SLIDELL FIGHTS FOR BUILDING CHEF MENTEUR ROAD FIRST

Big Delegations Meet There From Mississippi and Louisiana.

MATTER PLACED IN HANDS COMMITTEE

Sentiment Strong to Carry Out Real Intent of the Law.

(By F. F. Wigginton.)
Slidell, La., May 22.—A most enthusiastic meeting to consider ways and means of building at once the link of highway between Chef Menteur to Rigolets and Logtown, Miss., was held here today and representatives from every part of this section and New Orleans were present and deeply interested in the proceedings.
The net result of the meeting was a thorough discussion of every phase of the highway construction, a better understanding all around of the situation and the appointment of an executive committee of five with full authority to make any necessary arrangements with other organizations, officials, highway commissions, etc., and to proceed to take action that might tend to have work started on the roadway without delay.
At the suggestion of Mr. H. Weston, this committee is composed entirely of Slidell men, as the missing link in this highway is through the southern part of St. Tammany parish. The committee is as follows: J. D. Grant, F. Salmen, E. F. Hally, L. V. Cooley, S. W. Provansal, and C. A. Everitt, vice chairman.
By unanimous action of the meeting, Dr. J. K. Griffith was elected chairman and F. F. Wigginton secretary-treasurer. Mr. H. S. Weston declined the chairmanship owing to his being unfamiliar with the Louisiana laws and, also, being very active on the Mississippi side. Mr. F. Salmen declined as he contemplated being away for a considerable length of time. Messrs. W. I. Gore and J. L. Fletcher acted as associate secretaries of the meeting, the full action of which will be reported later.
There were delegations in attendance from various towns in St. Tammany parish. Those from outside the parish were: A. G. Thomas, Commissioner Stone, W. F. Cooper, New Orleans; Mayor John K. Kennedy, M. L. Michel, J. E. Breaux, Jr., Biloxi; J. P. Galloway, highway commissioner Harrison county, Miss.; W. D. Robinson, R. V. Abley, J. E. Spence Capt. S. L. McGlathery, Pass Christian; Geo. Poole, D. C. Bowen, Ex-Mayor Geo. M. Foote, Gulfport; J. C. Waufray, J. W. Varin, Mayor R. W. Webb, R. T. Perkins, Bay St. Louis; H. S. Weston, Log Town; Mayor E. F. Tate, J. L. Magesho, Mayor H. B. Spence, Picayune; R. L. Nador, H. U. Stevenson, Nicholson; R. J. Lander, Lake Shore, Michoud.
The meeting was entirely harmonious, good feeling being exhibited on all sides, and delegates were loud in their appreciation of the splendid entertainment provided for their benefit.
Commissioner Stone, representing Mayor Behrman, assured the meeting of the vital interest that New Orleans had in the construction of this highway and explained the nature of the meeting had in Mayor Behrman's parlor on the 20th inst. Mr. W. F. Cooper, representing the State Highway Department (Duncan Buie), advised of the amount of construction which had already been completed, and the amount necessary to complete the connection with the Mississippi good roads, advising that the amount necessary to complete the highway to the Mississippi line involved an expenditure of \$617,000, which would amount to use up all of the money in the fund for the construction of the two highways out of New Orleans.
Mr. and Mrs. T. Menendez spent the week end at their summer home. Since Constable R. Lemons ate those real chops he is looking better. That's what Soup says.
The public school had their closing exercises May 22 with a play.
We are sorry to learn that Mr. D. D. Dazet has taken ill again. We hope he will soon recover.
Mr. and Mrs. John West are staying at Brown's Hotel.
We learn that our young merchant, S. G. Joe Rausch, will soon be home from the army.
Our popular agent, Ralph Strain, has a splendid war garden. Can't be beat for the short time he has been here.
It seems that Abita is trying to improve. Contractor F. Brown is erecting a fine garage for Mr. McDonnell.
The young people of Waldheim have announced that they will stage their play, "Between the Acts," in the Abita Springs Town Hall next Wednesday night. The talented actors, Weller Dutsch, is the rich uncle that has given his nephew, Charlie Dutsch a yearly allowance, provided he never marries. Miss Rachel Keen is Aunt Clementina, who considers herself always mistreated. Miss Lydia Strain is the sweet young girl whom the nephew marries, trying to keep it a secret. Hiram Heath is the nephew's friend, who always keeps him in hot water. Miss Hattie Cook is the French maid that's Irish, and Willie Cook is as black as a ton of coal. The comedy is well written, and we are sure it will be well acted, so as to give Abita a pleasant hour.
FIREMEN'S FESTIVAL A SUCCESS
The Firemen's May Festival at the Fair Grounds was a grand success, and approximately \$300 was raised.

