GEORGE KEPT HIM BUSY.

Matrimonial Engagements Seemed Always in Order.

A well-known Virginia clergyman, sometime president of William and Mary college, was married three times and on each occasion the ceremony was performed by his brother, an even more renowned bishop. When the first marriage took place, the bishop had to refuse a tempting invitation from an old friend because—the letter ran—"I am going up to Williamsburg on that date to marry my brother George."

The same friend happened to be on the train with him, years afterward, when he was traveling to the second ceremony. "I am going to marry my brother George," the bishop explained, benignly, after the business of greeting was over. Again many years passed, and the same journey was taken once more for the same purpose. By a strange coincidence, the identical friend ran into the bishop as they hurried through the depot to their respective trains. "Where goes your brother?" the former sang out as they grasped hands and dashed by each other.

"I am going where I am always going," the answer came back, ponderously, "to marry my brother George!"—Harper's Weekly.

Much the Same.

His Wife—I see by the paper that at a wedding in Oklahoma last week the man promised to obey instead of the woman. I wonder how the marriage will turn out?

Her Husband—Oh, about like any other marriage, I suppose. He probably didn't mean it any more than a woman does when she says it.—Chicago Daily News.

So Impolite.

"Oh!" gasped Caesar, as he felt the thrust of Brutus' dagger. "How rude of you to cut an old friend!"

TO CLEAN PILLOW COVERS.

By This Method Tinted Ones Will Not Be harmed.

Sold sofa pillow covers are among the most disgusting of house furnishings. They certainly cannot be either decorative or useful.

It is a simple matter to do up washable sofa pillow tops, but one hesitates before attempting to clean the tinted ones.

However, they may be done up several times if the following method is used: Make a suds of tepid, not hot, water, and wash the cover rapidly by squeezing in the hands.

Rinse in tepid water and shake in the air until partly dry.

Place face down on a pad, cover with a thin, smooth piece of cotton cloth, and iron rapidly with a hot iron until perfectly dry.

If there are no grease spots or stains it may be dry-cleaned by ripping it apart, placing it right side up on a board, fastening it with thumb screws, and rubbing the surface with kneaded rubber until the cover is perfectly clean.

When cleaning the embroidery be very careful to move the rubber in the same direction as the stitches. A five-cent rubber will be large enough.

ONE WAY TO MEND CURTAINS.

Treatment That Will Make Them Appear Like New.

These curtains were of plain net with border on one side and holes through the border for about a foot above the window sill, says a writer in the Chicago Tribune. I cut the border off clear across the bottom, carefully following the curves in the design, then, noticing the figure at the edge of the curtain, raised the border till it overlapped a corresponding figure in the side border, which, in this case, occurred at such a distance as to remove all the worn part. Then, with curtain still hanging at the window to insure proper adjustment, fasten border across with pins, remove from curtain pole, lay on flat surface, and baste carefully.

Stitch twice on machine, having tension loose enough not to draw the net, and using care in turning corners, raising the presser foot often. Remove and cut away the old part underneath, and press thoroughly. I then let down the extra length which had been turned over at the top and rehung them and the mending does not show at all. My curtains are like new and still hang within three inches of the floor.

Mexican Salad.

Cut cold boiled ham, cooked chicken and cold boiled potatoes into fine shreds or julienne. Take a cup of each and mix with a tablespoonful and a half of olive oil, a scant tablespoonful of vinegar, a teaspoonful of grated onion, also paprika and salt as needed. When thoroughly mixed set aside to become cold and seasoned. In the meantime make ready a cup of shredded celery and one-third of a cup of sweet red pepper. When ready to serve mix the celery, pepper and seasoned dressing to hold them together. Turn them onto a bed of lettuce leaves. Garnish with quarters of hard-boiled eggs and chopped whites and sifted yolk of egg.—Miss Hill in Boston Cooking School, May 1.

TESTED BY TIME.

A Cure That Has Held Good for Four Years.

Mrs. Mary Crumlish of 1130 West Third Street, Wilmington, Del., says: "Some years ago I began to feel weak and miserable and one day awoke from a nap with a piercing pain in my back that made me scream. For two days I could not move and after that I had backache and dizzy spells all the time. My ankles swelled and I ran down dreadfully. I was nervous and had awful headaches. I wonder that any medicine could do what Doan's Kidney Pills have done for me. They cured me four years ago and I have been well ever since."

JUST WHAT HE WANTED.

Surely Here Were Musical Tastes Enough to Suit Anybody.

A gentleman of the most cultivated musical tastes, wishing to change his residence, advertised for rooms in a private family "fond of music." The next mail brought him the following reply:

"Dear Sir: I think we could accommodate you with rooms, and as for music one of my daughters plays the parlor organ and guitar; another one plays the cornet and fiddle; by wife plays the harmonica and my son the flute. We all sing and if you are good at tenor singing you would fit right in when we get to singing gospel hymns evenings, for none of us sings tenor. Or if you play the base viol we have one right here in the house. If you want music as well as rooms and board we could accommodate you and there would be no extra charge for it. Lippincott's."

FAMILY'S SKIN TROUBLES.

