MASONIC LODGE NO. 188, F. AND A. M. Meets every Second and Fourth Tuesday at 7:30 p. m.

See our line of carving sets now on display at Hainer-Alford Co.

There will be a dance in the pavilion at Abita Springs Sunday. Good music, and a pleasant time to all who attend.

There has been entirely too much rain and crops are suffering from lack of cultivation and too much moisture.

Get a nice eight-day office clock from Hainer-Alford Co. Only \$5.00 each.

Mr. L. A. Perreand, who has bought out the business of Mr. John Wadsworth, will keep on hand a constant supply of fresh eggs and chickens.

Call and get prices on photographs at Hainer-Alford Co. before buying elsewhere. We are agents for Edison and Victor Machines.

At the regular meeting of the Y. M. C. A. Tuesday night, the monthly dues were increased from 20 to 25 cents and the initiation fee was made 50 cents. A charter has been applied for.

Chief Emile Beaucaudray was all smiles Tuesday. Following is the cause: BORN—To Mrs. Emile Beaucaudray at 8 o'clock Tuesday morning, Aug. 10, 1909, a girl. Weight, 13 pounds and 2 ounces.

Rev. Father Koegerl has been operated upon at Hotel Dieu in New Orleans, to relieve him of a carbuncle on the neck. He is doing nicely and is now able to assume his regular duties.

Sergt. L. A. White, of Troop C. is making an excellent showing at the shoot at Lake Charles, being fourth on the list. His score is 288.

Mr. Godfrey Champagne started out in excellent form, and looked to be good for first or second place, but fell from grace later on in the shoot, but he will be a member of the team. He was twelfth, with a score of 253.

Avery Blount has failed to secure intervention in his behalf. The Governor has signed his death warrant and the day of execution is set for October 15, 1909.

Mr. Anatole Beaucaudray has had some photographs taken of the pineapples from his orchard. One shows a remarkably healthy and well-developed plant, the fruit of which looks as fine as those seen on the market. These plants are two years old, and prove that with proper protection and care the fruit can be grown here. Whether at a profit or not is a question yet to be decided.

The excursion from New Orleans to Covington last Saturday, was handicapped by miserable weather. It was raining in New Orleans when the train left and it was a rainy day here. But Mr. H. L. Garland deserves credit for the energy with which he is pushing matters, and he will bring another excursion to Covington today, accompanied by a New Orleans band. With good weather, he should be successful and the excursionists have a good time at the park.

The brick crusher purchased by the town will be situated next to the St. Tammany Ice and Manufacturing Co., which will furnish the electricity for running it. With a capacity for crushing one car load of brick a day, this machine, if kept busy could soon have material enough ready to pave all the streets in town. There is an opportunity for some philanthropic concern to make the town a present of old brick. The N. O. G. N. has promised to haul them, and there is no doubt that the town can get them on the streets. With the four large loads of shell that are to come, the town should be able to make a very pretty showing in street work.

Work of the Improvement Committee.

Jacob Seiler, P. J. Lacroix and Maurice Planché, constitute the Improvement Committee of the Town Council. They have concluded, in order to be of service in their work, to invite suggestions from citizens as to the needed improvements, and for this purpose will hold meetings at the Town hall every Wednesday of each week at which all are invited to be present who have any suggestions to make. Every citizen should consider that the interest of the town is his interest. It does no good to invite co-operation in these matters if the citizen takes no interest and does not trouble himself to devise some means for the advancement of the town. It is to be hoped that advantage will be taken of this opportunity and that good results will follow.

The twenty-five fire plugs that have been ordered put in by the Committee are situated as follows: Columbia and Rutland. Boston and Columbia. Watkins' Drug Store. Frank Norman's saloon. New Hampshire and Gibson. Lockwood and New Hampshire. Kirkland and New Hampshire. Kirkland and Columbia. Rutland and New Hampshire. Florida and Boston. Kemper and Boston. Florida and Lockwood. Warren Baden's residence, 221 and Jefferson. Southern Hotel. Theobald Brothers. Rutland and Kemper. Between Boy Warren's stable and Biekham's store. J. S. Jones' residence. Ellis and Hardie's residences.

Coming to Covington.

Rev. Chas. L. Nourse, evangelist for the synod of Louisiana, and Mr. R. N. Jeffery, gospel singer and soloist, will conduct gospel services at the Presbyterian Church in Covington, commencing Sunday morning, August 15, at 11 o'clock, and 8 p. m., and every day thereafter during the week at 4 and 8 p. m. Mr. Jeffrey's is a singer of note and his songs have been very much enjoyed by those who have had the pleasure of listening to him. Rev. Nourse was formerly pastor of the Memorial Presbyterian Church, of New Orleans, which pastorate he resigned in order that he might uninterruptedly pursue his labor in the gospel field. He is a pleasant speaker and much interested in his work, and it is expected that a large number will gladly embrace the opportunity of participating in the meetings.

Chemical No. 1.

