Taxes and costs \$3.53.

Terms of Sale—On said day I will sell such portion of said property as each debtor will point out, and in case the debtor will not point out sufficient property I will at once without further delay, sell the least quantity of said property of any debtor which any bidder will buy for the amount of taxes, interest and costs due by said debtor. The sale will be without appraisal, for cash, in legal tender money of the United States, and the property sold shall be redeemable at any time for the space of one year by paying the price with 20 per cent interest, costs and penalties added.

A. G. DEPREE, Tax Collector.

NOTICE TO MORTGAGE CREDITORS.

Tax Collector's Office, Mandeville, Louisiana, April 3, 1918.

In conformity with Section 62, Act 85 of 1888, notice is hereby given to all parties holding mortgages upon real estate located in the town of Mandeville, La., on which taxes for 1917 have not been paid, that I will begin the sale of same at the Town Hall in the town of Mandeville, La., on Saturday, May 11, 1918, at 11 o'clock a. m., and that a number of pieces of property so delinquent are now being advertised in this newspaper in conformity with the law, preparatory to such sale. The attention of mortgage creditors is especially called to these advertisements of tax sales and they are warned to take such steps prior to sale as may be necessary to protect their rights.

A. G. DEPREE, Tax Collector.

FOR SALE FOR RENT

I have customers for all kinds of real estate, farms and houses if you have property for sale or rent list it with me. I get results. J. E. GLISSON, mr2-8t Covington, La

Ever notice how often a discarded newspaper is turned to the "Classified Advertising" page?

Want ads are among the most thoroughly used columns of the daily press. You can scarcely fail of results when you use a classified ad.

CONSTIPATION AND INDIGESTION.

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person. Adv.

U. S. Must Cut Use Of Wheat by One-Half

America Consumed 42,000,000 Bushels Monthly. From Now Until Harvest Must Use Only 21,000,000.

RATION PER PERSON IS 1 1/2 POUNDS OF WHEAT PRODUCTS WEEKLY

Military Necessity Calls for Greater Sacrifice Here—Allied War Bread Must Be Maintained—Our Soldiers and Sailors to Have Full Allowance.

If we are to furnish the Allies with the necessary proportion of wheat to maintain their war bread from now until the next harvest, and this is a military necessity, we must reduce our monthly consumption to 21,000,000 bushels a month, as against our normal consumption of about 42,000,000 bushels, or 50 per cent. of our normal consumption. This is the situation as set forth by the U. S. Food Administration at Washington. Reserving a margin for distribution to the army and for special cases, leaves for general consumption approximately 1 1/2 pounds of wheat products weekly per person. The Food Administration's statement continues: Many of our consumers are dependent upon bakers' bread. Such bread must be durable and therefore, requires a larger proportion of wheat products than cereal breads baked in the household. Our army and navy require a full allowance. The well-to-do in our population can make greater sacrifices in the consumption of wheat products than can the poor. In addition, our population in the agricultural districts, where the other cereals are abundant, are more skilled in the preparation of breads from these other cereals than the crowded city and industrial populations. With improved transportation conditions we now have available a surplus of potatoes. We also have in the spring months a surplus of milk, and we have ample corn and oats for human consumption. The drain on rye and barley, as substitutes, has already greatly exhausted the supply of these grains.

To effect the needed saving of wheat we are wholly dependent upon the voluntary assistance of the American people and we ask that the following rules shall be observed:

- 1. Household to use not to exceed a total of 1 1/2 pounds per week of wheat products per person. This means not more than 1 1/2 pounds of Victory bread containing the required percentage of substitutes and one-half pound of cooking flour, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, all combined.
2. Public eating places and clubs to observe two wheatless days per week, Monday and Wednesday, as at present. In addition thereto, not to serve to any one guest at any one meal an aggregate of breadstuffs, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, containing a total of more than two ounces of wheat flour. No wheat products to be served unless specially ordered. Public eating establishments not to buy more than six pounds of wheat products for each ninety meals served, this conforming with the limitations requested of the householders.
3. Retailers to sell not more than one-eighth of a barrel of flour to any town customer at any one time and not more than one-quarter of a barrel to any country customer at any one time, and in no case to sell wheat products without the sale of an equal weight of other cereals.
4. We ask the bakers and grocers to reduce the volume of Victory bread sold, by delivery of the three-quarter pound loaf where one pound was sold before, and corresponding proportions in other weights. We also ask bakers not to increase the amount of their wheat flour purchases beyond 70 per cent. of the average monthly amount purchased in the four months prior to March 1.
5. Manufacturers using wheat products for non-food purposes should cease such use entirely.
6. There is no limit upon the use of other cereals, flours, and meals, corn, barley, buckwheat, potato flour, et cetera.
Many thousand families throughout the land are now using no wheat products whatever, except a very small amount for cooking purposes, and are doing so in perfect health and satisfaction. There is no reason why all of the American people who are able to cook in their own households cannot subsist perfectly well with the use of less wheat products than one and one-half pounds a week, and we specially ask the well-to-do householders in the country to follow this additional programme in order that we may provide the necessary marginal supplies for those parts of the community less able to adapt themselves to so large a proportion of substitutes.
In order that we shall be able to make the wheat exports that are absolutely demanded of us to maintain the civil population and soldiers of the allies and our own army, we propose to supplement the voluntary co-operation of the public by a further limitation of distribution, and we shall place at once restrictions on distribution which will be adjusted from time to time to secure as nearly equitable distribution as possible. With the arrival of harvest we should be able to relax such restrictions. Until then we ask for the necessary patience, sacrifice and co-operation of the distributing trades.

AMERICAN NAVY ELIMINATES WASTE

Slicing Bacon on Battleship

ACKIES in the American navy are classed as the best fed body of men in the world. In the ship's galleys every effort is made to eliminate waste. In the upper photo one of the cooks on the North Dakota is operating a meat slicer that cuts bacon with the least possible wastage. Fat is fuel for fighters. Bacon is badly needed in the allied armies and navies. The allied needs in pork products are 150,000,000 pounds monthly, three times as much as before the war. Another waste-eliminator on the North Dakota is the potato peeler, shown in the lower photo. Nothing is lost except the actual potato skin. There is a sufficient quantity of potatoes in America for greater use in every home and for all needs of army and navy. Eat more potatoes, eat less waste.

GROUP. If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.

This paper has enlisted with the government in the cause of America for the period of the war

SPIRITUAL MENU—LUTHERAN.

- 1. Bible Class; Informal, instructive, comforting. Our draft includes your number, so come and bring your little Bible, every Friday evening at 7 o'clock to the little white church in Abita. We'll sing some, too.
2. Church Services—Evening, 7 o'clock, every Sunday. Mornings, 10:30, the first, third and fifth Sunday of each month.
3. Sunday School—Every Sunday morning at 9:30. REV. O. W. LUECKE.

SOON OVER HIS COLD.

Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."—Adv.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

MRS. P. O. STUCHELL TELLS HOW SHE CURED HER SON OF A COLD.

"When my son Eli's was sick with a cold last winter I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take.

PREFERS CHAMBERLAIN'S

"In the course of conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican-News, Syracuse, Kan. —Adv.

CHAMBERLAIN'S COUGH REMEDY BY THE MOST RELIABLE.

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Covington, Ill., writes "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We had it to be the most reliable cough medicine we have used."
