Sirens like the one shown in this picture will be placed on all the tall buildings of New York city by the police department to warn against possible aerial attacks by the Germans. Perhaps the city may adopt the Paris method of warning, that of sending out fire engines equipped with sirens. This siren can be heard within a radius of two miles.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save Your Hair! Get a Small Bottle of Danderine Right Now—Also Stops Itching Scalp. Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it! Adv.

Proper Period of Sleep. Whoever it was that discovered sleep decided that at least one-third of a person's life was properly spent in bed, and therefore, when the crowd steps up until midnight it is healthy and wise to remain under cover, or anyway on the pillows, until eight o'clock. The dancer or card player (certainly we mean bridge and other perfectly proper games) lingering for the last one-step or the final hand, until one o'clock, should not be disturbed until nine. And so on, according to the accepted plan of health and happiness. But taking the other side of the argument—or rather, reversing the program—let the average person retire at ten o'clock and rise at six—Exchange.

SOME GOOD ADVICE. "Don't think too much of your own methods. Watch other people's ways and learn from them." This is good advice, especially when billions or constipated. You will find many people who use Chamberlain's Tablets for these ailments with the best results, and will do well to follow their example. Adv. Try the Farmer's want ad. column. It will bring you the best of results when in need of anything.
