A short time ago she was removed to New Orleans to receive medical treatment, but her life could not be saved. She died of spinal meningitis on Monday, November 14, 1910, at the Touro Infirmary. TO THE JURY.

I hereby give notice that I have withdrawn from piano contest now being conducted by J. Stern & Son. I do so at the request of the St. Tammany Fair and not because of any disaffection with the management of the contest. I am at the head of fifty contestants and have guaranteed support sufficient to assure the winner of piano. It is for this reason that Farmer wishes me to withdraw. As the paper is also associated in the contest, the proprietors feel as the wife of a business man should I win the prize, some disaffection might be felt.

I wish to express my heartfelt appreciation for the generous support of my friends and wish J. Stern & Son all possible success in their contest. Regret the necessity for my withdrawal.

M. E. D. KENTZEL.

We of Slidell have much indeed to be thankful to the Almighty Giver of all good. The health of the community has been unusually good the past year. There have been several moves made for the moral welfare of our town; plenty of work for those cared to work; few losses by fire and no losses by storm; a decided improvement in church property. A great number of new buildings have been erected which speaks of progress.

Of course, we are in need of so many other improvements at present, that we trust to realize ere Thanksgiving in 1911. For instance, modern up-to-date school building, a fire department, an improved or at least repaired railroad depot a street improvement league. The last named will be a very important factor in our town, it will mean clean streets, less dust, more lights, a neater, cleaner, more up-to-date town, more union of our people. Strangers are always attracted by a clean, modern town. We, of Slidell, have every means of keeping our town in perfectly sanitary condition if we will only work together.
