made by which the shortage could be
made good. District Attorney Vol
Brook was communicated with by tel-

INTEREST IN THE CANNING FAC-
TORY INCREASES.

At the organization meeting of the
canning company a few days ago
committees were appointed to se-
cure the co-operation of the farmers
and to learn, as far as possible, what
amount of vegetables and berries
they could be depended upon to sup-
ply during the present canning sea-
son; also to determine the extent and
profitableness of the market for Lou-
isiana canned goods.
A successful canner at this place
will mean more to the townspeople
and farmers than other enterprises
employing much greater capital, be-
cause every man and woman will
have an opportunity to cultivate and
sell vegetables and fruits at profit-
able prices, while the children will
come in for their share of the profits
without other preparation than the
picking and selling of berries.
Over \$2000 has been subscribed
and the amount necessary under the
law to incorporate is in sight, and
it is now more a matter of securing
the co-operation and interest of the
people and of perfecting details, than
of raising money. It is therefore to
be hoped that the committees will
have an early and encouraging re-
port.
The following named gentlemen
are chairmen of the more important
committees: Farmer's Committee,
Mr. Frank Dutach; Sales Committee,
Mr. E. J. Domergue; Executive Com-
mittee, Mr. E. J. Frederick; and
Messrs. Richard and Aubert consti-
tute the subscription committee.

FROM COVINGTON TO GULFPORT

The railroad from Covington to
Gulfport seems to be an assured
thing. This road will offer the most
direct route to deep water and the
Pan American trade for the Missis-
sippi Valley, for the Southern Pacific
and the Frisco roads, both in the
factory districts and the most fertile
lands of the Union. Covington must
ultimately afford terminals for these
roads, and for the Illinois Central.
This is not the haphazard guess of
superficial observation. It is but a
few days since some of the shrewdest
capitalists of New York have come
down to look into the matter, and
they were well pleased.

BERNICE GOLDEN FROM GRAVE
ASKS FOR HEINZ.

Remarkable Petition for Court to
Wipe Out Record in
Divorce Case.
New York, April 3.—The court
that parted F. Augustus Heinz, the
copper king, and his wife, Bernice
Golden, former actress, will be re-
quested to restore her to him in
divorce.
It was Mrs. Heinz's dying wish that
this be done for the sake of her
child, a boy 5 years old. Her law-
yer, Benjamin F. Spellman, began
preparation of a remarkable petition
today, a few hours after his client's
death, to expunge the record of the
interlocutory decree already granted.
"I have always loved you, Fritz;
I have always hoped something would
happen to bring you back to me,"
the dying woman's words of recon-
ciliation with her husband, the
copper king, her tears and embraces;
his assurances of love; his
promise to try to fulfill her last wish
—all these will be written into the
jurisprudence of the state, together
with the testimony, under oath, of
Mrs. Heinz's mother, her sister, the
nurses who stood nearby.
Is a Court Precedent.
Never before has the Supreme
Court of New York been petitioned
to expunge the record of a divorce
by a voice from the grave.
"Had she lived," the final decree
possible for Mrs. Heinz to discontinue
this action," Mr. Spellman said to-
day. "Because of her love for Heinz
and her hope that something would
bring about a reconciliation, she
postponed taking the final decree
which might have been entered last
month. She had only until April 17
to decide whether the decree would
be taken.
Decree Means Death.
"Again and again she told me:
'Wait, wait; that decree means death
between my husband and me. To
take it would tear my soul from its
body.'
"During the last minutes of her
life she repeated over and over again
the request that the record be ex-
punged. I am convinced that there
must be some method for the great
chancellor to reach out and destroy
or seal those records."
Mrs. Heinz's body was sent this
afternoon to Toledo, O., for burial.

IN MEMORY OF JOHN THEOBALD.

