BECKLESS RIDE TO ABITA.
 Four Youngsters Plunge Into the Ditch of the Abita Road and Wreck Automobile.
 A wrecked automobile and some badly-shaken-up youngsters, who luckily missed serious injury, was the result of a stolen auto ride Sunday night, which threatened to terminate with the prosecution of the four participants, who are all minors.
 If the facts as reported are correct the case is a quiet serious one, including the charge of breaking into and entering in the night time, which is a penal offense. It is charged the Louis Relling, Achilles Alfonso, Loui Lacroix and Colbert LeBlanc took the automobile from the Auto Repair Shop of Mr. McMann on New Hampshire street Sunday night, where it had been taken by the owner, Mr. Wertz, for repair. In order to get the machine the lock on the door was broken. The four boys then jumped into the machine and started on their reckless drive to Abita Springs, winding up in the ditch alongside the road. The axle of the car was broken, one spoke was knocked from a wheel and the engine damaged. The auto had to be hauled back to town.
 Mr. McMann declared that he would hold the parties responsible for the cost of repairing the machine which was about \$50, else he would prosecute them, as he could not afford to lose this amount.
 There are several sides to the story. Some say that Relling got the car and the other boys went for the oil to run it with and that Relling is responsible. On the other hand it is said that Relling is responsible only for his share, or \$12.50, which he is willing to pay. However this may be, all rode in a car that did not belong to them and that had been stolen from the McMann repair shop. They are very lucky that their parents did not have to pay an undertaker's bill as well.
 There is a certain amount of hoodlumism that crops out every once in a while among some of the young studs of Covington and citizens are getting tired of it. It was in evidence at the fair, by the stealing of ribbons from the exhibits, jars of preserves, and other edibles exhibited, and the breaking of a large jar belonging to the Mackie Pine Products exhibit. Other depredations have occurred at the park and elsewhere that show the same kind of inclination to those engaged in them. The only way to prevent the recurrence of such acts is to hunt down the offenders and punish them.

C. H. DUTSCH.
 One of St. Tammany's Beneficiary Cadets to the State University—Who is Making Good.
 The following communication which comes from the Department of Journalism of the State University at Baton Rouge, La., has earned tribute to Mr. C. H. Dutsch.
 Christian Henry Dutsch, of Covington, La., St. Tammany parish, a general secretary of the local Y. M. C. A. of the Louisiana State University, is making a phenomenal success. He is an alumnus of the University having graduated in 1912, and served one year as Y. M. C. A. secretary at the University of Mississippi.
 Dutsch graduated from the Covington high school in 1908, and came a beneficiary cadet to the University in the fall of the same year. He was a private in Company D during his first year. Like most Freshmen, he imagined he could carry the whole curriculum, so he loaded up 20 hours exclusive of drill. But Dutsch worked, and at the end of the year had a creditable grade in everything, except drill. During this year the Graham Literary Society had its beginning and being quick to grasp every opportunity he became a charter member.
 Dutsch returned to the University again the next year. At the first meeting of the Graham Literary Society he was chosen vice president still remaining in Company D as a private and being a member of the Sophomore football team.
 In his third year of college life Dutsch became thoroughly imbued with college spirit and began to take prominent part in all college activities. He joined the Y. M. C. A., and became chairman of the Bible Study Committee, and was made sergeant in Company D. At the close of the year he was chosen to represent the local Y. M. C. A. at the Southern Student Conference, which met at Montreat, N. C.
 In the session of 1911-12, which was the last year he spent in school Dutsch was one of the most conspicuous members of the Senior class. Honors came to him thick and fast. To begin with he was made captain of Company B with the second rank in the cadet battalion. He had a well disciplined company, and every man had the greatest respect for his authority. His activities were largely directed in the literary field this year for he was a member of the Revellie staff, a member of the Gumbo board and also class prophet. He again represented the local Y. M. C. A. at the Southern Student Conference, at Ruston, May 27th was the crowning point of Dutsch's college career, when he was elected secretary of the highest honors which his class could bestow upon him.
 Soon after his graduation Dutsch became general secretary of the Y. M. C. A. at the University of Mississippi. His efforts there were also crowned with success. At the close of that year, he was appointed secretary of the Y. M. C. A. at the Louisiana State University. Under his leadership the organization has been making great progress. It is now becoming one of the principal phases of college life here. Secretary Dutsch is an active and earnest worker who accomplishes things. He possesses the tact and ability to get people to fall in line and go to work. The Y. M. C. A., under such efficient leadership, must grow. The students are proud of him and honor him, the University is proud of him, all who know him are proud of his friendship, and it is not too much to say that St. Tammany parish and the town of Covington will do well to write his name upon their lists of worthy and honored sons.

 If you are a calomel user, next time you are tempted to buy it ask your druggist if he can absolutely guarantee the drug not to harm you. He won't do it because he CAN'T do it. But there is a perfect substitute for calomel which the druggist does guarantee—the famous Dodson's Liver Tonic. City Drug Store will refund your money without question if you are not thoroughly satisfied.
 Go to City Drug Store whom you are acquainted with—and find out about the great number of people who are taking this remarkable remedy and feeling better, keener, healthier, and better able to enjoy life than they ever were when taking calomel.

end. If you haven't felt these ill-effects so far, it is because you are fortunate enough to have a strong constitution.
 Don't take the risk any longer. DEAFNESS CANNOT BE CURED
 by local applications, as they never reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
 We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
