ATTENTION

THAT IS WHAT YOUR TEETH NEED. WHY?

Simply because it has been proven by Stomach Specialists, that ninety per cent of all stomach derangements are caused by decayed teeth, or not having a sufficient quantity of teeth to thoroughly masticate the food. Then why not consult a good dentist?

Dangers of Defective Plumbing.

Defective plumbing permits the entrance into the house of sewer gas bearing germs of contagious diseases to which the human system readily succumbs.

Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures.

If in doubt, consult us regarding the proper and replacing defective fixtures and "Standard" Porcelain Enamelled Ware—acknowledged as the best sanitary equipment.
