"The plea that a man is too busy is absolutely without weight, for if you notice, it is always the men full up to his neck with work that always manages to do things. The drone and the sluggard are those that are too busy to work for their community's welfare; the man of affairs can always find a few spare minutes in which to labor for his city."

Ask any housewife who has ceased making her own bread and who is using ours instead, what she thinks of OUR bread. Also ask her if she would ever go back to baking again, and you'll receive the best recommendation we could name for our product.

We ask that you but try our bread, which is made in a modern enamelled brick oven, then you will always use it.
