WHY NOT HAVE A ST. TAMMANY PARISH LEAGUE.

Good healthful exercise is just as important an aid to success in life as education. Without vigor and strength the chances for success are not only lessened, but the capacity for pleasure and happiness is also lessened.

The new heart that is being put into the game has called up the question of whether or not it would be advisable to start a St. Tammany Parish League. We believe this would be an excellent thing and would put a move on baseball that would draw good crowds to the game.

Miss Eva Frederick spent Friday in New Orleans. Miss Ethel Walsh spent Monday in Covington the guest of Misses Clarice and Alma Frederick.

A New Proposition for Handling Surplus or Overripe Strawberries

Secretary Warner of the Truck Growers' Association, Mr. Wm. Bodebender and Dr. Stevenson have been working up a proposition for handling all the surplus or overripe strawberries of the St. Tammany growers. The Crescent City Carbonate Company, of New Orleans, represented by Mr. Stevens, was in Covington this week and the matter was taken up, with the result that final arrangements will be made next Wednesday.

Gigging and Dynamiting Said To Be Practiced On Some of Our Streams

Fishermen report that there is evidence that trout are being gigged and that in some places on the streams dynamite has been used. Burnt-out torches have been found along the banks of the Little Bogue Bayou in considerable quantity, and it is said that they are also in evidence along Bayou LaCombe. Trout

WOMEN'S AUXILIARY.

Mrs. Russell entertained the Women's Auxiliary very pleasantly Wednesday afternoon. The parlor presented an attractive appearance with a wealth of lovely spring flowers.

Mrs. Bougere read in a manner most pleasing to all present the 13th Psalm and Spurgeon's comments on it.

Miss Elsie Diel read the minutes of the previous meeting, which were accepted as read.

"Life Grafted In," by Mrs. E. G. Davis. "Christ's Love Transforms Us," by Mrs. Clifton Burns.

The next meeting will be held with Miss Kate Eastman in her bungalow on Jackson street.

COVINGTON HIGH SCHOOL.

I wish to correct the article on the first page of last week's Farmer headed "Public School Students off to State Rally."

All contestants were directly in charge of the five teachers who were in the party. Arrangements for lodging, entering contests, etc., were made by the faculty, at least ten days prior to the rally.

At Baton Rouge, the lady members of the faculty had full charge of the girls, while the men looked after the boys.

The faculty seemed fully competent to take the right kind of care of all who were entrusted to them.

A. J. PARK. As teachers and pupils, we wish to thank the School Improvement League for their kind assistance, financially and otherwise, permitting us to enter nine contestants in the State Rally. Without their aid it would have been impossible for us to have done so.

Wallace Fassman won two second places in the State Rally—one in the 100-yard dash and one in the 220. For this he received silver medals.

Covington High School was awarded six points in the State Rally. We are tied with two other high schools of the State for fifth place. This means that only four schools in the State scored more points than we.

Nine pupils qualified in the athletic test conducted by Mr. C. A. Ives of the State Department of Education, as follows: Kathryn Brown, Margaret Barrow, Irma Cooper, Mildred Davis, Dorothy Dietz, Inez Dufour, Josie Frederick, Mary Gillis, Ara Garrison, Isabelle Hill, Ora Mae Kramer, Frances Loyd, Irene Reeder, Alice Sawaya, Frances Segond, Emma C. Thibodeaux, Ruby Park, Camille Park, Odile Vergez, Alma Cannon, Albert Blow, Sam Haik, Bert Helms, Jared Helms, Earl Otto, Joe Rabb, Joe Sirmom, Aubrey Sharp, Stella Cannon, Charles Babington, Wilbert Cannon.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

SLIDELL SCHOOL NOTES.

A great many patrons attended the art exhibit Friday afternoon. The good work displayed, and the music rendered by the pupils during the afternoon, prove the progress made in that department.

The certificates offered by the state department to the pupils scoring one hundred per cent in the five hundred word test, held March 26, have been received to be distributed to the twenty-eight winners.

Supt. Lyon visited our school Wednesday. The winners of the spelling match of the second grade Friday were Verna Wharton and Edward Bolean.

Mrs. Wharton and Mrs. L. Whitfield visited the first and second grades Monday.

WHOOPIING COUGH.

"When my daughter had whooping cough she coughed so hard at one time that she had hemorrhages of the lungs. I was terribly alarmed about her condition. Seeing Chamberlain's Cough Remedy so highly recommended, I got her a bottle and it relieved the cough at once. Before she had finished two bottles of this remedy she was entirely well," writes Mrs. S. F. Grimes, Crooksville, O. Obtainable everywhere.

TO CANDIDATES FOR MEMBER OF POLICE JURY.

We have been urged by citizens who are anxious to see our system of good roads a success, and who believe their success will be largely a matter of upkeep, to ask candidates for election to the police jury to state whether or not they are in favor of a plan by which the roads may be maintained from a general fund created for that purpose under proper supervision, in preference to the old system of a member from each ward keeping up the roads in his ward from his own road fund by the appointment of promiscuous overseers as repairs are needed. In response to this demand we are sending out the following letter:

Mr. ... You have announced yourself a candidate for police juror of the ... Ward. If elected, will you support the passage of some enactment of the police jury whereby the revenue for the upkeep of the public roads may be formed into one fund under the supervision of some committee, commission or supervisor, to be expended on the roads generally, where needed.

If you are opposed to such a measure, or have some plan of your own in this matter, the columns of The Farmer are open to you for discussion of same.

A FEW "DON'TS."

Don't fail to read the don'ts. Don't mail letters without stamps. Don't ask the clerks to put on your stamps.

Don't mail letters without the addresses. Don't mail anything without your return address in the upper left hand corner.

Don't mail anything without addressing it to street and number or postoffice box. Don't mail anything of value without either registering it or having it insured.

Don't send money by ordinary mail if it is liable to get lost. Don't address your letters or packages with a lead pencil. Don't ask your postmaster to swap stamps for you; it's against the regulations.

Don't fail to read the address on the envelope before you open it. It may have gotten into your box by mistake. Don't fail to turn your combination knob when you close your box. Somebody may open your box, either intentionally or by mistake.

DON'T LOSE A HAIR.

A sore or cut kept free of germs heals without scars or bare spots. Buy a pint of linseed oil if you want a healing oil, or a pound of hog lard or vaseline if a salve, mix with a 50c bottle of Farris Healing Remedy and you have 16 ounces of the finest healer you ever tried. You can use twice a day or oftener because you have oodles of it. Farris Healing Remedy sold on the money back plan.
