

Satisfied.
A steady-looking loafer, having on a red and white striped shirt and a dinner, explained to the waiter that he had no money.
The waiter immediately told the restaurant proprietor, who sent for a policeman.
The proprietor, going up to the un- welcome guest, explained that he had sent for a policeman.
"Thank goodness you didn't send for a stomach pump!" the steady one replied, with huge contentment.—(Illustrated Bits.)

SAFEGUARD THE HOME
GOOD CITIZENS ARE THE BULWARK OF THE NATION.
EDUCATION AND PROTECTION
Two Vital Things to Be Considered by Those Who Would See the Greatest Progress and Advancement.

Where is found the greatest advancement and civilization there is also found among the people the highest type of fealty and love of home. The American homes are the most substantial pillars of the nation's greatness, and in American citizenship is found the bulwark of our republican government.

Where the home life is ideal, there is found genuine patriotism which is always commensurate with the enlightenment and the domestic happiness of the people. How important it is shown that every safeguard be thrown about the home, which is the hub where are produced for development all the strength that is necessary for the perpetuation of a government and the maintenance of a nation's greatness.

The student who will study into conditions of the countries that are continually wrecked by internal turmoil, such as Russia and the Central American republics, will discover the homes are far from ideal homes, and that there is an absence of the love of country that should be found in the hearts of its citizens. There is a duty that involves upon all, and which is due to the generations growing and to come. The duty is to surround the home with such environments as will make it attractive and develop in the growing youth the highest qualities of manhood and womanhood. Where the people are oppressed by monarchy and feudalism there is no incentive to develop the highest state of home life. In America where all are upon an equal plane and opportunities are open to every citizen, and where the people are secure in their rights to homes, there is every reason why each one should make the greatest endeavor to found for himself and his progeny a residence place that will be sure from intrusion and be an incentive to higher mental and social development.

Education is all important and no other country in the world offers to all such glorious advantages to receive enlightenment as does the United States. It is important that the home be located near good schools. Where there are good homes and good towns. The quality of citizenship of a community can generally be gauged by the standard of its educational institutions. It is important to the home builder that the town wherein he is located or which he may reside near, be a progressive place. And the better that this town be, the better will be its educational facilities for the youth. It is essential to the greatest good of a community that it be realized by all residing within it that the greater will be its advantages both as to education and otherwise. By support to home institutions the home is made better in every way. Patriotic citizens will make it their first aim to be loyal to their own home interests where there are state and nation. One who is loyal to his home is generally faithful in the performance of all the duties that good citizenship implies.

Importance of Good Roads.
The town that has good roads leading to it is blessed. Surely there is no more disagreeable thing, nor anything more adverse to the business interests of a place than impassable boggy roads. There is a little excuse in the well settled community for poor roads. It may in the beginning be somewhat expensive to put the roads in order, but in the end it will prove that the saving in wear and tear on wagons and horses will well repay all the additional expense. And to the town good roads are almost vital. The average farmer would rather drive three or four miles farther to a town over good roads than do his trading when it is necessary to go hub deep in mud to the nearer place.

Contrary to Home Building.
Trade is the life of the agricultural town. Any system that diverts this trade is injurious to the community. Here it is the evils of the mail order system. By drawing the trade from the towns, the principal support goes, and with it the employment for the people, the school system, and the churches and all the advantages that the town affords to the people of the community. Not alone this but home markets are destroyed and the farmer finds the value of his land reduced. Have the importance of home trading and home support instilled into the minds of the farmers in general, and there will be a rapid falling off of the catalogue house patronage.

Who Makes the Town?
The editor of the paper at Coyle, Okla., asks in large letters, "Who makes the town?" To make a town requires the work of many people. It is surely not the man who earns his wages in the town and then spends his earnings elsewhere; not the farmer who sells his produce to the home merchant and then takes the money to the express or post office and sends it to the Chicago mail order house for the goods he needs; nor the minister who is paid for preaching by the business interests of the place, and spends his spare time in working up grocery clubs for an outside concern. No, brother, these men do not make towns.

Gov. Folk on Home Trade.
"We are proud of our splendid cities and we want them to increase in wealth and population and we also want our country town to grow. We wish the city merchants to build up but we also desire the country merchants to prosper. I do not believe in the mail order citizen. If a place is good enough for a man to live in and make his money in, it is good enough for him to spend his money in."

