State vs. Adolphus Brown, larceny, 20 days in jail.

Donaldson, O'Conner and Williams found not guilty. Isam sentenced to ten years in penitentiary at hard labor.

MEETING FIRE DEPARTMENT

(Continued from page 1)

Covington, La., March 8, 1915.

To the Officers and Members of the Covington Fire Department.

Gentlemen:—I tender this my monthly report as Chief of your Fire Department.

On March 1, at 10:40 a. m., an alarm was sent in from Claiborne, calling out the Department to Dr. N. M. Hebert's cottages on fire, occupied by Mr. Farrell, and a small place used as a store-room where furniture was stored. Loss on Farrell place about \$1500; insurance \$1200. Store-room loss about \$700; no insurance. Cause unknown.

The Chemical and Truck and all members of the Department did good work in saving the two-story building.

On March 5th, at 4:30 p. m., still alarm was sent in for fire at O'Neil's cook-shop, back of W. N. Patrick's barroom. The fire was caused by a spark falling on roof. Fire was put out by Ed. Jones, member of Jefferson Co. No. 1. We did not need the Department out. Building owned by Mr. Wehrli. Damages amount to \$5.00; no insurance.

On March 7th, at 1:50 p. m., an alarm was sent in from District No. 4, calling out the whole Fire Department to the colored church on Florida street. The fire was caused by a defective flue in the preacher's residence. The church and residence were a total loss. No insurance. Rev. Williams saved all his furniture. The Department did good work by saving the other buildings.

I must report that Mr. Jos. Hoffman reports every day and after every fire has every engine, chemical and truck up and ready for duty. Mr. Michel has kindly put his horse in the engine house and is always ready for duty. Many thanks to him for taking out the chemical to Claiborne and also the truck to the church fire. I would recommend him as a member of our Department. We also have the town mules at our service and made good use of them at the church fire. Also must thank Mr. Walter Ford for taking the new pump to the church fire.

I must thank all the members of our Department for the good work they do at all fires, also to Mr. Arthur Delebretonne and Mr. August Vergez for running the gasoline engines and putting them in good order for the next fire.

Hoping this report will meet with your approval.

Yours very truly,
H. J. OSTENDORF, Chief.

Report of Committee on Repairs to Engine House:

E. R. Morrison, for work	15.00
Ed. Jones, work	12.00
Joe Hoffman, work	12.00
E. R. Morrison, work	10.00
Ed. Jones, work	12.00
Joe Hoffman, work	10.00
E. R. Morrison, work	12.50
Ed. Jones, work	9.00
Joe Hoffman, work	10.00

M. C. B. NOTES.
The new list of subscribers to the Library, so far, is as follows: Mr. Robt. L. Aubert, Mr. E. V. Richard, Mr. Louis Bourgeois, St. Tammany Bank, Mr. Robert Dutsch, Covington Bank, Mrs. W. A. Hood, Miss Ruth Frederick, Mr. G. C. Lewis, Mrs. V. Z. Young and Mr. Ben Commence. The Club thanks the above subscribers for their patronage and assistance.

Beginning Monday, March 15, the Library hours will be between 3:30 and 5:30 p. m.

The dancing class of children is becoming very satisfactory and interesting. The little ones are so anxious to do well and in that way derive the greatest benefit from the graceful exercise. Miss Mickle wishes to request that she have no audience at the class as it embarrasses the children and they are not at their best. Of course, this does not refer to mothers who come with their children, although it would be better if even they did not stay through the entire lesson.

The card club for Tuesday ended with the following scores: Mrs. E. D. Kentzel 5360, Mrs. Julian Smith 4580, Mrs. B. R. Warren 4580, Mrs. W. J. Warren 4640, Miss Jeanne Piquet 3880, Mrs. W. G. Ellis 3080, Mrs. W. H. Kentzel 3040, Mrs. J. D. Lambert 3030, Mrs. L. M. Tully 2680, Mrs. Wm. Bodebender 2500, Mrs. A. Aitken 2380, Miss Hazel Dossat 2250, Mrs. Piquet 2180, Mrs. W. A. Hood 1710, Miss Anna Gray 1650, Mrs. W. M. Poole 1630, Miss Lillie Allain 1230, Mrs. L. Levinson 1210.

