

LOOKING FORWARD

We all look forward to the time when we shall be more independent. Old Father Time will some day have his grip on us. Let us fortify ourselves against this old gentleman by persistently adding to our bank account so that when he comes he shall not find us on Poverty Street.

RELIGIOUS DEPARTMENT.

Edited by J. W. Boggs of New Orleans

Sunday School lesson for April 13, 1919. Subject: "Christ, the World's Redeemer"—John 1:35-41. Golden Text: "God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have eternal life."

The subject of this lesson gives us much food for thought. That the world cannot be redeemed except through Christ is a known fact. Until men become Christ-like, which is indeed the meaning of the word "Christian," we cannot hope to have a lasting peace on earth. As long as men's hearts are wrong the world will be wrong. When Christ came to earth He did not begin to make reforms, but struck immediately at the human heart.

In our lesson today, and in fact all through the gospels, we find that Christ spends practically all His time in personal work. First he deals with Andrew and John, and next with Simon Peter. On the next day Jesus finds Phillip and deals with him personally. The significance of all this is that He is endeavoring to reach men's lives and help each man individually. We know that he was not contented with many things as they were in Palestine, but His purpose was to strike the human heart, and thus overthrow the evils as they existed and still exist.

While I think one of the greatest blessings that have come to America during the last few years is the overthrow of the liquor traffic, yet if we could get all the men to accept Christ as their own personal Savior we would not need prohibition laws.

THE HIGHER LIFE.

Luke 14:10.

"Friend go up higher." I want to call your attention to the subject of the higher life. When we speak of the higher life we at once begin to ask ourselves what we mean by "higher" life or "lower" life. Let me quote from the late Prof. Harper of the Chicago Uni-

versity: "If for any reason we permit ourselves to dwell either intellectually or morally on a lower plane than the very highest nature and our environments have made possible we live the 'lower' life."

Now, let me quote a little further from Prof. Harper: "Religion is essential for the fullest development of the higher life."

"Christianity is the most perfect form of religion." So then to live the highest life one must be a Christian, and as I have pointed out in the Sunday School lesson above, to be a Christian is to be Christ-like. That is to endeavor to make our lives like the life of Christ. And so we come to the conclusion immediately that the ONE thing we need is Christ or Christianity. We need the Christian religion for two things:

1. For guidance. We need something more than human hand to guide us in our lives. We know not when we may make a mistake and we need the guiding hand of the Father to lead us aright.
2. And then we need the teachings of the New Testament as a basis for our lives. The very first thing we read in the New Testament, as a message to the people, is repent, and the word "repent" means to change one's mind. And when Jesus began to exhort the people to repent He meant that they should change their minds from an attitude of righteousness. In other words quit worshipping beasts, money, etc., and turn to the living God, the loving Heavenly Father.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make This Beauty Lotion for a Few Cents and See for Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.—Adv.

sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save Your Hair! Get a Small Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the

hair roots to shrink, loosen and die—the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!—Adv.
