

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

ROYAL BAKING POWDER CO. New York

FOR SERVICE—Register marmoth Kentucky Jack, Fairbanks W., No. 5934. Terms: \$5.00 down and \$5.00 when foal comes. W. M. Poole, at Parkview Livery Co. stable, Covington, La. oc21-1f

WEEKLY MARKET BULLETIN.

Issued Every Monday by Harry D. Wilson, Commissioner of Agriculture and Immigration, Bureau of Marketing.

Articles to be listed should be in the office not later than Friday midday.

All patrons of the Bureau of Marketing should bear in mind that the Bureau does not handle any cash transactions and no checks or remittances should be sent to the Bureau. The Bureau's function is simply to get the buyer and seller together and they effect their own transaction. It must be distinctly understood that the Bureau, under no circumstances, assumes any responsibility whatever in any transaction that may be perfected through information furnished by the Bureau. But should the Commissioner know of any one who has made fraudulent transactions, he will drop him or her from his list and make public the names of the parties and the transaction. It is very important that patrons should advise the Bureau whenever a sale is made or you find what you want, as this will save us lots of trouble and worry. Also, please state the quantity you offer or wish.

Offerings.
A number of Holstein bulls.
A number of Guernsey bulls.

Of the numerous ills that afflict humanity a large share start with constipation. Keep your bowels regular and they may be avoided. While a laxative is needed take Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. Obtainable everywhere.

GOVERNMENT CROP REPORT?

To the St. Tammany Farmer: Washington, D. C., Nov. 8, 1916.
A summary of the November crop report for the State of Louisiana, and for the United States, as compiled by the Bureau of Crop Estimates (and transmitted through the Weather Bureau), U. S. Department of Agriculture, as follows:

State: Estimate this year, 44-

WILSON RE-ELECTED

(Continued from page 1)

Minnesota. As Mr. Hughes is leading in Minnesota and West Virginia and a change in these states could in no wise effect the result there may be no demand for extraordinary haste to bring about the recount demanded.

Virtually all the states where the result is close are carried in the Hughes column and for that reason the Democrats profess to be not apprehensive that any overturning could come from a recount.

AUTO DEALER MUST ATTEND TO WANTS OF THE CAR OWNERS.

"The best definition of service, as applied to my automobile business, is the making of satisfied users," said Walter D. Molloy, who handles the Overland and Willys-Knight cars in this territory. "The average car owner demands nothing more than courteous treatment from the man of whom he purchases his machine and if his needs are taken care of quickly and economically, he will in almost every case continue to favor the dealer with his patronage."

"In many respects automobile service is no different from that of hotel service. A hotel may boast of the best chef in the world, but if the service is poor, the guests will soon become dissatisfied and the chances are that the next time those people visit the town they will select a different place. The owner will continue to do business with a dealer as long as he receives proper treatment at his hands, but if the dealer's interest in his customer ends with the sale of a car he has little chance of selling him again when the time rolls around for the owner to invest in a new machine."

"That is why it is good business policy for the dealer to pay strict attention to the wants of the car owner. And if a stranger drops in the sales room to inquire about some mechanical feature of the car you are handling, make him feel before he leaves that it is a pleasure for you to render such service. A little attention and courtesy on your part may mean the sale of a car later on."

"The same treatment should be accorded the car owner when he drives in for any needed repairs or replacements. See that his wants are taken care of promptly and efficiently and that he is charged only a fair price for the services rendered. By doing so you will make of him a friend for life."

Mr. Molloy has placed quite a number of cars in this vicinity and his bright prospects for many more of the Overland type.

DO YOU HAVE SOUR STOMACH?

If you are troubled with sour stomach you should eat slowly and masticate your food thoroughly, then take one of Chamberlain's Tablets immediately after supper. Obtainable everywhere.

HOG CHOLERA PREVENTION.

Farmers can do much toward preventing the spread of hog cholera and placing swine raising on a safe and more profitable basis.

To keep hog cholera from reaching your herd locate your hog lots and pastures away from streams and public highways, and do not allow your hogs to run on free range or highways nor to have access to canals or irrigation ditches.

Do not visit your neighbor's farm nor allow him to visit you if he has hog cholera on his premises.

Do not drink into hog lots after driving on public highways.

Do not use hog lots for yarding wagons and farm implements.

Do not place newly purchased stock, stock procured or borrowed for breeding purposes, or stock exhibited at county fairs immediately with your herd. Keep such stock quarantined in separate pens for at least two weeks, and use care in feeding and attending to quarters that carry infection from these to other pens.

Burn to ashes or cover with quick lime and bury under 4 feet of earth all dead animals and the viscera removed from animals at butchering time, because they attract buzzards, dogs, etc., which are liable to carry hog cholera infection.

If hog cholera appears in the neighborhood confine your dog and encourage your neighbor to do the same.

Mange, lice, and worms lower the vitality of hogs, rendering them more susceptible to disease.

If hog cholera appears in your herd have all hogs treated immediately with antihog-cholera serum, after which they should be kept on a light diet, with pure drinking water, and confined to limited quarters that should be cleaned and sprayed three times a week with 1 part of compound cresol to 30 parts of water, until the disease has abated in the herd.

To obtain the best results the serum must be administered as soon as the disease is detected in the herd. Be sure that the temperature of all hogs is taken. A temperature above 104 degrees F. in ordinary weather and when the animal is not excited indicates infection, and such hogs require an increased dose of serum.

To rid premises of all infection remove all manure and mix it thoroughly with quicklime.

THRIFT

Encourage thrift in your children; thrifty children make successful and women. Successful accumulation is impossible without system.

It pays to save even the small sums.

Our SAVINGS DEPARTMENT is a systematic method especially adapted to those who want to get ahead. We assure you personal and courteous attention.

Your account solicited.

PRINCE ALBERT

P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain-sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled cigarette unless you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a real reason for all the goodness and satisfaction it offers. It is made by a patented process that removes bite and parch! You can smoke it long and hard without a come-back! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheer-fullest investment you ever made!

PRINCE ALBERT
