

We wish to call your attention to the fact that most infectious diseases such as whooping cough, diphtheria and scarlet fever are contracted when the child has a cold. Chamberlain's Cough Remedy promptly cures a cold and greatly lessens the danger of contracting these diseases. This remedy is famous for its cures of colds. It contains no opium or other narcotic and may be given to a child with implicit confidence. Sold by all dealers.

**SUGGESTION AND SUICIDE.**

That the suggestive effect of reading details of suicide is a powerful factor in the causation of suicide among susceptible persons is recognized. The suggestion is more likely to have influence when in the account of the suicide some poisonous article commonly found in households, such as phenol, Lysol and P. High on Rata, is named as the agent employed by the suicide. In New South Wales newspapers have been asked by the pharmaceutical board not to publish the names of poisons used by suicides. In several instances leading newspapers have heeded this request, particularly in connection with Lysol poisoning cases. There are numerous all the states of the commonwealth. The American Medical Association, in 1910, adopted resolutions to the effect that the publication of details of suicide in newspapers is one of the potent causes of other suicides through suggestion and it was recommended to the public press that the details of suicides be omitted from publication. While it is the consensus of opinion that the publication of details of suicides does promote further similar acts, the newspapers assert that it is their duty to publish the news. In adopting this attitude, says the Journal of the American Medical Association, the responsibility. A definite and strong expression of public opinion against this practice would no doubt have a better effect than legal enactments.

**Man Coughs and Breaks Ribs.**

After a frightful coughing spell a man in Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonful ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it is a God-send to humanity," writes Mrs. Edie Weston, Columbia, Mo., "for I believe I would have consumpted today if I had not used this great remedy. Its guaranteed to satisfy, and you can get a free trial bottle free or 50 cent or \$1 size at all druggists."
