A CORRECTION. Lewisburg, La., April 17, 1916. Editor St. Tammany Farmer: I see by the proceedings of the Parish School Board of April 13th, that there was an error made stating that David B. Smith and other patrons were going to run the Pilgrimage Rest school one month longer. It should read that Mr. Smith and other patrons were going to run the Lewisburg school, and not the Pilgrimage Rest.

Yours truly, D. B. SMITH. This error was caused by the dropping out of one of the linotype lines.

MANDEVILLE NOTES. Phoenix-like Mandeville has arisen from the ravages of last September's storm, which caused a damage of not less than \$50,000. Fields and farms have been cleared and are now covered with luxuriant growth of varied agricultural products, streets have been cleaned and graded, obstructions have been removed from ditches and sewers and drainage is in working order, houses and fences have been repaired, renovated and repainted and many new bungalows, mushroom-like, are springing up almost over night. Rest Awhile has finished a great and capacious one, thereby greatly increasing its living room. Dr. Bora's is about finished, and in point of comfort and architecture is the equal of any in the parish. Mr. Charles David's is rapidly progressing to completion, Mr. Clark's has been occupied for some time and the foundations for many others have been laid.

The one heartache left by the hurricane is the partly demolished and unfinished sea-wall. The town officials are doing all in their power to induce the beach property holders to renew and transfer their bonus payment contracts to the new prospective builders, whom, it is understood, would under such conditions undertake the finishing of the wall. These property holders owe it first, to themselves in self-protection, for the lake, usually calm and quiet, now and then lashes itself into a fury and its foam-crested waves lay over the grains of sand and atoms of dirt, till as it were to neglect and lack of interest, until slowly but surely it will, as it naturally must, encroach upon their property. Evidences of this fact are plentiful. Secondly, as an evidence of their patriotism and loyalty and pride in their home town, therefore let petty jealousies, unneighborly feeling and self-interest be cast aside, and consider only the general good and community weal by working shoulder to shoulder with the officials, helping to put Mandeville in its proper place as the ideal winter and summer health resort and life-giving spot of the entire south. Let the present expense, even if a bit inconsequent, be given to the possible future realizations, and thereby erect a sea-wall that will ever live as a monument to their generosity and patriotism, so that their progeny and future generations may point to it and proudly exclaim, "my family helped to build that." Do not be pessimistic, by saying it can't be done, but be optimistic and say it shall be done, and DO IT.

The local public school will close April 25th, after a very successful eight month session, two of which were due to the strenuous efforts of the women's school league (Mothers' Club). The pupils will attend the rally at Abita Springs next week and are confident of bringing home several prizes. Good luck to you, kiddies. The election last Tuesday was quiet and peaceful one. Col. Pleasant won by a majority of 35 out of 227 ballots cast, the other candidates polling approximately the same vote.

A good deal of feeling and wind-or-die canting was exhibited by the eleven hour candidacy of Mr. J. H. Comstock for police juror against Mr. J. M. Smith, the regular Democratic nominee, but the effort to oust Smith was unavailing, for he won by the handsome majority of 66 votes. Congratulations, Joe.

Congressman Lewis L. Morgan was a very welcome visitor the early portion of the week. His own even bet as to whether Lewis had the most of friends was the more pleased.

Advances in evidence that the advance guard of spring and summer residents is on the ground in proportion by the large number of home-seekers circulating about the town. Many houses have already been leased.

Hon. Harry D. Wilson, Commissioner of Agriculture and Immigration, has taken the Shields cottage in Marigny avenue for a year, and with his family will move in about April 25th.

Mr. Fernando Estopinal, son of Congressman Estopinal, has leased the Mugler Cottage in Laditte street. Mrs. Vincent has taken the large Levy Cottage in the same street.

Mr. J. P. Waldrener, the New Orleans lumber dealer, has leased the Rood Cottage on the beach. Mandeville Fire Co. No. 1 will, on Saturday, April 29th, give a female minstrel show and vaudeville, followed by a dance, for the benefit of its engine fund. This promises to be a great show. The ladies are anxious therefor and they know it is for a worthy cause and should be well patronized.

HIGH SCHOOLS LOST? Editor St. Tammany Farmer: As outlined in the report of Supt. Lyon, published in The Farmer last week, there is good reason to feel that both the Covington and Sildell high schools will be lost. This deplorable condition of school affairs also applies to the parish at large.

In order to take care of all the public schools, the Parish Board of School Directors secured a loan of several thousand dollars at the last meeting. This money is just an over-draft, and in keeping with custom.

As there is no other remedy for getting out of debt in sight, it is very probable that the term of the public schools will be only four months next year.

The special ward taxes, for all the ward schools in the third and ninth wards, will carry the Covington and Sildell schools only about two and a half months, thus making about six months term.

The only possible way to secure nine months term for the schools named will be an additional tax. Will the people vote this tax, will they allow all the past good work for these schools to be lost? C. M. LIDDLE.

THEY WERE NOT HOBOES. Sildell, La., April 20, 1916. Editor St. Tammany Farmer: Your paper published last week the account of the railroad accident near North Sildell on the N. O. G. N. that caused the sad death of two young men.

