War News
 (Continued from first page)
 between Nancy and Chateau Salins. In Alsace, where the French advanced so quickly at the beginning of the war, there has been a long respite from serious fighting. This is due, in the opinion of military experts, to the withdrawal of the Germans, who were needed for the west, and probably to return to Austria of troops sent to the assistance of the Germans last month.
 In Galicia Gen. Ruzsky, who won a signal victory over the Austrians at Lemberg, is continuing his attempt to encircle the army of Gen. Auffenberg. Moving southward from Lemberg, he has worked around, if he has not captured, the stronghold of Przemysl, whence he can get in the rear of the Austrians, who are drawn up on a line approximately from Kielce to Jaroslav, and are being threatened by the Russian advance southward from Radom and Zamoza.
Position Very Dangerous.
 The Austrians seem to be in an extremely dangerous position, and, if they are defeated by the Russians, it will be a second Lemberg for them. They appear to have other troubles, too. Reports persist that Emperor Francis Joseph is dangerously ill, that there are internal dissensions in the dual monarchy, and that Italy, Bulgaria and Rumania are waiting Austria's defeat by Russia to appropriate some of the vast territories on her southern frontier.
 The Servians, having driven all Austrian troops out of her territory, have commenced an advance into Bosnia from the north.
 Bordeaux, Sept. 9, 10:45 p. m.—The following official announcement was issued to-night:
 "On the left wing all the German attempts to break the French lines on the right bank of the Ourcq river have failed. We have taken two standards.
 "The British army crossed the Marne, and the enemy has fallen back about forty kilometers (twenty-five miles).
 "On the center and right wing there is no noticeable change."
 Beginning Retreat.
 The following official communication was issued here at 3 o'clock this afternoon:
 "On the whole the Germans appear to be beginning a movement of retreat.
 "The strategic position of the French troops is improving, but one cannot judge of a battle extending over 100 kilometers (about sixty-three miles).
 "The Germans seem to experience certain difficulties in provisioning.
 "In general, the French troops seem to be gaining the advantage."
Wants More Troops.
 President Poincare has signed a decree calling all Frenchmen previously exempted from military service on the ground of defective health to undergo a further medical examination. Those found fit will be drafted into the army.
 The German formation is now in convex form, which is absolutely contrary to the whole conception of the German general staff.
 The Bulletin des Armees, a newspaper published by the Ministry of War, declares there is every reason to expect that the stay of the French government in Bordeaux will be short.
Go To Re-enforce Germans.
 London, Sept. 9.—German reinforcements, estimated at 60,000 men, are advancing into France in three columns, according to an Ostend dispatch to the Reuter Telegraph Company.

SCHOOL NOTES

 "In a one-room school only five grades shall be taught," has driven at least half a dozen pupils from country schools to our high school. We extend a cordial welcome to them. We extend a cordial welcome and invitation to patrons to visit us at any time. We want all of you to come and inspect what your boys and girls are doing and how they are being treated. While you are visiting us, we will proceed with our regular programs. Come in, make yourselves at home, and we shall be pleased. It has been our experience that those who find most fault with school are the ones who never visit us. Come in and criticize. Give us suggestions. We will take them kindly and if practical will put them into practice. We want you to work with us, and know that you will, if you will come and find out what we are doing.

NEW YORK SURPRISED AT LOUISIANA CORN.
 New York, Sept. 5, 1914.
 Editor St. Tammany Farmer:
 Dear Sir:—Thinking perhaps it may be of interest to some of the many readers of your valuable paper to know that Covington, in fact, the whole State of Louisiana, has never received such boosting as it is now getting in greater New York. When Capt. Olsen and family left Covington last May to spend the summer in their home in New York they took with them different seeds obtained from the products raised on their place in Claiborne last year. On arrival north they planted some okra which is a curiosity to northern peo-

Backache
 Miss Myrtle Cothurn, of Russellville, Ala., says: "For nearly a year, I suffered with terrible backache, pains in my limbs, and my head ached nearly all the time. Our family doctor treated me, but only gave me temporary relief. I was certainly in bad health. My school teacher advised me to TAKE **Cardui** The Woman's Tonic. I took two bottles, in all, and was cured. I shall always praise Cardui to sick and suffering women." If you suffer from pains peculiar to weak women, such as headache, backache, or other symptoms of womanly trouble, or if you merely need a tonic for that tired, nervous, worn-out feeling, try Cardui. 5-6
