

CANCELLED CHECKS

OFTEN we are called on to produce cancelled checks which settle an account in dispute.

There is no arguing about the evidence—the check—its amount, endorsement and date are final.

Is it not strange that there are still some people who do not apply this insurance against double payment to their own personal bills? And it does not cost anything either.

The fire alarm was sounded at 12:45 Tuesday from District 15. It proved to be the residence of Mr. Emile Frederick, which had caught fire in the roof. The origin of the fire was supposed to be from a spark from the kitchen stove. The fire department was on the grounds in a few minutes and had the flames out in a few minutes. Thus the new engine has paid for itself within a week or so after installation.

For two generations the suffering women of America, particularly of the South, have found relief from "woman's ills" through the famous prescription of a famous old Southern doctor—STELLA-VITAE.

Women know when they need a remedy for weakness and misery in body and mind. Mothers know that their young daughters, at the critical age, need a harmless regulator and a wholesome tonic.

STELLA-VITAE supplies this need. Sold by your druggist.

"I can cheerfully recommend your STELLA-VITAE. Before I used it I suffered with painful periods, severe backache and pain across my abdomen. I decided to try your STELLA-VITAE, and now all the pains and aches have disappeared, and I no longer fear my monthly periods."

THE JITNEY STILL JITS.

Recent articles on the war tax just levied on soft drinks, confections, etc., have given rise to some misunderstanding, and the Wm. Wrigley Jr. Company, issues a statement to the effect that the 3 per cent tax on chewing gum does not affect the retail dealer or consumer. Mr. Wrigley explains that the manufacturers stand this tax, and there should be no change in the price charged you for your package of Wrigley's Spearmint, Doublemint or Juicy Fruit. In other words, the jitney still jits. Thanks, Mr. Wrigley.

WHEN EVERY MOVE HURTS.

Lame every morning, achy and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use. Gaston Duplantis, proprietor horse-shoeing shop, 919 Monroe avenue, Covington, says: "A few years ago I had a very lame back and as my work requires a great deal of stooping and exertion, I sure was in misery. When I stooped over, I could hardly get up on account of the sharp pains that shot through the small of my back and my kidneys acted irregularly and annoyed me a great deal. I began using Doan's Kidney Pills and they proved to be just the medicine I needed. They helped me from the first and when I had used about a box I felt like a different man. I have had no return of the trouble since that time and I still do the same heavy work as ever."

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.
