MEETING OF W. P. U.

The regular meeting of Monday was well attended, despite the cold weather.

A good attendance always keeps life and interest in a meeting, and means much in the way of encouragement to the presiding officer, and those members who have reports to make upon work done by them and their committees.

So all members of the Union are requested to stick a pin right here, and to bear in mind that the welfare and usefulness of this and all organizations depend as much as (if not more) upon this matter of coming to the meetings as upon anything else.

The various chairmen of fair committees were called upon for reports of the work done and money made by committees in charge of the Union's work at the recent parish fair.

Mrs. Warren, in charge of the ice cream and pop booth, reported \$109.08 made and turned over to general chairman.

Mrs. Ostendorf, for Mrs. W. H. Kentzel, absent, reported \$75.70 made at candy booth, and also turned over to general chairman.

Mrs. E. R. Moses, general chairman, gave in a very fine report, showing that \$325.15 net was made by the restaurant, under herself and Mrs. H. T. G. Weaver, and by the two above mentioned committees.

This sum has been turned over to the fair commissioners from the Women's Progressive Union, as its part of the year's work in the fair.

A letter was read from Mrs. Babin of Baton Rouge, president of the 6th district, in the La. Federation of Women's Clubs, regretting the absence of delegates from the clubs of Covington at recent meeting.

The matter of putting trash containers about the town came up for consideration.

The Union is rather discouraged about this proposition, as the basket put in front of the postoffice several years ago has met with very rough treatment from the boys—the men of Covington's future and its future voters, into whose hands the future government of the town will be entrusted. Now, it would be well if these young hoodlums—our coming voters, politicians and citizens—were taught to at least respect the efforts being made to contribute to the cleanliness and good appearance of our town by the women who take some interest and pride in obtaining this much desired condition. This matter of putting trash holders was tabled for future consideration.

A letter was read from Miss Ellen Fleming, of New Orleans, urging the Union to take up Medalia Day for the benefit of the building of Louisiana building at San Francisco Exposition. The matter was not taken up.

Miss Eastman was appointed chairman of committee to confer with the Improvement Committee of the town council on disposal of rubbish, tin cans, etc.

Mrs. Preston Burns, chairman of cemetery committee, reported work well in hand and progressing nicely. Meeting adjourned.

Election of officers for new term will take place at the next meeting—second Monday in January.

RAILROAD COMMISSION GRANTS RIGHT TO TAKE OFF TRAIN. Baton Rouge, Dec. 17.—In an order handed down to-day the Louisiana Railroad Commission granted permission to the New Orleans Great Northern Railroad to discontinue six passenger trains on its main line and branch lines, to become effective January 3.

The trains which the road was authorized to take off are Nos. 21 and 22 of the "Shore Line," between North Slidell and Covington and Folsom; Nos. 13 and 16 of the main line, running between Rio and Bogalusa,

and either trains Nos. 31 and 32 or Nos. 33 and 34 of the Bogue Chitto branch, as the road may elect.

The reason given in the order for the authority given the road to take off the trains is that passenger service has been materially reduced because no lumber, which forms the bulk of the road's tonnage, is not moving. The Great Northern claims it has been operating its passenger trains at a loss.

By the discontinuance of the Shore Line trains New Orleans will be deprived of morning passenger service into Covington and Folsom, and those towns will have no evening train service into New Orleans. Train No. 21 at present connects with the morning train out of New Orleans at North Slidell and arrives at Folsom, its terminus, at 10:30 o'clock. Returning it leaves Folsom at 2:30 o'clock in the afternoon, arriving at North Slidell in time to connect with the evening train which arrives in New Orleans at 5:50 o'clock.

The Great Northern brought upon itself a storm of protest from its St. Tammany patrons when it proposed to take off the rains. A large delegation of citizens from the parish appeared before the Railroad Commission when the petition of the road for permission to reduce its train service was heard, and "kicked" against the cut in no uncertain terms.

The Railroad Commission also granted permission to the Kentwood and Eastern Railroad to substitute a motor car for its passenger train on Mondays, Wednesdays and Fridays, and to the Louisiana and Arkansas permission to substitute a mixed train for its passenger service.

AN IMPORTANT NOTICE.

Mr. S. W. Settoon, chief deputy internal revenue officer, was in Covington last week. Mr. Settoon's duty is to see that the war revenue tax is paid. The penalty for violating the law in this respect is very severe—\$500. There are so many things upon which stamps must be placed to avoid violating the law. Mr. Settoon said that he did not wish to see any one suffer the heavy penalty if it could be avoided, but the law must be obeyed. Chewing gum, cigars and tobacco where annual sales exceed \$200; stocks and bonds, except United States, State and municipal, express and freight bills of lading, telephone and telegraph messages when over fifteen cents, notes, brokers' contracts, pertumery, wines and liquors, in fact, quite a number of things are subject to this tax. Look up the law and protect yourself from severe penalty.

This mill not only supplies work to a good many hands, but considerable of the wages of the employees is spent in Covington. When the mill shut down it was quite a loss.
