THE PROPER FOOD FOR WEAK STOMACHS.
The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect. —Adv.

AN APPEAL TO ALL PATRIOTIC WOMEN

Mrs. Thomas J. Preston, Jr., (Formerly Mrs. Grover Cleveland) Urges Women of Nation to Stand Firm.

"We can win if America can be held steadfast and unwavering, and the women of America can hold her steadfast. Against all temptations to compromise the women of America should stand firm and united," says Mrs. Thomas J. Preston, Jr. (formerly Mrs. Grover Cleveland), in a message to the women of America, made public through the National Security League.
Mrs. Preston is active in the Security League work. She was the first woman to become a member of the League's National Executive Committee, and is secretary of the League's Committee on Patriotism Through Education.
Mrs. Preston's message to the women of the country reads in full:
"Proclaim Liberty."
"Proclaim Liberty throughout ALL THE LAND unto all the inhabitants thereof."
"These words were written about 1400 years before Christ, as part of the Law of Holiness in the Book of Leviticus. Our fathers inscribed them upon the Liberty Bell which called our mighty nation into life.
"Today 'all the inhabitants' enjoy liberty, the Jew and the Gentile, the rich and the poor, the native and the alien-born, the weak and the strong. The old Liberty Bell is silent, for its voice has been heard 'throughout all the land.'
"But Liberty is not safe. It is menaced along the battle fronts of many nations, our own among them, and America requires a new motto for her old Bell: 'Proclaim Liberty throughout ALL LANDS unto all the inhabitants thereof.' Until liberty is safe in all lands, it can not be safe in our own. Hence the task to which America has reverently and unselfishly dedicated herself.
"Make Motto Real."
"The Fathers of this Republic, men of many races, with a common love of liberty, wrought into law our ancient motto, thus giving liberty a chance to enlighten the world.
"Today we, their descendants, are called upon to make real the new motto, and thus to give liberty the undisputed right to bless the world.
"Thus can be done but only after heroic struggle and self-sacrifice. A premature peace would mean failure. It would be only less disastrous than complete defeat. Against all temptations to compromise 'the women of America should stand firm and united.
"Peace and Safety."

"Victory means peace and safety for our children; defeat means humiliation and practical servitude for them; while a negotiated peace, with the military machine of Prussia unbroken, means that everything in their lives must be subordinated to the task of preparing for another war with Germany. We can win now if America can be held steadfast and unwavering, and the women of America can hold her steadfast."

"Congress shall make no law... abridging the freedom of speech or of the press," so reads a clause in our Constitution.
This is a wise provision. The citizens of a democracy should at all times know of and be able to criticize the management of their affairs. Investigation and criticism in the present war have been of great benefit in hastening our preparation by pointing out errors that have been made. There is no doubt whatever that the great safeguards in the conduct of the war are almost unlimited publicity and the right of criticism.
We are told that constructive criticism is always welcome, but who is to decide what is constructive? Why not criticism without the adjective? Most citizens believe that Universal Military Training as a corrective of our unpreparedness would have been constructive, and yet it was not adopted. Who can tell, if it had been accepted when first proposed, what the result would have been on this war?
If we had had more publicity upon the production of aeroplanes, shipping and ordnance, the suggestions of thinking men would unquestionably have stimulated the rapidly with which these articles were being produced, and the delays that have occurred might have been avoided.
There are things the Government cannot make public, and these the people do not ask to know. But in the main full information concerning the progress of preparation can safely be given to the people. It is the people's war; it is a war supported by the people, financially and physically, and suggestions by them should be sought and considered.

THE PARAMOUNT ISSUE.

Good Americans will indorse outright the program of the National Security League to prevent the election or re-election of any members of Congress this year who are not known to be vigorous proponents of the war or who can be lured to support any specious efforts at an inconclusive peace. The country needed such a nonpolitical organization as the league to lead the fight against the milk fed officeholders and office seekers who, in many parts of the country are catering to the hopes of the people that the war may be ended, even though it is not ended right. The league can come to Colorado, for instance, and build fires under two or three politicians who probably will seek re-elections here and there, without its motives being questioned, can expose the rank pacifism which has featured their political careers.
Just how the war will terminate will depend mostly upon the United States. Just what the United States will do depends in a great measure upon Congress. If there is a strong sentiment for premature peace in its membership the task of putting through our war program until our institutions are absolutely safe will be complicated. We are pledged now to go through with the war by force, "without stint or limit," and we most support that pledge by electing men to Congress who will "stay put" on the issue until victory is won.
For that matter, Americans should be careful about electing anybody to any office now who is not clear-cut on the war. Men of no particular force in private life have much weight added to their opinions when they are clothed with the authority of office. We cannot afford to have any such backing the pacifists in the dark days of the war that are to come. We must make this a poor season for "yellow dog" office seekers of whatever grade or party or politics.—Colorado Springs Gazette.

SOON OVER HIS COLD.
Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy—five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold." —Adv.

SOME GOOD ADVICE.
"Don't think too much of your own methods. Watch other people's ways and learn from them." This is good advice, especially when blunders or constipated. You will find many people who use Chamberlain's Tablets for these ailments with the best results, and will do well to follow their example. —Adv.

ROAD TO HAPPINESS.
Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. 66 Years Success
The Wonderful Record of Dr. Thacher's Liver and Blood Syrup.
Those medicines which live for even a quarter of a century are exceptional, and continuous use for over two-thirds of a century is indisputable evidence of wonderful merit.
Dr. Thacher's Liver and Blood Syrup came into existence in 1862, and from that time to the present it has grown in the confidence and estimation of its yearly increasing number of users. Through all these years it has steadily grown in popular favor.
Its wonderful building up power is shown in the experience of Mrs. C. E. Chadwick, Seale, Ala. "I was ill down in health," she says, "and weighed only 104 pounds and getting worse every day. I began the use of Dr. Thacher's Liver and Blood Syrup and today, I am thankful to say, I am in perfect health and weigh 155 pounds. I attribute my good health to the use of that most wonderful medicine. I truly believe there are numerous suffering people that could be sound and healthy by the use of Dr. Thacher's Liver and Blood Syrup."

Why Suffer?
Mrs. J. A. Cox, of Anderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much... time. Having heard... said, we got it for her."
