

RED CROSS

Mrs. N. H. FitzSimmons is in receipt of the following letter, which is self-explanatory:

Covington, La., Dec. 12, 1918. With peace, let no one suppose that the work of the Red Cross is finished. Millions of our American boys are still under arms. Thousands of them are sick and wounded, and owing to the shortage of shipping, will probably take a year or more to bring our boys home from France.

Our protecting arms must be about them and their families over the whole period which must lapse before the normal life of peace can be resumed, and that will probably not be for one year or so. The cessation of the war will reveal a picture of misery such as the world has never seen before, especially in the many countries which cannot help themselves. The wonderful American

people will expect the Red Cross to continue to act as their agent in repairing the many broken spirits and broken bodies. We are soon to be shown how we can best minister and assist these stricken areas which have been harrowed by war, and for this great act of mercy the heart of the American people must continue to be mobilized through the American Red Cross. Let every Red Cross member and worker, and this means both men and women, show our returning soldiers and sailors that to care for their health, welfare and happiness, we are enlisted for no less period than they are.

All our boys need warm hearts to father them, and ministering hands to sustain them. They need comfort, every care, every protection that money can provide, and now that peace is declared, they need even more, if possible, during the tiring months when they are waiting to return to us. Now let us answer this call. Red Cross work on the biggest scale will be continued for another year or so, none of the chapter activities are to be stopped, work is to go on as heretofore. The Red Cross will be recruiting from time to time; this will be necessary, as we are expecting numerous emergency calls from Na-

tional Headquarters, and these calls must all be met. The chapter production end of it in chapters will continue, the only difference being that we are not to make any more surgical dressings. We have a small monthly order for a few of our larger chapters, and all chapters will be called on to make practically twice the amount that they have been making in hospital garments and knitted articles, and three times the amount of refugee clothing, the latter is most necessary, and the demand is urgent. The Red Cross now calls us to show that not the roar of cannon or

the blood of our own alone direct our activities, but that the great people will continue to respond greatly and freely to its obligations, and be pleased with the opportunity to serve. I wish to thank you and your branch workers for your wonderful co-operation in this great work, and request that you extend to all our appreciation of their untiring efforts and excellent work of the past year. Please give this letter wide publicity, have it read at your branch meeting and post in your work room. KATHERINE MOBERLY, Director Women's Work, Gulf Division, A. R. C.

DIVIDENDS LESS THAN THREE MONTHS

At a meeting of the board of directors of the Commercial Bank & Trust Company, this week, a dividend of 2-1/2 per cent was declared, the bank being organized less than three months. The capital stock is \$50,000.00. Two per cent of this dividend will be payable to the stockholders January 10, 1919, and one-half per cent will be added to the surplus. There has been an increase of about \$50,000 in the deposits of this bank since the deposits of the old St. Tammany Bank & Trust Company were taken over. A dividend in such short time, equaling an annual dividend of ten per cent, is an excellent showing.

PARISH COUNCIL OF DEFENSE TO CONTINUE ITS LABORS

Council Decides To Continue Work at Government's Request.

RESOLUTIONS BY J. D. GRANT, SLIDELL

Returning Soldiers To Be Secured Positions As Before Leaving.

The St. Tammany Branch of the National Council of Defense met at the courthouse Wednesday, Dec. 10, Chairman E. G. Davis presiding. Various matters were discussed, and special consideration was given to the appeal of the Government and the State for the councils to remain in service until the vast amount of work created by the closing of the war and the demobilization of troops is accomplished. The following resolution by Mr. J. D. Grant, of Slidell, was adopted: Whereas many of the young men of this parish, in the fulfillment of their duty to their country and with loyalty and self-sacrificing patriotism gave up their occupations and risked their lives in defense of the greatest cause ever known in the history of the world; and Whereas they have thereby earned the respect and gratitude of the people of America and are entitled to consideration of a more practical nature than praise of mouth; and inasmuch as demobilization brings these soldiers home to us again to seek a livelihood in our midst and to take up the duties of citizenship and the responsibility of family ties, it becomes our duty to offer them the same opportunity for support and maintenance as was open to them when they answered the call to arms; and Whereas the military authorities have established employment or information bureaus at the various camps, where information will be transmitted from the local boards of the parishes and where the soldiers will be informed of positions open to them in their home towns or farms before they leave the said camps, thereby being of great aid to the soldier in determining his course of action upon being discharged; therefore be it

