If the quality is inferior, we give you plenty of it, anyhow." To another visitor who complained of the narrowness of the road, the retort was: "Well, what ye lose in breadth ye gain in length."

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Jos. S. Claverie, Druggist.

U. S. Land Office, New Orleans, La., Aug. 7, 1905.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, under section 2301, R. S., and that said proof will be made before H. R. Warren, clerk of court, at Covington, La., on Monday, Oct. 30, 1905, viz:

JAMES LOSSET.
Who made homestead entry No. 25,587 for the northwest quarter of section 4, township 6, south of range 10, east, St. Helena meridian.
He names the following witnesses to prove his continuous residence upon and cultivation of said, viz: Oliver Meyers, J. L. Bernard, George Core and Nea McKen, all of Alma P. O., La. 1915-2m. WALTER L. COHEN, Register

Many Millions For Water

Los Angeles, Cal.—In an effort to obtain an unlimited supply of pure water for all future needs, Los Angeles is about to begin work on a system which from an engineering standpoint will be of greater magnitude than any similar work in the world. The only system which approaches it is the Croton water supply, of New York, but difficulties will be encountered such as do not exist in New York.

The scheme is to bring mountain water from Owens lake and river in Inyo county, across deserts, through mountains and across plains, a distance of 240 miles, and give Los Angeles a supply sufficient when the population reaches the million mark.

Engineers have estimated that the cost of the work will exceed \$25,000,000. City officials have secured options on Owens lake and a part of the river draining it. They have made a survey of the line and induced the national government to abandon the project of making Owens lake the center of the national irrigation district.

The survey shows that all water can be conveyed by gravity. Nearly 30 miles of tunnels will be necessary.

The Bright Side of Things

There is good in everything. A man may be ever so bad and yet have good teeth.

The skinniest pig that ever rooted in the ground will make good soap grease. The toughest steak can be ground up in a meat grinder, disguised with spices and things and made into mince pies.

Even dyspepsia, that awful curse of humanity has its lighter side. It saves grub.

The man who has two mothers-in-law may take heart of hope, for he might have had three or four or half a dozen.

The married man can be truly thankful that he is not single, and the single man thankful because he is not married. There is room for rejoicing on all sides.

The man who is alive should be thankful that he is not dead, and the dead should be thankful that they don't have to pay rent for their tombs.

Let the fat man rejoice that he is no fatter than he is, and the thin man sing because he has skin and bones left.

If it rains, be glad the rain isn't bricks. Show your teeth most of the time and you will soon find life one long jag of joy.—Ex.

"Now, Tommy," said the teacher, "you know we have paper money and gold in this country." "Yes'm" replied Tommy. "Well, tell me where do we go to exchange our paper money for gold?" "To the dentist's ma'am."

FRIGHTFUL SUFFERING RELIEVED.

Suffering frightfully from the violent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. See at J. L. Watkins, City Drug Store, and Jos. S. Claverie, Druggist.

Notice of Contest.

Department of the Interior,
United States Land Office,
New Orleans, La., Sept. 19, 1905.

A sufficient contest affidavit having been filed in this office by John J. Coyne, contestant, against homestead entry No. 33,324, made August 1, 1901, for the southeast quarter of the northwest quarter, section 6, township 6, south range 11 east, St. Helena Meridian, by Joseph J. Love, Jr., contestee, in which it is alleged that Joseph J. Love, Jr., never resided upon said land, and never made any improvements upon same, that at the time he made said entry, said Joseph J. Love, Jr., resided at Abi a Springs, that he left there in September or October, 1901, and did not return, and that his absence was not due to his employment in the army or navy of the United States, said parties are hereby notified to appear, respond and offer evidence touching said allegation at 9 o'clock a. m., on Monday, Nov. 6, 1905, before H. R. Warren, Clerk of Court, at Covington, La., and that final hearing will be held at 10 o'clock a. m., on Monday, November 13, 1905, before the Register and Receiver at the United States Land Office in New Orleans, La.

The said contestant having, in a proper affidavit, filed Sept. 11, 1905, set forth facts which show that after due diligence personal service of this notice cannot be made, it is hereby ordered and directed that such notice be given by due and proper publication.