Eczema, Heat Rash, and Scalp Affections Affect Different Members, But Cuticura Cures Them.

"My wife had eczema for five or six years. It was on her face and would come and go. We thought we would give the Cuticura Remedies a trial. We did so and she has never had a sign of eczema for four years. I myself used Cuticura Soap and Cuticura Ointment some time ago for falling hair. I now have a very heavy head of hair. We used Cuticura Remedies for our baby, who was nearly bald when young. She has very nice hair now. She is very fleshy, and we had so much trouble with heat that we would bathe her with Cuticura Soap and then apply Cuticura Ointment, it would dry the heat up so much quicker than anything else. Mr. H. B. Springmire, 323 So. Capital Street, Iowa City, Ia., July 16, 1906, and Sept. 16, 1906."

Signs of Long Life.

"Bacon took a deep interest in longevity and its earmarks," said a physician, "and Bacon's signs of long life and of short life are as true to-day as they ever were."

"You won't live long, Bacon pointed out, if you have soft, fine hair, a fine skin, quick growth, large head, early corpulence, short neck, small mouth, brittle and separated teeth and fat ears."

"Your life, barring accidents, will be very lengthy if you have slow growth, coarse hair, a rough skin, deep wrinkles in the forehead, firm flesh, a large mouth, wide nostrils, strong teeth set close together, and a hard, gristly ear."—Minneapolis Journal.

Bachelor's Fry.

Place the oysters flat and smooth in a frying basket and dip for a half moment in boiling water deep enough to cover them; lift the basket out, dip for a moment in cold water and then lay the oysters smooth between a folded napkin to dry. Sprinkle them with pepper, salt, a little grated nutmeg and a squeeze of lemon juice, and let them dry for an hour or so. When ready to use dip them in a thin batter and fry in hot olive oil, a few at a time. Serve on hot plates.

Becoming Fond of Tea.

We Americans are growing almost as fond of our cup of tea at odd hours as the English. Even our men, of late years, do not disdain their afternoon tea drinking, which is certainly better for them than an unlimited number of cocktails, though they have scarcely reached the stage of going home from business early for that especial purpose as does the brawny Englishman.

Barberry Preserve.

Take twice as many sweet pears of apples as barberries and three-fourths as much sweetening, half sugar, half molasses. Put sugar and molasses on to boil. When boiling put barberries in, cook 15 minutes, then skin out barberries and put in pears or apples. Cook till soft; then put back barberries and let boil up.

Whole Wheat Gems.

Beat two eggs, without separating; add to a cupful of milk, together with a tablespoonful of melted butter, a teaspoonful salt and one cup and a half of whole wheat flour sifted with two teaspoonfuls baking powder. Beat thoroughly, pour into hot, well-greased gem pans and bake in a quick oven for half an hour.

Scrambled Eggs With Cheese.

Break three eggs and stir them into a sauceron, or Mazer, of the chafing dish; beat them with a generous lump of butter, two tablespoonfuls of grated cheese, with salt and pepper to taste. It cooks in five minutes, and when just the right thickness pour into a deep hot dish, over some fried toast.

KIDNEY TROUBLES

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. Pat Was Going Some.

An Englishman, an Irishman and a Scotchman were one day arguing as to which of the three countries possessed the fastest trains.

"Well," said the Englishman, "I've been in one of our trains and the telegraph poles have been like a hedge."

"I've seen the milestones appear like tombstones," said the Scot.

"Be jabbers," said Pat, "I was one day in a train in my country, and we passed a field of turnips and a field of carrots, also a field of cabbage and parsley, then a pond of water, and we were going that quick I thought it was a broth."

She Did Not Fear Death.

An old lady on her seventy-third birthday once said, "I do not mind getting old, and I do not fear death, but I live in constant fear of paralysis."

"For some time I have been wanting to tell you of the great good your wonderful Sloan's Liniment is doing here," writes Mr. James F. Abernethy, of Rutherford College, N. C. "In fact, all your remedies are doing noble work, but your Liniment beats all. In my eight years' experience with medicine I find none to go ahead of it, having tried it in very many cases. I know of one young man, a brick-maker, who suffered from a partial, yes, almost complete paralysis of one arm. Now he can do as much work as ever, and he sings your praise every day. I get all to use it I possibly can and know there is great virtue in it. I have helped the sale of your noble remedies about here greatly, and expect to cause many more to buy them, as I know they can't be beat."

A Value.

"Nonsense," said the high financier, "we did not sell a worthless franchise."

"But such is current report," ventured the interviewer.

The high financier made a gesture of impatience. "Young man," he returned, severely, "if you got hold of any old franchise that you could unload for two millions, would you regard it as worthless?"

No reply being possible to this, none was made.

No Decoration Required.

It was Mr. Hobart's first experience with waffles, and he liked the taste of them. When he had been served twice, he called the waiter to him and spoke confidentially.

"I'm from Pokenville," he said, "and we're plain folks there; don't care much for style, but we know good food when we get it. I want another plateful of those cakes, but you tell the cook she needn't stop to put that fancy printing on 'em; just send 'em along plain."—Youth's Companion.
