# PATROTISM

Hundreds of thousands of patriotic Americans are offering themselves to the Government as soldiers to defend the rights and ideals of our great and glorious country. This is patriotism of the highest order. A patriotism, less spectacular but just as genuine, can and will be displayed by the men and women who remain at home. One of the ways to show this patriotism is to pitch in and grow something to eat in your garden or some vacant lot nearby, as food products are going to be scarce this year. The American banks have never had more money on hand than they have today, but there may come a time when money cannot buy food. This War will not cause a money panic. It may cause a food panic.

BE PATRIOTIC. Be AN AMERICAN.

## Fewer Eggs are required with ROYAL BAKING POWDER

In many recipes the number of eggs may be reduced with excellent results by using an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following recipe is a practical example:

**Chocolate Sponge Roll**

1/4 cups flour	1 tablespoon melted shortening
1/2 teaspoon salt	1/4 cup hot water
1 cup sugar	1 teaspoon vanilla
2 eggs	1 teaspoon Royal Baking Powder
1 square melted chocolate	

The old method called for 4 eggs and no baking powder

**DIRECTIONS**—Sift flour, baking powder and salt together three times. Beat whole eggs. Add slowly sugar, then boiling water slowly; add next vanilla, melted chocolate and melted shortening without beating. Sift in dry ingredients, and fold in as lightly as possible. Pour into large baking pan lined with oiled paper, and bake in slow oven twenty minutes. When done, turn out on a damp, hot cloth, spread with white icing and roll.

Booklet of recipes which economize in eggs and other expensive ingredients mailed.
