J. STERN & SON COVINGTON BARGAIN DAY Real Bargains

IN PLACING these goods on our counters as Bargains, Good, Genuine Bargains, we presume that our patrons are familiar with values and will understand that they can not get them at these prices on any other day, because some of them are marked even below the cost price. We candidly admit that we are doing this simply to attract you to our store, that you may see the class of goods we are offering, believing that the loss on this sale will be repaid by inducing you to become a regular customer. These bargains are new goods taken from our regular stock. Our prices at all times will be the lowest possible, and cannot be beaten in New Orleans for the same goods. Come and see them.