In the lives of most men comes a time when they are "down and out," so to speak. Such indeed must have been the case with those two young men. Mr. Robertson, a son of McComb City, aged about thirty-six years. Mr. Robertson leaves a wife and family in that little city.

Mr. G. C. Freeman, of Meridian, aged about twenty-nine years, leaves a young wife and little family in Meridian. The men were not "hoboes" as was generally believed at first. Both belonged to the order of Brotherhood of Railroad Trainmen, as was shown by the cards in their pockets.

Through the assistance of the railroad men of this town their remains were sent to their homes to be given a Christian burial. To their families the railroad people of Sildell extend their deepest sympathy. May Christ, the Great Engineer of our lives have mercy on the souls of the departed trainmen. May He who guards the hand that guides the engine safe over the narrow bands of steel guide their souls into the Union Station where open switches, fog and red flags are unknown. May they rest in peace. MRS. M. M. DANIEL.

POLICE JURY PROCEEDINGS

Covington, La., April 19, 1916. The police jury met in regular session on above date. Present: Herman Schultz, president; Louis Peters, Wm. Bruhl, Geo. F. Bierhorst, B. E. Talley, A. D. Crawford, J. A. Todd, J. B. Howze and F. L. Dutsch. Absent: B. A. Schneider.

It was moved and duly seconded that the reading of the minutes of the previous meeting be dispensed with. Carried.

The following resolution was introduced by J. B. Howze: Be it resolved by the Police Jury of St. Tammany Parish, Louisiana, That President Herman Schultz be and he is hereby instructed, authorized and empowered to accept the offer made by the State of Louisiana, through the Highway Department Board of State Engineers, for the maintenance of the section of the Covington-New Orleans State Highway extending from Covington to Bayou LaCombe, St. Tammany parish, Louisiana, a distance of about seventeen miles, which offer is as follows:

The proportion for which the State of Louisiana, and the parish of St. Tammany, under any contract entered into are liable, is one-half and one-half of the total cost, respectively, up to \$40 per mile per year. It is agreed and understood that the parish of St. Tammany shall bear any excess in cost, the State of Louisiana in no way to be liable for more than \$20 per mile per year.

Be it further resolved, etc., That the Police Jury of St. Tammany parish hereby ratifies and approves the action of the Honorable Herman Schultz, president thereof, in signing the contract for the maintenance of this Highway, dated April 19, 1916. It was moved by Geo. F. Bierhorst, seconded by J. B. Howze, that above resolution be adopted as read. Carried.

The following communication from Mr. Pritchett was read: To the Honorable President and Members of the Police Jury: On account of complications that have arisen in demonstration work in this parish which impaired the results of my efforts and my usefulness as per agent in charge, I have both from a standpoint of personal interest and for the good of demonstration work to tender my resignation. On the strength of this conclusion, I have tendered my resignation to Mr. Mason Snowden, State Agent, which resignation has been accepted to take effect April 22, 1916.

It is with deep regret that I leave the work in this parish, as I was only getting acquainted with the farmers and agricultural conditions whereby I could accomplish better results. It is with special regret that I leave my club boys, as many of these boys are doing excellent work and are very much interested. I bespeak for their your hearty cooperation and support, as it is these, our future farmers, through which we must solve our agricultural problems.

I have been deeply impressed with the great agricultural possibilities of this parish and the imperative necessity of developing its agriculture, but the best results will not be achieved without the hearty co-operation of all forces with all keeping the one vision of a more prosperous and better country, agriculturally and otherwise, before them at all times.

To the agent that follows me I sincerely ask of you your hearty and sympathetic support of him in his work as he will meet with difficulties and dissatisfaction on the part of some that is unavoidable. In conclusion, permit me to thank

you for your many courtesies and favors and support of me in my work, and also through you my sincere thanks to my many friends throughout the parish who have assisted me in my little efforts towards agricultural development of the parish. I especially desire to thank you for your favors to me while conned by injury received in automobile accident.

With best wishes for St. Tammany parish, I am, Yours respectively, J. L. PRITCHETT, Demonstration Agent.

Moved and duly seconded that the above resignation be accepted. Carried.

It was moved and duly seconded that the following resolution, which was passed by the police jury on Wednesday, August 18, 1916, be rescinded: "Be it resolved by the police jury, in regular session convened, That the Police Jury make an appropriation for a farm demonstrator for another year, provided that on and after December 31, 1916, some one be employed who is a graduate from some agricultural and mechanical college." Carried.

The question of re-appointing Mr. G. C. Lewis, as farm demonstrator, was then discussed. Moved and duly seconded that Mr. Herman Schultz be appointed a committee of one to confer with Mr. Mason Snowden and Supt. E. E. Lyon in regard to the appointment of a farm demonstrator, with full power to act. Carried.

It was moved and duly seconded that Mr. Jno. A. Todd be appointed a committee of one to confer with Mr. W. W. Carre, in regard to making arrangements for a keeper of the draw bridge over Bayou LaCombe. Carried.
