SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference in Brands

The Encyclopaedia Britannica says about the manufacture of smoking tobacco: "... on the Continent and in America, certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco. Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briskly, and smell. You will notice a distinct difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you can rest assured.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

TWICE PROVEN.

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's evidence from this vicinity doubly proven.

Mrs. W. B. Scott, Jahnecke avenue, Madisonville, La., says: "About a year ago I was suffering from an intense lameness in my back and pains across my kidneys. I was generally weak. The pains in my back were so sharp and cutting I was forced to press my hands to my sides for relief. I felt lame and sore all over my body and in the morning when I got up I was distressed and dizzy. My kidneys acted irregularly and I was in pretty bad shape. I got a box of Doan's Kidney Pills and I used them until I was entirely cured." (Statement given April 27, 1911.)

On March 11, 1918, Mrs. Scott said: "I have never had any return of kidney trouble since Doan's Kidney pills cured me in 1911. I wish to confirm the endorsement I made at that time."

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save Your Hair! Get a Small Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little danderine. Save your hair! Try it!—Adv.