NO TIME FOR STUDY.
People Who Are Either Too Busy or Too Indolent for Self-Improvement.

That person who takes no interest in affairs of his fellow men, who fails to keep himself informed as to what is transpiring around him, is far from being either progressive or well-informed. These days when papers and magazines are so plentiful and so cheap, there is little excuse for the average person not keeping closely in touch with events, and particularly keeping enlightened as to what is transpiring that may affect his own individual interests.

One of the great beauties, and an extraordinary privilege of our American form of government, is the right of every citizen to take a part in public affairs and particularly in governmental transactions. How many follow party leaders, perhaps blindly, and too late find that they made errors through not having understood the situation? How many who are negligent in the study of measures that are brought up for consideration both by state and national legislative bodies, and too late find that unwise laws were enacted that directly oppressed certain classes to the advantage of others? How many people are gathered in by alluring promises made in the finely printed literature sent broadcast through the country for the purpose of promotion of the most fraudulent stock companies, just through not keeping informed as to the means and methods employed by schemers to entrap the unwary? It is conservatively estimated that each year more than \$50,000,000 are taken from the earnings of the people just through the operations of fraudulent mining, oil, insurance and like concerns. It would be impossible for the promoters of such frauds to exist were the people careful readers of the newspapers and the magazines, the accounts of which are filled with pages of the doings of "get-rich-quick" schemes.

These days there is every opportunity for self-improvement. Rural deliveries carry news to the most remote farms, and telephones connect the farmhouses in the average community. If the people were only to utilize the means so close at hand, and to take the time to read, and examine into such propositions as interest them, there would be less cause for complaint on the part of those who perchance get their "fingers blistered." It is evident from the success that exploiters of schemes meet with, that the majority of people lack good business judgment, or that they are blinded by some inherent gambling desire. It is always a safe plan to avoid any investment that offers more than legitimate returns on an investment. Any proposition that will pay even ten per cent a year, and where the principal is secured, can find all the capital that may be required for its operation, without calling upon the general public. It is only the uncer- tain kind of investments, the ones that are a "gamble," such as mining, and the like, that are most prominent in the advertising columns of the papers. The basis on which the promoters work, is the inclination of the people to seek great returns for little money. It is the same sentiment that allows numerous establishments located in different parts of the country to dispose of cheap goods at enormous profits through holding out to the people the promise of extraordinary values. The well-informed man will avoid all kinds of investment schemes that are designed to draw money from the pockets of the people, and will also refuse to buy any "pigs in bags," it matters not whether the matter of barter be stocks and bonds or the necessities of life.

THOUGHT CHILD WOULD DIE.
Whole Body Covered with Cuban Itch—Cuticura Remedies Cured at Cost of Seventy-Five Cents.

"My little boy, when only an infant of three months, caught the Cuban Itch. Sores broke out from his head to the bottom of his feet. He would itch and claw himself and cry all the time. He could not sleep day or night, and a light dress is all he could wear. I called one of our best doctors to treat him, but he seemed to get worse. He suffered so terribly that my husband said he believed he would have to die. I had almost given up hope when a lady friend told me to try the Cuticura Remedies. I used the Cuticura Soap and applied the Cuticura Ointment and he at once fell into a sleep, and he slept with ease for the first time since two months. After three applications the sores began to dry up, and in just two weeks from the day I commenced to use the Cuticura Remedies my baby was entirely well. The treatment only cost me 75c, and I would have gladly paid \$100 if I could not have got it cheaper. I feel safe in saying that the Cuticura Remedies saved his life. He is now a boy of five years. Mrs. Zana Miller, Union City, R. F. D. No. 1, Branch Co., Mich., May 17, 1906."

Just the Size.
"I understand that dere will be several bogus animals on de stage," said the long and lanky tramp as he read the sign "Supes Wanted."

"Yes," replied the short and stout wayfarer, "I am going to play de head of de elephant and me fat pardner is going to play de hind legs."

"Him! Then I suppose dere is no chance for a tall, thin supe like me?"

"Oh, yes, pard, you could play de neck of de giraffe."

Her Disease.
One day Marjorie, aged three, wanted to play doctor with her sister. Marjorie was the "doctor," and she came to make a call on her sister, who made believe she was sick. "Do you want to know what you've got?" the doctor asked, after a critical examination. "Yes," faintly assented the sick woman. "You've got dirty hands," said Marjorie, dropping in disgust the wrist on which she had been feeling the pulse.

