Following is the list of awards at the fair and the speeches made. All speakers were interesting, and their remarks were applauded. Mr. Sanders especially held the sympathy of his audience, arousing patriotic enthusiasm, and we regret we have not more space for comment.

Justin F. Denechaud.  
Mr. Denechaud said it was more than an ordinary pleasure for him to come among our people, and he complimented us on the wonderful success of our fair. That it was a great improvement and compared favorably with any of the fairs in the state. "If you stick together," he said, "you may have one of the best in the state." That a fair represents the push and energy of the people. That it was a big advertisement for settlers. That in olden times caravans used to travel over the country and settle where they found favorable conditions. To-day fairs told the story of what the land would produce and marked the character of the people.

He said that fairs brought new blood into the country, and that it took new blood to build a country up. Not only here, but every where this has been the history of progress. The Louisianians were too much inclined to leave well enough alone. Were satisfied with what they thought was well enough. We must learn to appreciate the assistance of new blood.

To-day we have put on a different atmosphere. We have the same opportunities as are found in other prosperous sections. A parish fair is a good start, but we must advertise our resources; we must go to the outside man and show him. The man who settles among us must be made to feel that he is one of us. With advertisement and friendly cooperation, industrial development was sure to follow. This matter should be taken up by the people. Any time we get together and started a campaign of this kind he would come and do what he could to help things along. He was a servant of the people. He was paid to be of service. All the machinery of his office was at the disposal of the people. They paid taxes for that purpose.

He said we must not be satisfied with things as they are. Teach the boy and the girl management, economy. The boys' and girls' clubs were doing an excellent work in this direction. All should join in this work.

#### POTATO KILN IS TURNED OVER TO COUNCIL DEFENSE

W. H. Sullivan, vice president and general manager of the Great Southern Lumber Company, has written to Harvey E. Ellis, Covington, of the Council of Defense, announcing the completion of the potato dry kiln and asking him to turn it over to the Parish Council of Defense for use without charge so that it can select one man to look after the kiln and contents, and stating that the Great Southern Lumber Company does not wish to dictate in any way as to its use. Mr. Ellis has written E. G. Davis, chairman of the Parish Council of Defense, formally transferring the kiln and expressing his pleasure in doing so, and Mr. Davis has acknowledged Mr. Ellis' letter, stating that as chairman of the Council of Defense, he will use his best efforts to have the kiln used in a manner to give the best results to the farmers of the parish, and asking that thanks be conveyed to Mr. Sullivan and his company in the name of the people of St. Tammany.

It now remains for the farmers to take advantage of the opportunity that has been so generously given them. If this is done, there will no doubt be others erected and a great saving made in the potato crop of the parish.

#### ST. TAMMANY TO MAKE EXHIBIT NEW ORLEANS BIG SHOW

The following letter by Farm Demonstrator Lewis is of considerable importance to the people of St. Tammany parish. We are making rapid advancement in agriculture and it is important that we let the outside world know what we are doing. The great difficulty is in getting farmers sufficiently interested to put their products on exhibition. We have considerable good stock and plenty of farm products that should have been exhibited in our own fair that were not. It should be realized that the exhibition of these things are an advertisement that ultimately puts money in the pocket of the farmer. To succeed, every one should put his shoulder to the wheel. Co-operation is the grand signal of success.

By G. C. Lewis.  
Our local parish fair was so good this year that we have more confidence in ourselves, and as would be expected we are going to spread out a bit. We are going to make a parish exhibit in the New Orleans fair, and I ask every farmer in the parish to let us have a sample of his products and help us fill this booth and win the prize for good old St. Tammany. Write me what you have or bring it to Covington and I will take care of it for you. I must have it in my possession by the 7th of November. Don't hesitate, but give us something—meat, lard, corn on ear or shelled, beans, hay, peanuts, velvet beans, soy beans, rice, oats or anything else. All stuff will be returned to owners on their request. Leave stuff at either bank in Covington. Let us make this St. Tammany booth full up.

#### Halloween Party Largely Attended; Elaborate Program.

Slidell, Nov. 1st.—The Halloween entertainment given by the Slidell School League was a very enjoyable affair and was attended by a large number of school patrons, teachers, and others interested in the Slidell High School, who were received in the spookiest manner possible by the witches and spooks.  
No speech-making was permitted and the program was thoroughly enjoyed by all.  
A good deal of disappointment was felt upon the nonarrival of an expected quartette from Camp Shelby, however, we had with us one representative therefrom in the person of Sergeant Kennedy, of the Medical Corps, who spent a pleasant evening and was the recipient of a great deal of attention. The program was opened by a violin trio, Masters Glen Miles, Millar Redden, Clyde Polk, accompanied by Miss Alice Bousquet.  
Piano Trio—Mrs. S. R. Redden, Isabel Sweetman, Francis Howze.  
Vocal Solo—Miss Hazel Martin, accompanied by Mrs. T. J. Eddins.

