SCHOOL NOTES.

Some few weeks ago, when the 59th pupil in the Covington high school was announced, it was stated that a hope was cherished that the enrollment would reach 60 before the Christmas holidays, and the query was thrown out, who would be the 60th? We failed to say athen that we enrolled the coveted 60th, in the person of Alton Smith. Now the roll stands 61, the last being James Seymour, of Mandeville. We are glad to have these new students. James shows himself to be a steady, studious fellow. He has been going to Slidell, but decided to transfer to Covington.

We are glad to announce the return of Edward Heitz. Edward withdrew at the close of his second week in the high school, expecting to enter a New Orleans school, but did not get off. We all welcome him back. He is not only a splendid youngster, but a good student, the kind that adds to the school attendance.

We regret to announce that Lilla Patch will withdraw from school Monday, since her aunt, with whom she is staying will move to New Orleans, whither Lilla will go. She is one of the best students and girls in school, and we hate to lose her, but extend best wishes to her in her new environs.

Octave Smith and Clifton Keen, both have been added to our list of high school boys to begin training on their speeches, and will go to practicing in dead earnest after the holidays. Each will memorize two drill speeches and then one assigned them for the preliminary contest, when contestants will be chosen to represent the Covington school in the parish. The speeches assigned them are abridged masterpieces of such orators as Webster, Henry and Grady.

Coach Hays carried his basketball team to Slidell last Saturday and played the high school there. The Slidell boys put it over on the Covington team, but the game was interesting and the trip thoroughly enjoyed. The Slidell boys entertained the visitors Saturday night, showing themselves fine hosts. And the Covington boys showed themselves good losers. The game will prove to be a benefit to our boys. Several of them are new men, and needed to so in against a good, swift team, as the Slidell is. They know now where to improve, and will meet the Slidell fellows again this season. These games can be made the means of bringing schools into closer understanding and relationship, and are to be encouraged. If properly handled they serve to strengthen friendship among schools and increase school spirit.

Frank Burns has decided that he is going to make a scientific agriculturist, following the notice given the agricultural class under Miss McLaughlin. We hope Frank will stay in agriculture as the widest open, and offers the greatest remunerations of any other. A favorable sign is the enrollment in the State University agricultural classes this year is double the enrollment there last year. The teacher or any one else who turns a boy towards scientific farming will be rendering the boy and the State a service.

Ruth Burns, secretary of the high school literary society, was out part of this week on account of a slight illness.

The eighth grade botany study with their instructor, Mr. Hays, enjoyed a trip to the woods specimen hunting, Tuesday.

The new department of singing and drawing under Miss O'Brien is proving quite popular. Miss O'Brien is a staunch advocate of melodies and words that involve deep sentiment and beauty, opposed to rag-time catches of the day. We comment most heartily her taste and stand in selecting matter that appeals to the noble emotions of the children.

This week closes our third month. We are anxious to get our reports together to see what has been accomplished this month.

The fourth grade honor roll for the week ending Dec. 5, is Dorothy Blossman, Elma Maddox, Lucy Glass. The spelling match was won by Elma Maddox, Paul Merrit, Will Leonard.

The fourth grade has appointed their various committees for the Christmas tree festivities.

Twenty new steel desks have been put in the Lewisburg school; also a Smith's Sanitary Heater at Oak Grove school, Bush. This stove is giving satisfaction, having an asbestos jacket and ventilating appliances that give an even and comfortable warmth.

The honor roll for November of the German Settlement school is as follows: Sixth Grade—Viola Talley, Blanche Downs, and Ruth Schech. Fourth Grade—Jennie Cook. Third Grade—Archie Cook, Esther Cook, Arthur Schech. Second Grade—Ben Revere, Eddie Revere. First Grade—Thelma Dutach, Jennie Talley, Rachel Dutach, Marguerite Revere.

The Speedwell car of Mr. L. T. Miles, of Slidell, won second place in the seventy-five-mile race in New Orleans last Sunday. The car was driven by E. Foulkes. The "Red Devil" that made this good running has frequently been seen in the streets of Covington.