Strained Eyes.
Quickly recover their strength if treated with Leonard's Golden Eye Lotion. Bloodshot, inflammation and soreness are relieved without pain in one day. Cools, heals and strengthens. Insist on having "Leonard's." It makes strong eyes. Guaranteed or money refunded. Druggists sell it at 25c. or forwarded prepaid on receipt of price by S. B. Leonard & Co., Tampa, Fla.

Advanced.
"Hiram," said Mrs. Kornkob to her husband, who was reading the Weekly Scream, "they say that Jones man who has taken the farm next to ours is mighty intellectual."

"I guess he is," replied Farmer Kornkob. "He knows four different almanacs by heart."—Milwaukee Sentinel.

Has Forgotten Her English.
Mme. Modjeska for 25 years was a household name among theater-goers, yet now that she is writing her memoirs she says she finds it necessary to go back to her native Polish and rely upon the services of a translator to remake her book into English.—Chicago Evening Post.

Misfit in Songs.
"I'm going to see a new American play to-night," she was saying. "It's by an English author. All the best American plays these days are written by English authors."

Must Do the Work.
A new regulation in Victoria, Australia, makes it an offense for a substance to be sold in that state as a disinfectant unless it will, when used as directed, kill the germs of disease, and the explicit direction for its use must appear on each bottle or wrapper. The total imports of disinfectants into the commonwealth of Australia amounts to about \$250,000 per year.

LICE IN POULTRY.
Borax Spray a Safe Preventive—Simple, Cheap, Harmless to Fowls.

"20 Mule Team" Borax was a good thing to rid poultry of lice. I had used so much inflammable Lice killers that my Poultry Houses were regular fire traps. I state my S. C. W. Leghorn house a good spraying just two months ago. Since I have caught several hens and I found no lice. I am rid of lice and shall continue to use "20 Mule Team" Borax as a spray, also as a wash. (Signed) MRS. B. R. BUFFHAM, Roswell, New Mexico.

With a Previso.
"When universal peace is finally established," said Alfred H. Love, the president of the Universal Peace union, in an interview in Philadelphia, "then many a man who now ridicules the peace movement will claim to have been its lifelong champion. It is always so. We thump and kick a poor, weak, struggling movement at its inception, and when it has succeeded and no longer needs our help, we give it the most solicitous support. There was once a young lady whose betrothed, a very poor young man, was about to set out for South America to seek his fortune in the rubber trade. As he took his leave of her the night before his departure, he said, tremulously: 'And you swear to be true to me, Irene?' 'Yes, Heber,' cried the girl; 'yes—if you're successful!'"

The Mules Understood.
A story is told of Senator Knute Nelson, who spent some of his early years in a logging camp. He there discovered the necessity of certain emphatic language in order to make mules move. "All varieties" of tongues were in demand in that camp; Scandinavian, German, Italian—but none of the words used seemed to have the explosive force to adjust the tempo of the mule to the desired pace. Along came a strapping Irishman, who used some popular expletives, usually indicated in print by blank, blank, or ———. The mules moved! "There's a language all mules understand," said the Irishman—and it's not me mother tongue, either.—Joe Mitchell Chapple, in National Magazine.

Wifely Consolation.
One of the physicians at a popular winter health resort was looking over his books one day, comparing his list of patients. "I had a great many more patients last year than I have this," he remarked to his wife. "I wonder where they have all gone to?" "Well, never mind dear," she replied, "you know all we can do is to hope for the best."

Important to Mothers.
Examine carefully each bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Watson* in Use For Over 30 Years. The Kind You Have Always Bought.

Every time a woman makes a fool of a wise man he simply charges it up to experience and lets it go at that.

NERVOUS COLLAPSE
IS OFTEN PREVENTED BY DR. WILLIAMS' PINK PILLS.
Taken When the First Warning Symptoms Are Noticed Much Needless Suffering May Be Saved.

Are you troubled with pallor, loss of spirits, waves of heat passing over the body, shortness of breath after slight exertion, a peculiar skipping of the heart beat, poor digestion, cold extremities or a feeling of weight and fullness? Do not make the mistake of thinking that these are diseases in themselves and be satisfied with temporary relief. This is the way the nerves give warning that they are breaking down. It simply means that the blood has become impure and cannot carry enough nourishment to the nerves to keep them healthy and able to do their work.

