MANDEVILLE NOTES.

Mandeville is now on the boom. Your correspondent, after a general interview with builders, contractors, etc., learns that during the past year Mandeville has built seventeen new houses, from the stately bungalow to the modest cottage, repaired and altered twenty-two buildings, representing an outlay of about \$76,000. Several hundred building sites and four ten-acre farms have been sold within the past six months. Seventy per cent of houses to rent have been leased for the summer season. We have two "movies," carnivals, shooting galleries and an open public park with afternoon music, and with all the cheap rates by boat, motor and railroad justifies our pro-summer anticipations of a busy and unusual summer population.

MADEWELL NOTES.

The three Sunday schools of St. John's, Methodist, Baptist and Presbyterian, gave their annual picnic last Wednesday. All who attended came home talking about the good time they had and about the "yaller-legged" chicken that was spread bountifully. The crowd formed in front of the brickyard, and there boarded the cars that took them out to Bayou Liberty, about three miles from Slidell. Under the shade of the beautiful oaks and on the banks of this bayou the beautiful dinner was served. Swinging, boating and different games soon brought the time near to return home. Thanks are due the Salmen Brick and Lumber Company for their kindness in furnishing the train for this picnic.

One of the most successful revivals of the Methodist church here closed Sunday night after a two weeks duration. Services were conducted by Evangelist Demaray, assisted by Hamp Sewel, gospel singer. A total of twenty-two new members were received into the church on the last day of the services. Thanks are due to the visiting young ladies who assisted in the music and songs, and all others who helped make the meeting a success.

The foundation of the new New Orleans Northeastern depot has been completed and work is being rushed on the building. It is to be a two-story building with pressed brick facing, with large office capacity and comfortable waiting rooms. It is said the building will cost \$25,000.