The first prize, a cut glass vase, donated by Mr. P. E. Smith, was won by Mrs. E. D. Kentzel, and the consolation, donated by Mr. A. V. Smith, was won by Miss Anais Boudousquie. Mrs. Julian H. Smith has donated the first prize for the next game, and prizes have also been donated by Miss Anais Boudousquie, Miss Anna Frederick and Mr. P. J. Lacroix.

Our experience combined with our financial resources guarantee safety to our depositors.

We are both ready and willing to grant customers accommodation compatible with safe and sound banking.

WHY A SCHOOL TAX SHOULD BE VOTED

Remarks of Jos. F. Young in debate in Madisonville school:

Resolved: That the First Ward of St. Tammany Parish Should Have a Special School Tax.

Mr. President, Honorable Judges, Ladies and Gentlemen:

I say that this ward should have a special school tax and will endeavor to prove, in subordinate details, this resolution in the affirmative.

When the school term is limited to seven months it is very short, and as we are aware does not afford promotion at the termination, and thereby some children have lost their opportunity, of which they so often dreamed. And knowing that they will have to resume the same studies next term they soon become discouraged and do not care.

"Idleness breeds mischief" is an old proverb, and has been acknowledged truthful and sincere, even so in this case. If a child is kept busy nine months in the year he has very little time to get in trouble and besides getting in trouble he soon forgets what he has learned in the seven months of school.

My opponent may say that some people are too poor to pay a special school tax. Is there a man in Madisonville who would not sacrifice a few luxuries for the benefit of his children? Is there a man in this town, I repeat, who is not able to give a dollar a year for the benefit of the future citizens of Madisonville?

Perhaps there is a group or two who have not had sufficient education to see that without it it is almost impossible for one to make a mark in this world. Why deprive children of an education for the sake of a few "grouches"? (My definition of a "grouch" is a grunt gone to seed.)

Why should Madisonville lag behind her sister wards in the science of education? Is it because our town hasn't the resources? No. We can boast of four shipyards, four sawmills, and it is in the center of the pine district and has the Tchoufouctia river to float logs to the sawmills. The river is used as navigation by many boats that ply between New Orleans and many other ports. And Madisonville, with all her resources, has only seven months school each year. Other wards which have not half the resources that Madisonville has, nor neither half the population, have nine months of school.

Why haven't we a special school tax? Does any one object to having it? If they do, Honorable Judges, I would like my opponent to state his reasons why there is an objection to a special school tax.

Has a tax in this ward ever been tried? No. Then why should we object to having it, especially in this ward? In plain words, why should we try to do down the education of our children, deprive them of a business man's livelihood, whose key-word is education? And let them grow up as common laborers to live in drudgery all their lives for the sake of the expenditure of a few dollars.

Life is but one large check-board. The man with an educated brain is the player, and the checkers are the uneducated men, who have to submit to the educated man. I repeat it, sir, which do we want in the town? Is it the checkers or the players?

Education is the making of a man, and in the most rising cities of modern times we find the smartest men. The man with the education is a man who has the ability to invent, to control, to supervise and to manage great things. He is the man who can acquire a good livelihood and he always has a chance for promotion. While the uneducated man follows the same footsteps every day, and like a horse he dies in the harness of ignorance in his old age. The educated men of today are the making of a nation, a state, a town and most of all, the educated man who has the knowledge of sending his children to school, in him is the making of a home by supporting his family in comfort and rearing his children in the same path to success that he has taken. But the uneducated man, his family has to follow in his footsteps and grow up in ignorance and he, in plain words, must work like an ox under the lash of his driver; to bend in labor to every command.