"Uncle" John Theobald died at his
home a few miles north of Coving-
ton, on Tuesday, March 4, 1913. He
was born November 27, 1827, at
Rheinphalz, Bavaria. He took a
prominent part in the Revolution of
1848, engaging in many battles.
After the failure of the Revolution he
like many other prominent Ger-
mans of that time left his father-
land and came to the land of free-
dom. After traveling over America
he finally settled in St. Tammany
parish, in 1852, where he had since
been living.
Mr. John Theobald was one of the
oldest and most prominent citizens
of this parish. He was a charter
member of Masonic Lodge No. 188
of Covington, being at his death its
Past Master. He also was a charter
member of Bogue Falaya Grove No.
21, U. A. O. D.
He was a blacksmith by trade,
which occupation he followed until
the year 1905. He retired from ac-
tive business in that year and built
himself a beautiful home on the New
Orleans Great Northern Railroad
about four miles north of Coving-
ton at a station named Theobald.
Brother Theobald was married twice
and leaves behind him a widow, ten
children, twenty-nine grandchildren
and one great grandchild.
Earnest, faithful, gentle and true
he has laid aside earth's care and
gone to that home beyond the skies
leaving a monument before which
the Pyramids fade into insignifi-
cance.
A FRIEND.

was read by Dr. K. W. Ney, whose
investigations in this field gave
special interest to his remarks.

USED TURTLES AS
CURE FOR LEPROSY

Friedmann Success Recalls Visit of
Louis XI of France to Cape
Verde Islands.
Paris, April 3.—A French histori-
cal authority, in connection with the
alleged cure for tuberculosis now being
advanced by Dr. F. F. Friedmann in
the United States, calls attention to
the little known fact that the medi-
cal use of the turtles of the sea is
by no means of recent date.
On July 8, 1482, King Louis XI of
France sent George the Greek, mas-
ter mariner, to the Cape Verde Is-
lands to seek "various things touch-
ing nearly to the well-being and
health of our person." Cape Verde
Islanders had the reputation of pos-
sessing a cure of leprosy, a report of
which had been brought back to
France by a traveler from the coast
of Guinea at about the time King
Louis was in declining health. Ac-
cording to the recital of this travel-
er, the big sea turtles were caught
by the islanders when they came out
of the beach at low tide to feed.
They were at once killed, and their
blood caught in large tubs. Persons
afflicted with leprosy bathed in the
blood and afterward ate of the
turtle's flesh. This treatment was
mainly for two years, at the end
of which time the patients were usu-
ally cured of the dreadful disease.

GIRLS AT BELHAVEN OBSERVED
APRIL 1, BUT THEY'RE
PAYING DEARLY.

Jackson, Miss., April 4.—The girl
students at Belhaven College who
went on a strike on All Fool's Day
refusing to report for studies, have
concluded that their joke was not
so funny after all.
A faculty order has been issued
prohibiting the strikers from receiv-
ing company or attending parlor
receptions during the remainder of the
season, and restricting them to the
campus until commencement period.
No outbreak against the ruling has
occurred so far but sixty days re-
main before the end of the school
year, the very season when one
wants cool drink, and must have
them. There are no soda fountains
on the campus.
Don't be surprised if you have an
attack of rheumatism this spring.
Just rub the affected parts freely
with Chamberlain's Liniment and it
will soon disappear. For sale by all
dealers.

school will be built at Ramsey by
the Benedictine Sisters of St. Bern-
ard, La. The school will be located
on the estate of Charles Green, who
has sold the property to the commu-
nity. A handsome structure, two or
three stories high, is contemplated,

Green, though a Northerner by birth,
was one of the oldest settlers of
Ramsey. He has purchased a farm
in Red Bluff, three miles north of
Ramsey.

POSTPONEMENT.

Owing to the bad weather the law-
party to have been given by the Meth-
odist Aid Society has been indefi-
nitely postponed.

Coughs and Consumption.

Cough, and colds, when neglected
always lead to serious trouble of the
lungs. The wisest thing to do when
you have a cold that troubles you is
to get a bottle of Dr. King's New
Discovery. You will get relief from
the first dose, and finally the cough
will disappear. O. H. Brown, of Mus-
cadina, Ala., writes: "My wife was
down in bed with an obstinate cough
and I honestly believe had it not
been for Dr. King's New Discovery
she would not have been living to-
day." Knows for forty three years
as the best remedy for cough and
cold. Price 50 cents and \$1. Rec-
ommended by all dealers.