Resolved, That the clerk of the local board be given information, in accordance with the request of the Government, by every employer who may have a position so open, in order that he be informed of positions open to them in their home towns or farms before they leave the said camps, thereby being of great aid to the soldier in determining his course of action upon being discharged; therefore be it

Resolved, That the St. Tammany Branch of the National Council of Defense deems it its duty to continue in the service and to do all in its power to aid in any manner that may be required or that the circumstances demand, and that it will not be dissolved until the need of its services no longer exists.

ACCIDENTS.

Mrs. Eliza Jenkins fell from a wagon loaded with furniture, while moving. The wagon passed over one leg, breaking the bones above the ankle and bruising her shoulder. She was attended by Dr. Bulloch and is doing nicely. She is 62 years old.

Epham Thomas, of the Second Ward, 73 years of age, was badly burned about the head, chest and arms, last week. Being alone in the room he fell into the fire during an epileptic fit. This is the fourth time he has been a victim of a similar accident. He is in a serious condition.

Dr. Bulloch reports that the son of N. A. Privette, of Abita, who accidentally shot himself with a shotgun in the right arm and left side of the face, will soon be all right again. While the flesh was shot from the wrist, none of the leaders were severed. Young Privette is about 12 years of age.

GET A DOLLAR READY TO PAY RED CROSS DUES

Poitevent Says Red Cross Is Warm In The Hearts of St. Tammany.

GREATEST MOTHER IN THE WORLD

Mississippi Wants To Beat Louisiana For First In Drive.

Parish Chairman Eads Poitevent says the Red Cross is warm in the hearts of the people of St. Tammany parish. He believes that it does not take a condition of war to make the people come to its support. The work it is doing is so humane, so important that even if a selfish inclination should cry out against parting with a dollar, the same selfishness would whisper that public sympathy is too strong for it for any one to declare against it. Everybody loves the Red Cross and everybody will gladly give a dollar to be on the Christmas Roll Call of members. Then again St. Tammany parish has not failed in any undertaking during the war. She has just about doubled in the United War Work. She can't afford to fail the Red Cross.

MISSISSIPPI WANTS IT.

Mississippi has challenged Louisiana and Alabama for the honors of the Red Cross Christmas Roll Call.

Every chapter in Mississippi is "on its toes" for the race to beat the rival states of the Gulf Division, A. R. C. The goal is "universal membership" and the time for the race is December 16 to 23.

The race, however, began at a series of state conferences of Gulf Division officials with chapter roll call officials in New Orleans, Alexandria, Jackson, Miss., Birmingham and Mobile, Ala.

The judges will be the division officials in charge of the Roll Call, when every American man, woman and child is expected to answer "aye" to the Red Cross summons. In the language of the times, the Roll Call is a campaign for dollar memberships.

In all, it is calculated 250,000 posters will be distributed to chapters of the Gulf Division.

Overseas speakers—British and French officers and civilians—college professors, journalists, thousands of Four-Minute Men and Women will help the chapters drive home the call "For All Humanity."

Moving pictures and slides, newspaper ads, and stories and photographs, with national magazines and weeklies using similar publicity service—these are other features.

While the Gulf Division states are racing for the Roll Call honor, the Gulf Division is competing with the twelve other divisions of the American Red Cross. The Gulf Division led all others in oversubscriptions percentage, and it is expected the record will be maintained in the Roll Call.