So I leave this argument to you, Honorable Judges, shall the future citizens of Madisonville be like oxen or like drivers? My last appeal in this debate for the benefit of the children of this ward is: that all the parents, schools, teachers and children unite and help vote a special school tax for a longer school session. If there is any school in this ward that does not want a special school tax on account of pecuniary or other reasons, let them stay out when the time comes. Let them stay away, I say, and not hinder any other of the schools that want what is really a benefit to the ward because it will give our children a better education. I sincerely hope a special school tax will be established next year and that we shall be able to attend a nine months session.

JOS. F. YOUNG,
Ninth Grade, Madisonville School.

ARE YOU RHEUMATIC? TRY SLOAN'S.

If you want quick and real relief from rheumatism, do what so many thousand other people are doing—whenever an attack comes on, bathe the sore muscle or joint with Sloan's Liniment. No need to rub it in—just apply the Liniment to the surface. It is wonderfully penetrating. It goes right to the seat of trouble and draws the pain almost immediately. Get a bottle of Sloan's Liniment for 25c at any druggist and have it in the house—against colds, sore and swollen joints, lumbago, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

—Adv.

SLIDELL HIGH SCHOOL.

One of the most interesting programs of the year's literary society was rendered on Friday. Much enthusiasm was shown in the parliamentary law drill which has become a regular feature of the program.

In connection with the "yard-beautiful" movement of the school, a flower garden has been commenced. The seed sent out by the State department, together with plants furnished by the students, have been planted. It is the ambition of the faculty and student body to make the campus the most attractive spots in the parish.

Mrs. Luce has attended the school library a set of Stoddard's Lectures in memory of her little son, Lacy, who, at the time of his sudden death, was a pupil of the school.

Francis Howe, of the eighth grade, has the honor of having spelled correctly the five hundred words sent out by the State department. By March 26th all the high school expects to make 100 per cent, thus earning certificates.

The basketball games between New Orleans High School and the Slidell school created great excitement. The games were the quickest, and most hotly contested ones of the season. New Orleans scored higher in both games.

The high school art department is beginning pottery work. Original designs for vases have been drawn, and this week the molding has begun. After completion, the vases will be burned, arrangement for which has been made with the Salmen brick kiln. After burning, the pottery will be painted and decorated.

The eighth grade section is hemstitching scarfs, which will later be stenciled.

The sixth grade were the successful contestants in a spelling match held between the sixth and fifth grades.

Prof. E. S. Richardson, of the Junior Extension Department of the Louisiana State University, visited Slidell on Thursday night. A large crowd was present to hear Mr. Richardson's interesting talk on school conditions.

In connection with the lecture, Mr. Richardson exhibited moving pictures which were of educational value to the community.

While in Slidell Mr. Richardson had the pleasure of meeting two of his classmates in the University of Nashville—Peabody College for Teachers—Mr. C. E. Hooper and Rev. Spurgeon Wingo.

PROPER TREATMENT FOR BILIOUSNESS.

For a long time Miss Lula Skelton, Churchville, N. Y., was bilious and had sick headache and dizzy spells. Chamberlain's Tablets were the only thing that gave her permanent relief. Obtainable everywhere.

Bring your laundry on Monday to H. J. Ostendorf and get it back on Saturday. Agent for Dixie Laundry, New Orleans. feb 27

NOTICE TO CONTRACTORS.
Highway Department of the Board of State Engineers, Room 104, New Orleans Court Building.

New Orleans, Feb. 22, 1915.
Sealed proposals will be received at the office of the Highway Department of the Board of State Engineers of Louisiana, Room 104, New Orleans Court Building, New Orleans, La., up to 12 o'clock noon, Saturday, March 20, 1915, for the construction of about twenty-six miles of main public highway extending from Covington to Slidell, St. Tammany parish, Louisiana.

Information as to location, character of work, extent and class of material, terms of payment, regulations governing manner of submitting proposals and executing contract, may, on application, be obtained at the office of the Highway Department.

W. E. ATKINSON,
State Highway Engineer.
FRANK M. KEER,
Chief State Engineer and President Board of State Engineers. feb27-3t

We have a few more copies of "Suggestions of Louisiana's Possibilities," a booklet that is of much interest to farmers and those interested in the development of Louisiana. Will be glad to give same out to any one interested.