A meeting of the members of Chemical No. 1 was held in the Seiler Building Wednesday evening, at which arrangements were made for continuing the service of this valuable addition to the Fire Department. There is no doubt of the effectiveness of the chemical engine at fires when properly equipped and handled, and with the arrangements made at this meeting carried out the obstacle heretofore encountered in the management of the machine will be removed. Mr. W. J. Warren has contracted to place the engine on four wheels within thirty days, the work to be approved by a committee of the company. This will do away with the difficulty experienced in rapid transportation of the engine and lessen the strain upon the horses. The engine will be turned over to the company by the town and \$50 per quarter donated for its keep. Mr. Jos. Elchinger, acting as purchasing committee for the company, will go to New Orleans and secure a suitable horse. Mrs. N. Seiler, through the intercession of the Seiler Bros., made an offer which was gladly accepted to build an engine house for the chemical, to be used by the company as long as desired, free of charge with the provision that the company would pay actual cost of material and labor. A vote of thanks was extended to Mrs. Seiler and to Seiler Brothers.

Adam J. Seiler, Jr.

The little son of Mr. and Mrs. Adam J. Seiler was christened at their residence in Twenty-fifth Avenue last Sunday, Rev. Jos. Koegerl officiating. The name chosen was that of his father, Adam J., and there is now a junior in the family. Jacob Seiler and Mrs. Caroline Strain were sponsors. Members of the family only were present. After the ceremony, supper was served to those present at the christening. Young T. C. Murray created quite a flurry by disappearing from his home without informing his father of his intention. As he was very fond of swimming in the river it was supposed that he had been overcome with cramps or met with some accident. It subsequently transpired, however, that he was simply paying a visit to relatives.

If you are all run down Foley's Kidney Remedy will help you. It strengthens the kidneys so they will eliminate the impurities from the blood that depress the nerves, and cause exhaustion, backache, rheumatism, and urinary irregularities, which sap the vitality. Do not delay. Take Foley's Kidney Remedy at once. Sold by Theo. Strain.

Police Jury.

The Police Jury will meet in regular session on Monday, August 16.

A Warning.

The Mayor wishes to warn boys that if the use of "nigger shooters" is not discontinued they will be arrested and punished.

Gunther's Villa.

Among the pleasant affairs of last week was a dance given Saturday at the home of Mrs. W. E. Gunther, in honor of Mr. Joseph P. Byrne and mother, of New Orleans. The occasion was one replete with enjoyment for all who participated in the evening's pleasure. Refreshments were served in abundance, and dancing was continued until a late hour.

The Time to Advertise.

There's nothing on earth so mysteriously funny as an advertisement. The prime, first and last, and all-the-time object of an advertisement is to draw custom. It is not and never will be, designed for any other purpose. So the merchant waits till the busy season comes and his store is so full of customers that he can't get his hat off, and then he rushes to his printer and goes in for advertising. When the dull season gets along and there is no trade and he wants to sell his goods so bad he can't pay his rent, he stops advertising. That is, some do, but occasionally a level-headed merchant does more of it, and gets on all the business, while his neighbors are struggling to make ends meet. There are times when you couldn't stop people from buying everything in the store if you planted a cannon behind the door, and that's the time when the advertisement is sent out on its holy mission. It makes light work for advertising, for a chalk sign on the side walk could do all that was needed and a half-holiday six days in a week. Advertisements are built to do hard work, and should be sent out in dull days, when the customer has to be knocked down with hard facts, and kicked insensible with bankrupt reductions, and dragged in with irresistible slaughter of prices before he will spend a cent. That's the end and aim of advertising, and if ever you open a store, don't try to get down to come when they are already sticking out of the windows, but give them your advertisement right between the eyes in a dull season, and you will walk rich and own a fast horse and perhaps be able to smoke a cigar once or twice a year. Write this down where you'll fall over it every day. The time to draw business is when you want business, and not when you have more business than you can tend to already.—La Rue (O.) News.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all druggists.

Woodmen of the World.

The Woodmen of the World is gaining popularity all over the United States. In New Orleans it has a large membership, numbering among them some of the most prominent citizens. The financial standing of the order also gives it prominence as a desirable and prosperous organization. A week or so ago State Organizer Weil, of New Orleans, came over for the purpose of strengthening its membership on this side of the river. He was accompanied by quite a large class to be added to the Covington lodge, Holly Camp, No. 90. The initiation of this class occurred last Sunday, and was accomplished as team work by the celebrated degree team from Palmetto Camp, No. 2, of New Orleans, composed of Consul Commander Ralph Hamlin, Past Consul Commander John Capdeville, Banker O. A. Levy, Advisor Lieutenant B. G. Levy, Watchman E. L. Hebert, Escort John Drexell. Thirty new members were received into the order, and they being selected to illustrate the work. The visiting members were received at the depot on the arrival of the morning train by the degree team of the home camp and the Covington Military Band. At noon they were guests of the team at a dinner served at the New Commercial Hotel. After 1 o'clock p. m. a line of march was taken up from Masonic Hall to Cantrell's Hall, where addresses were delivered by Major A. B. Booth, head consul, and State Manager E. M. Weil. During the exercises Mr. John Schwarz, of New Orleans, played selections on the piano. Following is the list of the new members: Ellis, Vernon Baird, Ernest Blatner, Warren Thomas, Judge T. M. Burns, W. T. Calumet, Sam T. Blossman, Joe Elchinger, Archie Smith, S. Garcia, C. Marvin Poole, Sydney Frederick, Barclay Smith, Arthur Strain, J. E. Cotton, Louis Theriot, Emile Cassart, Claud Smith, S. D. Bullock, Walter Gallatas, Paul J. Lacroix, W. C. Meek, Fred Roehl, A. V. Smith, Louis David, August Vergez, Howard Burns and John Sire, J. H. Mason and Arthur du Vergne, of Abita.
