OUR FIRE DEPARTMENT.

At the recent meeting of the fire department of Covington it was proposed to solicit from each property holder a contribution of twenty-five cents a month, to help defray the expenses of running the department.

It is time that the people come to the aid of the Fire Department. Twenty-five cents a month can easily be afforded for fire protection. We believe that everybody will be willing to contribute this sum.

It is in the country where men expect to receive full value for his money that this remedy is most appreciated. Obtainable everywhere.

ORDER OF EASTERN STAR HAS ENJOYABLE MEETING.

On Wednesday night, Southern Pines Chapter No. 81, O. E. S., was honored by the annual official visit of Mrs. Rosetta Levy, of Lake Providence, La., Worthy Grand Matron of the Grand Chapter of Louisiana O. E. S. The meeting was well attended, and all enjoyed her instructions, her charming manner of conducting the work, soon led us to realize that the object of her visit was to help and to criticize. The chapter room was beautifully decorated with flowers and evergreens appropriate to the work, and showed deep thought and perfect knowledge of the work, as everything was emblematic. This work was under the orders of our much beloved Worthy Matron, Mrs. Belle W. Domergue.

After the work was over our Past Worthy Matron, in a few well chosen words, presented the Worthy Grand Matron with a beautiful Eastern Star Lavalier as a souvenir from the Chapter. This took her by surprise, so much so that a few seconds passed before she could respond, but when she did, it was a chain of beautiful thoughts.

We were greatly honored by having with us Bro. Prentiss B. Carter, of Franklinton, La., Past Grand Patron, and Mrs. Sophie L. Wagner, of New Orleans, Associate Grand Matron, and we must not forget our own grand officer, Mrs. Lorena W. Wortham, Grand Conductress, giving us the three highest State officers.

Our Chapter was highly complimented upon its work, both by our Worthy Grand Matron and our Past Grand Patron.

Mr. Carter gave us a very interesting talk, and made us happy by telling us how proud he was of our Chapter, as our work compared with some of the old Chapters, when we are really one of the State's baby Chapters.

Mrs. Wagner gave us a most interesting talk, closing with a plea for all single Masons to marry, so we can have their wives as our members.

After the Chapter closed, the refreshment committee had a delicious lunch in waiting and we all enjoyed an hour of social talk, and complimenting the committee on the fine chicken salad, marshmallow chocolate, etc.

I think it for the good of the Order that Worthy Grand Matrons continue their visits annually, for if it was any oftener I am afraid some of our good sisters and brothers would have divorce cases, as it was in the neighborhood of 2 a. m. when we reached home.

Next to that comes the cold sponge bath in the morning," says the Youth's Companion. COVINGTON HIGH SCHOOL.

We feel that the people of Covington do not show the proper amount of appreciation for the education of their children. Few people visit the schools, except on business. Why this is, we do not know. Is it because they really are not interested or is it carelessness? We are forced to believe the latter.

The people who pay the taxes are the ones who make it possible for the schools to exist. Any business man or woman who invests money in an enterprise of any kind, expects to get back a profit over and above the amount invested. Why then invest money and have your children spend a greater part of their time in school, unless you are sure you are getting back at least an equivalent of the amount invested.

Are you satisfied with what you are getting? How do you know what you are getting, when you depend upon hearsay as to results? Many parents are satisfied with their school if the children are satisfied. Would you rely upon hearsay or what your children might tell you, of a business proposition where profits are paid in dollars and cents? No.

Parents' presence at school has an effect upon both pupils and teachers. They feel that you are interested in them.

The work of a teacher, under ordinary conditions, is trying. You can help, very materially, in relieving such a condition by showing your interest. Any teacher feels pleased when a parent is interested enough to inquire of the work and conduct of his or her child. Teachers need your help. Help them to get the best results.

Friday, March 19, is Patrons' Day in the Covington public schools. Every patron is urged to come and spend as much time as is possible, in the school. Visit the different rooms. Study conditions. The regular work will be pursued. We shall make no preparation for you. Come and see us as we are. Do not wait to be escorted about, go where you like.

HOARDED MONEY

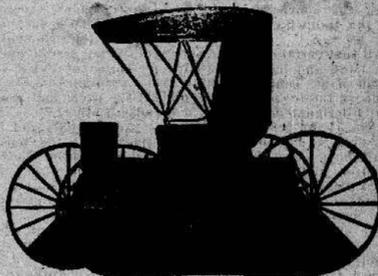

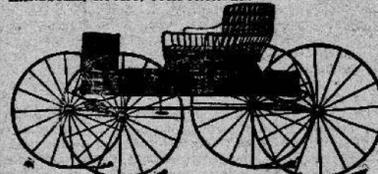

During the past several years, in which time our deposits have increased from a little over two hundred thousand to approximately four hundred thousand dollars, a great many thousand dollars have come to us which showed indication that it had been hoarded. While we appreciate being trusted with any kind of business, we believe we would rather see hoarded money come to us than any other kind, as this means we are serving two good purposes at one and the same time: we serve the depositor by taking care of his money and we serve the community by putting the same money in circulation. Hoarded money is of no use to the community and frequently is of no use to its owner, for it is often lost or stolen. While there are some losses through bank failures, statistics show that for every dollar lost in this way there are many lost by hoarding. If you have money that you are not using, BANK IT. We will be glad if you will bank it with us, but would rather see you bank it some where else than not at all. Your idle money banked will aid the entire community.
