

Will Pose.  
He—Why are you wearing that expensive gown at that dinner to-night?  
She—I know it, but I don't feel like talking much and with this gown on I won't be entirely lost sight of.—Detroit Free Press.

**\$100 Reward, \$100.**  
The readers of this paper will be pleased to learn that there has been a discovery of a cure for the disease known as "Itch" or "Scabies" which has been able to cure in all its stages, and that it is now known to the medical fraternity. Castor Oil is now known to be the only positive cure for this disease. It is a constitutional disease, requires a constitutional treatment. Hair's Castor Oil is a constitutional treatment, acting directly upon the blood and mucous surfaces of the system, thereby destroying the cause of the disease, and giving the patient strength by building up the constitution and metabolism in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.  
Address: F. J. CHENEY & CO., Toledo, O.  
Sold by all Druggists, Etc.  
Take Hall's Family Pills for constipation.

Suppose any man shall despise me. Let him look to that himself. But I will look to this that I am not discovered doing or saying anything deserving of contempt.—Marcus Aurelius.

**DODD'S KIDNEY PILLS**

**Mica Axle Grease**  
Best lubricant for axles in the world—long wearing and very adhesive.  
Makes a heavy load draw like a light one. Saves half the wear on wagons and team, and increases the earning capacity of your outfit.  
Ask your dealer for Mica Axle Grease.  
STANDARD OIL CO., CHICAGO, ILL.

**BORAX IS NATURE'S MINE OF PURITY FOR DAIRY UTENSILS.**

Borax is first, a cleanser that removes dirt and grease with surprising ease; second, it is a sweetener that makes fragrant any surface that has grown musty or stale from neglect; third, it is an antiseptic or destroyer of germs. It prevents the development of bacteria or mouldy growths. With all this it is perfectly free from harm in its resulting effects.

**THE FARM CHURN** is kept free from that stale odor if it is washed with Borax in the following proportions—1 tablespoonful of Borax to a quart of water.

**THE DAIRY ROOM** has nothing about it but the pleasant aroma of fresh milk and cream and sweet butter if it is kept clean with Borax. There will be no soapy smell and no lurking hint of something gone wrong.

**THE CREAM CROCKS** take on an extra freshness when washed with Borax and water in the following proportions—1 tablespoonful of Borax to a quart of water. This preserves the fresh flavor of the cream.

**THE FARM CREAM SEPARATOR** can be kept thoroughly sweet and clean by a wash of Borax and water in the following proportions—1 tablespoonful of Borax to a quart of water.

Be sure that you get pure Borax. To be sure, you must get "20 MULE TEAM BORAX." If you are unable to get "20 Mule Team" brand send us your dealer's name and we will arrange to supply you. Booklet free.

Pacific Coast Borax Company, Chicago, Ill.

**The Camera Fiend's Wanderlust.**  
As the sun day by day ascends the heavens and the actinic value of his light increases, rhapsodizes the editor of the American Amateur Photographer, there seizes us once more the fever of the enthusiast. From the high shelf down comes the camera, the plate holders are loaded, and we tramp across the green fields looking for pictures—or pretending to. For half the cause of our wandering has naught to do with the black box we carry with us. The primitive instinct for change, the ancestral wanderlust, it is, that has seized us and driven us forth to nature.

**Balanced.**  
"Miss Fluffy would be a pretty good-looking girl if her feet weren't so heavy."  
"She stacks up pretty well, though; her head is light."—Detroit Free Press.

**FOR THE DESSERT**

**CHERRIES IN MANY FORMS MAY BE USED.**

**Go Particularly Well with Ice Cream**  
—How to Attain Perfect Icing for the Cake—Palatable Sweet Sauce.

Cherries preserved go nicely with plain ice cream. Cherry juice with dried cake makes a pretty dessert, with cherries heaped in the center and whipped cream above. Candied cherries should be put away for winter. To "make crystallized cherries" beat the whites of three eggs until stiff, lay clusters of the cherries in the beaten egg, with the stems, of course, outside. Drain and cover part of them with white sugar and the others with red pulverized sugar. Set aside to harden on buttered paper. Keep in a cool, dry place.

