Night Watchman Killed
By Log Train.
An accident that resulted in the
death Otmar Wrenck, the night-
watchman of the Greenlaw Lum-
ber Company's large mill at Ram-
say, three miles north of here, took
place last Monday.
It seems that Wrenck, who had
spent Sunday in Covington, was on
his way back to Ramsey and walk-
ing up the track of the New Or-
leans Great Northern. When just
above the mile branch he either
lay down beside the track or fell
and was stunned, and was there
when the log train passed up at
about 10 o'clock in the morning.
The noise of the train evidently
aroused him, and as he rose the
train struck him on the head and
fractured his skull. His left leg
and left arm were badly mangled.
He was attended by Dr. Marrero,
and brought to Covington. Mr.
Greenlaw had him placed on the
train to be taken to the Charity
Hospital, but he died shortly be-
fore the train reached the city.

a public school house. We desire

thanking you, one and all, and as-
suring you that your kindness is

Baton Rouge, Hammond
and Eastern Organized.
The Baton Rouge, Hammond and
Eastern Railway Company was or-
ganized last week at a meeting of
the directors, which was held at
Baton Rouge. It is specifically
stated by those back of the road
that the organization perfected is
simply of a temporary nature,
which would indicate that at some
time in the not distant future the
road will be taken over as a part of
some other system. Mr. Wexler
was elected President and Mr. Du-
four Vice President of the new
company.
The right of way has been se-
cured all the way from Baton Rouge
through Covington and Hammond
to Pearl River, where a connection
will be made with both the New
Orleans and Northeastern and the
New Orleans Great Northern. The
parishes of East Baton Rouge and
Tangipahoa have both voted taxes,
and one precinct in Livingston did
the same.
The headquarters of the road are
to be at Hammond, where the peo-
ple gave a large amount of land for
that purpose. The Illinois Central
main line will be crossed at Ham-
mond. In all, the line will be about
seventy miles long. Grading will
commence at once, and as the ties
have already been ordered, con-
struction work will proceed very
rapidly.

A forty ton ingot of steel, per-
meated with the flesh, blood
and bones of two employees of the
Midvale (Pa.) Steel works, who
were incinerated in the accident
several days before, was buried at
he plant with impressive funeral
ceremonies.

Congress assembled last Monday.
The principal features of President
Roosevelt's message are the Gov-
ernment control of corporations,
Federal regulation of railroad rates
and insurance companies, prohibi-
tion of contributions to political
parties by corporations, revision of
the naturalization, copyright and
criminal laws, free trade for the
Philippines, a Government levee
system and the Panama Canal.
The California delegation in the
Senate and House agreed on a bill
providing for the exclusion from
the United States of Japanese and
Coreans. It is stated by the mem-
bers of the delegation that there are
60,000 Japanese in California, and
nearly 100,000 in the United States.
During the last year over 8000 Ja-
panese came to this country from
the Hawaiian Islands. Members of
the delegation said the rapid influx
of Japanese is regarded as a men-
ace to American labor. The condi-
tions which inspire this bill are said
to be the same as those which
brought about the Chinese Exclu-
sion Act twenty-two years ago.