Vocal Duet—Misses Hazel Martin and Beulah Bourgeois, accompanied by Mrs. T. J. Eddins.  
Reading—Mrs. Spurgeon Wingo.  
Ghost Dance—By six of our beautiful ladies in spook costume.  
The decorations were suggestive of the day, witches, black cats, black owls, etc., being everywhere.  
Refreshments were served and all were well pleased with the evening's entertainment.

The sad accident to Mrs. Edw. Bethea, on Monday last, was a great shock to her many relatives and friends. Mrs. Bethea was over sixty years of age and had returned from a visit to her daughter in Cincinnati, O., just a few days ago. After spending a few days with her daughter, Mrs. Chas. Fogg, in the southern part of Slidell was returning to her usual home at Mrs. P. T. Hursey's, another daughter, when she was struck by a Southern Railway train and badly injured. She was immediately started for New Orleans but died before the train arrived there. Mrs. Bethea is survived by three daughters, Mrs. P. T. Hursey, Mrs. Chas. Fogg, of Slidell, and Mrs. Kusch, of Cincinnati and (Continued on page 5)

The very impressive ceremonies were largely attended as a tribute to the exemplary young man who was highly esteemed by the community in which he lived.

#### SOUTHERN CLUB ENTERTAINED AFTER BOAT RACE

Crowds Taken in Autos to Old Landing to See Boats Come In.

#### CAPT. MACKIE'S BOAT ELIZABETH WINS CUP

Members of Club and Their Guests Entertained at Fair Grounds.

The boat race of the Southern Yacht Club, last Saturday, was won by the Elizabeth, Albert Mackie, captain. The race was form New Orleans to Old Landing, and at the finish the boats came up to Covington, where dinner was served to the members of the club and their guests at the Fair Grounds, at which the handsome sterling silver cup was presented to the winner by Hon. L. L. Morgan, who congratulated Captain Mackie on the feat of the Elizabeth and expressed the pleasure it afforded the members of the Fair Association and the people of Covington to have the Southern Yacht Club members as guests. Captain Mackie responded with reciprocal pleasure and received the trophy with due pride in the performance of his boat and with the wish that other similar occasions might bring our people and the Yacht Club members together.

The table had been beautifully decorated by Mr. John Haller and the ladies in charge of the restaurant had prepared an especially nice dinner, which was enjoyed thoroughly by all. After the dinner there was dancing, the DeBroit Band of New Orleans furnishing the music.  
Mr. C. E. Schonberg and Captain Dudley H. Weaver who were in charge of the reception at this end of the route and who did all in their power to make the evening an enjoyable one for all are to be congratulated. All members of the Yacht Club expressed themselves as highly pleased with Covington and as desiring to become better acquainted with our town.

It is worth mentioning, as showing how important it is that Covington and its advantages and surroundings should receive more publicity, that many of the club members did not know that they could bring their boats up the river to the Covington wharf landing. And these gentlemen having found this out stated that they would profit by it by coming more frequently to Covington.

Mr. E. J. Domezergue took quite a number of Covingtonians down to Old Landing in automobiles to witness the finish of the race, and many of them came back on the boats, of which the following is a list:  
We are indebted to Lieut. Kammer and Capt. Weaver for the following list of those who came up on the boats and were present at the dinner:  
Power Boats—Osmantchick, Elizabeth, Violet, Spiffre III, Waif. Auxiliary Cruisers—Louise, Alga, Broomerang.

#### GOOD SHOWING ST. TAMMANY BANKS NOT EQUALED

St. Tammany parish is proud of its banks. We do not believe there is another section with the property value of St. Tammany parish that can make the showing of patriotism and that has put as much money in Liberty Loan Bonds that St. Tammany has. The official statement is as follows:  
Covington Bank & Trust Co., first issue, \$75,000; second issue, \$75,000; \$150,000 in all. Slidell Bank, first issue, \$14,000; second issue, \$40,000; \$54,000 in all. Madisonville Bank, first issue, \$16,000; second issue, \$16,000; \$32,000 in all. St. Tammany Bank & Trust Co., first issue, \$6,000; second issue, \$15,000; \$21,000 in all.  
This makes \$256,000 subscribed to purchase of Liberty Bonds by the banks of St. Tammany parish.  
NOTICE, ST. TAMMANY.  
There will be a meeting of the Red Cross at the school house at St. Tammany, Monday, Nov. 5, for the purpose of organization. All those interested in Red Cross work are asked to attend.