Mock bisque soup varies one's bill of fare. Here is a soup that is easy to prepare, and because of the acids in the tomatoes, most palatable: One-half can tomatoes, one and one-half tablespoons butter, one and one-half tablespoons flour, one quart milk, salt and pepper. Stew and strain tomatoes; scald milk in double boiler and thicken with the flour and butter; season tomatoes well and reheat. Take both from the fire and mix together; if tomatoes are acid add pinch of soda. If mixed on fire soup is apt to curdle.

Sometimes the best cake bakers are at a loss how to effect a good icing. This icing does not crumble, contains no eggs and can be made a day or two before needed, if desired. Boil one and one-half cups of granulated sugar, a pinch of cream of tartar and one-half cup of water until it is a soft ball when dropped in cold water. Set aside to cool and when lukewarm add two squares of scraped chocolate and beat with a wooden spoon or paddle until creamy, then add tepid water until it is the desired consistency. If any other flavoring is desired, simply leave out the chocolate and add any desired flavoring or fruit juice. If covered with a damp cloth it will keep for days. When needed, add a little more tepid water. This frosting is fine, smooth and velvety, dries easily and yet retains its moisture.

A sweet sauce that is much liked by our British cousins was given to the department by an old English cook, who vowed it should be found in every cookbook. Place the yolks of four eggs in a saucepan with about five ounces of powdered sugar, and stir with a wooden spoon until the mixture assumes a whitish tint; then add gradually two gills of cream, beating constantly, and when this is finished, grate in the rind of one orange. Put the pan over a slow fire and let the mixture cook for about four minutes. Do not let it boil, however, and keep stirring it, to prevent it from burning. When it has been strained through a sieve it is ready for use.

**GOOD IDEA FOR MATCHES.**  
Double Enders Popular Among Smokers in Mexico.

"Mexico may be behind us in some things, but she has us lashed to the wheel when it comes to making matches," said a man just in from the land of the Montezumas as he handed out a wax lucifer with a head on each end.

"I saw nothing but double ended matches while I was away, and I can tell you that they save one's record with the Recording Angel. If you dig down in your pocket and find one match the chances are that you are sure of a light, because if one end goes out the other is left. These old time matches, just revived, that splutter brilliant sparks may be all right when it comes to pleasing the baby, but the fellow who puts on the market a double ended match will find a ready demand."

**Schoolers' Eyes**  
Get inflamed and if neglected are apt to cause trouble. Leonard's Golden Eye Lotion cures sore eyes without pain in one day. Cools, heals and strengthens. Be positive for "Leonard's." It makes strong eyes.

**Sad Worldliness.**  
"Honesty is the best policy," remarked Meandering Mike.  
"It sure is fur folks like us," answered Flooding Pete. "Our transactions ain't big enough to enable us to hire de best legal talent."

**Ladies Can Wear Shoes**  
One size smaller after using Allen's Foot-Ease. A certain cure for swollen, sweating, hot, aching feet. At all Druggists, 25c. Accept no substitute. Trial package FREE. Address A. S. Olmsted, Le Roy, N. Y.

**Under the Microscope.**  
The best microscopes magnify about 16,000 times and make a tiny pile of flour look like a pile of stones.

**Blowing Window Shades.**  
The annoyance caused by a window shade blowing in and out when the window is lowered from the top can be avoided by having a cord in bottom of shade and fastened to any movable object, as back or arm of a chair, and chair or object moved out a sufficient distance from window to prevent shade from touching window frame. A free circulation of air is also obtained, whether the shade is lowered or raised.

**Golden Orange Cake.**  
Cream one-fourth cup of butter, add one-half cup of sugar slowly and continue beating, says a writer in Good-housekeeping. Add the yolks of five eggs, beaten until thick and lemon colored, and one teaspoonful of orange extract. Mix and sift seven-eighths cups of pastry flour with one and one-half teaspoons of baking powder, and add alternately with one-fourth cup of milk to the first mixture. Bake in a buttered and floured tin.

**Needed a Cow.**  
A lot of poor children were at a farm. The farmer gave them some milk to drink, the product of a prize cow.  
"How do you like it?" he asked, when they had finished.  
"Gee, it's fine!" said one little fellow, who added after a pause, "I wish our milkman kept a cow!"—Cardiff Times.

**For Hardwood Floors.**  
To prevent hardwood floors from being marked, cut pieces of thick felt the exact size of the tips of the chairs and fasten on with a strong glue. The felt is far less expensive than rubber tips and will wear much better. Rocking chairs may have a long, narrow strip glued on.