Rest, alone, will sometimes give the needed relief. The tonic treatment by Dr. Williams' Pink Pills, however, prevents the final breakdown of the nerves and the more serious diseases which follow, because the pills act directly upon the impure blood, making it rich, red and pure.

Mrs. E. C. Bradley, of 103 Parsells avenue, Rochester, N. Y., says: "I was never very healthy and some years ago, when in a run-down condition, I suffered a nervous shock, caused by a misfortune to a friend. It was so great that I was unfitted for work."

"I was just weak, low-spirited and nervous. I could hardly walk and could not bear the least noise. My appetite was poor and I did not care for food. I couldn't sleep well and once for two weeks got scarcely an hour's sleep. I had severe headaches most of the time and pains in the back and spine."

"I was treated by two doctors, being under the care of one of them for six months. I got no relief and then decided to try Dr. Williams' Pink Pills. I soon began to feel better and the improvement was general. My appetite became hearty and my sleep better. The headaches all left and also the pains in my back. A few more boxes entirely cured me and I was able to go back to work. I felt splendid and as though I had never been sick."

Dr. Williams' Pink Pills are invaluable in such diseases as rheumatism, after-effects of the grip and fevers, neuralgia, St. Vitus' dance and even partial paralysis and locomotor ataxia.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Temperature and Water.
At sea level water boils at 212 degrees, F.; at a height of 10,000 feet at 193 degrees, F. When Darwin crossed the Andes in 1835 he boiled potatoes for three hours without making them soft.

A Scientific Miracle.
Is what is said of the good Barry's Trichophorus does for thousands. By a scientific miracle we mean the curing of dandruff and the growing of luxuriant hair. 50 cents per bottle at your druggist's or by mail postpaid. Barclay & Co., 45 Stone Street, N. Y.

Mrs. Winslow's Soothing Syrup.
For children teething, soothes the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

Care of Submarine Cables.
Fifty fine vessels are constantly employed in laying and repairing the submarine cables of the world.

Allen's Foot-Ease.
A Certain Cure for Tired, Hot, Aching Feet. DO NOT ACCEPT A SUBSTITUTE.

PILE'S NO MONEY TILL CURED.
SEND FOR FREE BOOK. TREATISE ON PILES. THOMPSON'S EYE WATER. LITE STOCK AND ELECTROTYPES. In great variety for sale at the lowest prices by THE BROADWAY NEWS-PAPER CO., 15 W. Adams St., Chicago.

STATE OF OHIO, CITY OF TOLEDO, ss.
I, CLARA COOPER, County Clerk, do hereby certify that FRANK J. CHERRY makes oath that he is senior partner of the firm of F. J. CHERRY & CO., doing business in the City of Toledo, County and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that cannot be cured by the use of BARRY'S CATARRH CURE.
FRANK J. CHERRY.
Sworn to before me and subscribed in my presence, this 5th day of December, A. D. 1906.
A. W. GLEASON, Notary Public.
BARRY'S CATARRH CURE is taken internally and acts directly on the blood and mucous surfaces of the system. Send for particulars to F. J. CHERRY & CO., Toledo, O. Sold by all Druggists, 75c. Take Small's Family Pills for constipation.

Wifely Consolation.

NATURE PROVIDES FOR SICK WOMEN
a more potent remedy in the roots and herbs of the field than was ever produced from drugs.
In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound
is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.
When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.
No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.
Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

CATARRH BLOOD AND SYSTEM DISORDERED
Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucus dropping back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarrh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and affected by this disease. It is a waste of time to try to cure Catarrh with sprays, washes, inhalations, etc. Such treatment does not reach the blood, and can, therefore, do nothing more than temporarily relieve the discomfort of the trouble. To cure Catarrh permanently the blood must be thoroughly purified and the system cleansed of all poisons, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure, fresh and healthy. Then the inflamed membranes begin to heal, the head is loosened and cleared, the hawking and spitting cease, and vigor and health return. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. If you are suffering with Catarrh begin the use of S. S. S. and write us a statement of your case and our physicians will send you literature about Catarrh, and give you special medical advice without charge. S. S. S. is for sale at all first class drug stores.

S.S.S. PURELY VEGETABLE
every symptom disappears, the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. If you are suffering with Catarrh begin the use of S. S. S. and write us a statement of your case and our physicians will send you literature about Catarrh, and give you special medical advice without charge. S. S. S. is for sale at all first class drug stores.