BIG SALVATION ARMY SUPPORT ANTICIPATED IN ST. TAMMANY

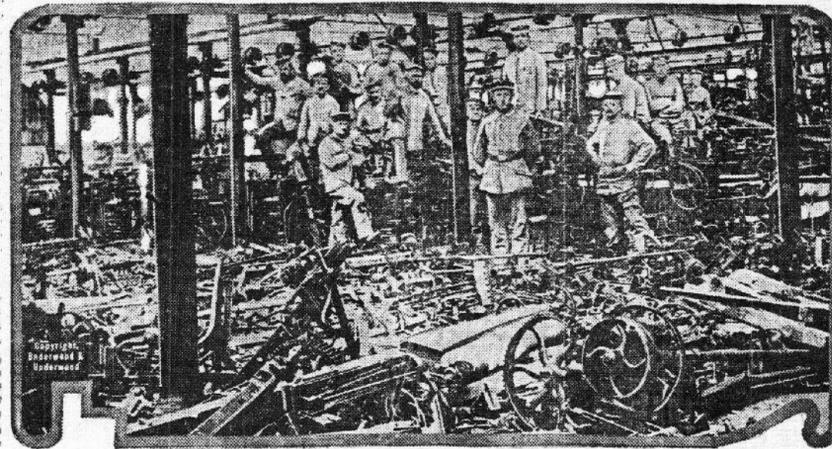

Chairman Domergue Speaks Encouragingly of Attitude of the People.

NO ORGANIZATION IS MORE POPULAR

Women of Parish Will Take Active Part in Putting Allotment Over.

TO THE PUBLIC.
Friends:
I have been asked by the Commander of the Salvation Army to address a word to you in behalf of this great organization.
This I am happy to do, for I am sure that each one of my fellow citizens fully appreciate the wonderful work that has been done by these good men and women. We have as living witnesses, every Soldier and Sailor who has been in service at the front and those who have been in camp here at home. They all sing the praises of the "Salvation Lasses." I am fully aware of the many calls that have been made upon the generous Americans, but I beg of you to stop and think just what these Salvation Lasses have meant to our boys and remember them substantially, remembering that these people are indeed cheerful givers, and when the cry of want is heard, they stop not to ask of what creed or color; they are ever ready to help. Now they ask for help. Why should we hesitate?
Let us help these people in their splendid work for humanity.
E. J. DOMERGUE, Parish Chairman.
Public sentiment is strong for the Salvation Army and its campaign in St. Tammany promises to meet with popular success. There is no doubt we will go over the top once more.
Parish Chairman E. J. Domergue announces the following chairmen of the various wards who will have charge of the work:
Mrs. Paul A. Blanchard, Madisonville.
Mrs. J. D. McLain, Folsom.
Mrs. J. B. Wertham, Covington.
Mrs. Eda Poitevent, Mandeville.
Mr. John H. Woods, Sun.
Miss S. L. Shaul, Tallisheek.
Mrs. Leon Cousin, Lacombe.
Mrs. F. W. Eggleston, Pearl River.
Miss Ella Salmen, Slidell.
Mrs. Louise Stire, Abita Springs.
The Chautauqua had a very successful season, although some of the numbers were not as good as last year. Mr. Haggerman's lecture, "The Man With One Window," was greatly enjoyed by everybody, and "It Pays To Advertise" left standing room only. Upon the whole, the people are glad to know that the Chautauqua will be here again next year.
ABITA SPRINGS NEWS.
Mrs. Josephine Weintraub, of New Orleans is the guest of Mrs. E. E. Bazajou for several weeks.
We just learned that the 14th of July Society is planning for a great entertainment for the benefit of the Shaft of Honor in honor of the boys of Abita Springs who went to war.
The 4th of July will be celebrated this year in grand style by the Town Council.
Mr. and Mrs. T. Menendez spent the week end at their summer home.
Since Constable R. Lemons ate those real chops he is looking better. That's what Soup says.
The public school had their closing exercises May 22 with a play.
We are sorry to learn that Mr. D. D. Dazet has taken ill again. We hope he will soon recover.
Mr. and Mrs. John West are staying at Brown's Hotel.
We learn that our young merchant, S. G. Joe Rausch, will soon be home from the army.
Our popular agent, Ralph Strain, has a splendid war garden. Can't be beat for the short time he has been here.
It seems that Abita is trying to improve. Contractor F. Brown is erecting a fine garage for Mr. McDonnell.

MUSEUM GETS A RICE GROWERS BIG MOCCASIN FROM HERE

Bush, La., May 15, 1919.
Editor St. Tammany Farmer:
Recently, while working in Covington, I captured a giant cotton-mouth moccasin snake which I think, and probably is, the largest in Louisiana.
While fishing in Bogue Falaya river just opposite Covington, I espied this snake. I made a successful cast with my reel and line so taking him without any mishap. I lassoed him, carried him to town and after showing him on the streets, boxed and forwarded him to the Louisiana State Museum, which you will see from the following letter.
Yours truly,
J. E. NOBLE, Agent N. O. G. N.
New Orleans, May 7, 1919.
Mr. J. E. Noble, Covington, La.
Dear Sir:—We are pleased to acknowledge the receipt of the four-foot cotton-mouth moccasin which you generously sent to the Louisiana State Museum in a living condition as a contribution to the Natural History Department.
The snake came in good condition and we are keeping the same alive for a few days in order to make some photographs and measurements as it is one of the largest that we have seen of its species.
We expect to make several casts of the snake and to mount the skin and perhaps, to prepare a skeleton of the bony structure for exhibition, and will be glad to have you pay us a visit in the near future and see the result.
Please accept the thanks of the Museum for the donation and be assured that the courtesy is very much appreciated.
Cordially yours,
ROBERT GLENK, Curator.