**Like American Shoes.**  
A few of the wealthy and traveled natives of Salvador order their shoes from America, writes Vice Consul General H. C. Woodsum from San Salvador, but he finds that foreign shoe importations on a large scale are practically debared by the high import duty.

**FAILED IN SMALL THINGS.**

**Congressman Evidently Was No Hero to His Wife.**

There is a certain congressman who, whatever authority he may hold in the councils of state, is of comparatively minor importance in his own household. Indeed, it has been unkindly intimated that his wife is "the whole thing" in their establishment.

Representative and Mrs. Blank had been to Baltimore one afternoon. When they left the train at Washington, on their return, Mrs. Blank discovered that her umbrella, which had been entrusted to the care of her husband, was missing.

"Where's my umbrella?" she demanded.  
"I'm afraid I've forgotten it, my dear," meekly answered the congressman. "It must still be in the train."  
"In the train?" snorted the lady. "And to think that the affairs of the nation are entrusted to a man who doesn't know enough to take care of a woman's umbrella!"—Success Magazine.

**BLACK, ITCHING SPOTS ON FACE.**  
Physician Called It Eczema in Worst Form—Patient Despaired of Cure—Cuticura Remedies Cured Her.

"About four years ago I was afflicted with black spots all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of suffering, to such an extent that I was forced to call in two of the leading physicians of ——. After a thorough examination of the dreaded complaint they announced it to be skin eczema in the worst form. Their treatment did me no good. Finally I became despondent and decided to discontinue their services. My husband purchased a single set of the Cuticura Remedies, which entirely stopped the breaking out. I continued the use of the Cuticura Remedies for six months, and after that every spotch was entirely gone. I have not felt a symptom of the eczema since, which was three years ago. Mrs. Lizzie E. Sledge, 540 Jones Ave., Selma, Ala., Oct. 28, 1905."

Miss Knox—I don't like her. She's forever talking about herself.  
Miss Wise (pointedly)—Well, that's better than talking about some one else.—Philadelphia Ledger.

**The Web of Life.**  
Life is the daily web of character we unconsciously weave. Our thoughts, imaginations, purpose, motives, love, will, are the under threads; and the passing moment is the subtle, swiftly, ceaselessly, relentlessly, weaving those threads into a web; and that web is life.—S. D. Gordon.

**So He Rang Off.**  
"And you didn't propose to her?"  
"No."  
"Why?"  
"I was leading right up to it, but suddenly noted that her voice had a sort of previous-engagement ring."—Smart Set.

**WORKING WOMEN, WHAT THEY SHOULD KNOW**

MRS. SADIE ABBOTT MRS. PREE MCKITTRICK

Women for the most part spend their lives at home, and it is these women who are willing and ambitious that their homes shall be kept neat and tidy, their children well dressed and cared for, who do their own cooking, sweeping, dusting and often washing, ironing and sewing for the entire family, who call for our sympathy.

Truly the work of such a woman is "never done" and it is any wonder that she breaks down at the end of a few years, the back begins to ache, there is a displacement, inflammation or ulceration of the abdominal organs, a female weakness is brought on, and the struggle of that wife and mother to continue her duties is pitiful.

**Lydia E. Pinkham's Vegetable Compound**, made from native roots and herbs, is the exact medicine a woman needs whose strength is overtaxed. It keeps the feminine organs in a strong and healthy condition. In preparing for childbirth and recuperating therefrom it is most efficient. It carries a woman safely through the change of life and in making her strong and well assists her to be a good wife and mother.

Mrs. Sadie Abbott, of Jeannette, Pa., writes:  
"I suffered severely with pain every month and also a pain in my left side. My doctor prescribed for me but did me no good; a friend advised Lydia E. Pinkham's Vegetable Compound and I wrote you in regard to my condition. I followed your advice and am a perfectly well woman. The pains have all disappeared and I cannot recommend your medicine too highly."

**Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.**  
Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

**Mrs. Pree McKittrick, of La Farge, Wis., writes:**  
"For six years I suffered from female weakness. I was so irregular that I would go from three weeks to six months, so I thought I would give Lydia E. Pinkham's Vegetable Compound a trial.  
"Now I am once more well and can do my work without a pain. Any one who wishes, can write to me and I will answer all letters gladly."

Women should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of female ills. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

**RHEUMATISM CAN NOT BE RUBBED AWAY**

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.