ITEMS OF INTEREST AT JAHNCKE SHIPYARDS IN MADISONVILLE

By D. H. Vint.
The many friends of Mr. Jos. Rotolo are delighted to know that he has been appointed by the U. S. Shipping Board to the very responsible position of Chief Engineer, S. S. Pontchartrain. The purpose of his appointment previous to her delivery by builders is for observation. Mr. Rotolo is another of Madisonville's citizens who possesses the necessary qualifications to do big things. He has long plied his profession on steam vessels navigating the waters of Lake Pontchartrain and tributaries with success. It seems that among the citizenry of Madisonville the government can find a man for every emergency in the way of maritime requirements.
Mr. Robt. O'Brien, employed at the Jahncke Shipyard for more than a year in a supervisory capacity, we are sorry to announce is on the sick list in New Orleans. We hope that he will soon recover his usual good health and return to service with the same vim, vigor and victory spirits that is predominant in his make up. Mr. O'Brien is one among the many Orleansians who came here at the outbreak of the war to help make this yard 100 per cent efficient.
The Misses Myrtle Gollehon, Bonnie Mae Smith and Master Victor Ouliber, of Madisonville, graduated from the Covington High School with very high averages of efficiency. Their parents are old citizens of this town and we heartily congratulate them on the accomplishments of their children. With the preparedness secured by close application to the problems through which they have so successfully passed, there should be no doubt as to their future success in life.
THE PEACE TREATY.
When the ex-Kaiser reads the Treaty of Peace he will realize that the world has fully decided reigns like his must cease. Alsace-Lorraine will give to the ex-Kaiser and his breed much pain. Reparation of the wrong done in '71 proves the great victory the Allies won.
Section 4, European political classes, means independent rule by the masses.
Section 5, referring to China, Turkey, Egypt, Bulgaria, Shantung and Morocco, will put an awful dent in Bill's coco.
Limitations of armaments in Section 8 is going to put the would-be War Lord and his nation in a hell of a fix.
Persons accused of having committed acts in violation of the laws and customs of war and morality have been given a full dose of their own brutality.
After reading Section 7, we know why the devil said the Kaiser would never get to Heaven.
Sections 8, 9, 10, 11, 12, 13, 14 and 15 smashes the Kaiser's dreams to smithereens.
This is the treaty in full. Now we know how Ludendorff and Hindenburg the Kaiser did "bul".
DANCE.
Last Wednesday's dance was postponed on account of the commencement exercises of the Madisonville school. In the future dances will be given every Wednesday and Saturday.
STRIKE OUTS.
(Report of the game last Sunday will be found on The Farmer's sport page.)

A certain young lady said she did so hate dishonest men. Some one told her a ball player tried to steal one of the bases.

Cohen owned three clothing stores, one in Covington, one in Shreveport and one in New Orleans. He had a son, Ike, who was drafted and sent to France. After Ike had been gone two months and the old man had not heard from him, he sent a cable to him. "Iky, for v'y you don't write? Iky, how is your health? Last night the store in Covington burned. I got ten thousand dollars insurance."
Not hearing, he sent another cable a week later. "Iky, for v'y you don't write it no letter to me? How is your health? Friday the store in Shreveport burned. I got it fifteen thousand dollars insurance. Iky, please write papa."
One month went by and no letter from Iky. The old man again cabled: "Iky, for v'y you don't answer papa? Three times I make it cablegram. Iky, how is your health? Monday night the store in New Orleans burned all up. Iky, it was such a hot fire. I got thry thousand dollars insurance. Please write papa."
So Iky finally sends papa a cable: "Don't be v'rying about my health in France. Just keep the home fires burning. Iky Cohen."
Did it ever occur to you that it would be quite as grammatical to say "that air house," "them there books," as to speak of that air ship?

A teacher of one of the schools of St. Tammany parish was questioning a boy pupil about the word "re-educate." As an example, we will take the case of your father. He is, of course, a hard working man. Yes, said the little fellow. And at night he arrives home worn out, doesn't he? Yes'm, again said the boy. Then, continue d's teacher, it being night, his work is over, and he is tired and worn out. What does he do? That's just what ma wants to know, replied the boy.
A foreigner was boasting to an American of ancestry. He took a coin out of his pocket which had the impression of a former king on its surface. "That," he said, "is the likeness of the man that made my grandfather a lord." After glancing at it the American drew from his pocket a penny bearing the Indian head. "That," said the American, "is the likeness of the man who made my grandfather an angel."

The other day while in New Orleans, Louis Stockfeth called to see a friend that works in the city court. The Judge, who was trying a case, was disturbed by Louis moving about in the rear of the court room, lifting chairs and looking under things. "Young man," the Judge called out, "you are making a good deal of unnecessary noise." "Your honor," replied Louis, "I lost my hat and I am looking for it." "Well, people often lose hole suits in here without making that much disturbance," said the Judge.
