**UGH! CALOMEL MAKES YOU DEATHLY SICK**

Stop Using Dangerous Drug Before It Salivates You. It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Doan's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Doan's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. —Adv.

Make This Beauty Lotion Cheaply for Your Face, Neck, Arms and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier. Just try it! **CHILDREN OF RED CROSS HELP BABES OVERSEAS**

Peace Program Outlined for Almost 50,000 Juniors in the Gulf Division

Entertainments have proved a popular medium through which to raise Junior Red Cross funds. And here we have a "close-up" of Betsy Ross and her flag, proudly displayed to youthful Colonial cavaliers.

Comfort pillows are filled with bits of waste cloth "snipped" by the tiny tots of the receiving classes—this is the way it is done. All kindergartens in the Gulf Division have been active workers in Junior work.

**FIVE** distinct purposes are given in the new Peace Program of the Junior Red Cross outlined by the officials at National headquarters and affecting the 48,269 Junior Red Cross members in the Gulf Division, comprising Louisiana, Mississippi and Alabama.

The purposes are given as follows: To furnish relief to suffering children throughout the world. To stimulate community activities appropriate to the spirit of the American Red Cross. To develop an international understanding and good will made necessary by the new world conditions resulting from the war. To provide motives for the purposeful and useful school activities.

To inculcate ideals and habits of service. There is a great need for relief among the millions of children in foreign lands who are suffering and will continue to suffer for a long period because of the deprivations forced upon them during the war. Through the new plan of the Junior Red Cross the children of the Gulf Division, as well as thousands of other Juniors throughout America, will be given an opportunity to help these children across the sea.

The questions arising are: Are we not vitally bound to help the children of those countries? What can we do for them? Are we not even serving our own best interests in following to the letter the creed of unselfishness?

**National Children's Fund.** In future years as the children of America take out Red Cross memberships through the schools, a part of the membership fee (60%), will be sent through the proper channels to National Headquarters, to form a "National Children's Fund" for the purpose of carrying on relief work entirely among children in various countries. If the school or school committee desires to remit an amount larger than 60% of the membership fee it may do so, and credit will be given accordingly. No part of this money will be used for any other purpose.

In addition to the relief work car-

Spright Dowell, Superintendent.

Montgomery, April 1, 1919.  
Miss Verna M. Pursell,  
Director Department of Junior Membership,  
The American Red Cross,  
New Orleans, La.

Dear Miss Pursell:  
I am very much interested in the Peace Program which is being prepared for the Junior Department of the Red Cross. Perhaps the greatest opportunity for giving practical application to lessons in patriotism, in the teaching of our national and international responsibilities, will be through the work suggested in this bulletin.

I feel sure that the teachers of our State will be glad to have this very practical plan of continuing a work during peace times which gave motive to nearly every "day" during the period our Nation was in war.

Yours very truly,  
(Signed) Spright Dowell,  
Superintendent.

ried on abroad through the use of the money contributed by the Junior Red Cross, the production of the new refugee garments, reconstructed garments for use among the refugees, refugee furniture, and a large number of articles for use in camps, cantonments and hospitals as well as for local institutions, will be continued for some time to come.

An illustration of the extent to which these articles are required at the present time is presented in the following statements:

In most chapters the sewing classes will be kept busy during the remainder of the school year and still the number of articles produced cannot possibly meet the demands.

Orders and instructions have just been sent out suggesting to schools that they co-operate in the making of reconstructed garments for use in Europe.

A comprehensive and detailed report of the conditions among children abroad and the projects for relief already undertaken and contemplated will be sent to each teacher in the American schools. This report will be prepared in the form of a manual for the teacher's use. It will contain interesting stories to be retold to children in the primary grades, illustrations picturing various typical situations in Europe, outlines and lesson plans with references to be used by the teacher in making clear to the children in the upper grades and in high school what the needs are abroad; what the Junior Red Cross has already accomplished and the necessity for future development in the countries under consideration.

Mr. J. W. Studebaker,  
Director, Junior Red Cross,  
Washington, D. C.

My dear Mr. Studebaker:  
I have examined with interest the plans for the continuation of the Junior Red Cross, as outlined in the "Peace Program of the Junior Red Cross" which you have submitted to me, and am very much pleased with both the purposes and the proposed methods, which, I believe, will meet the approval of school officers and teachers throughout the States, and, which, with their co-operation, I feel sure will accomplish much for the relief of the needy and suffering throughout the world, and also for the education of the children in the schools of our own country. I heartily commend the purposes and plan of operation to responsible school officials and teachers.

Yours sincerely,

**MAY IN HARD LUCK**

Jakey May pitched to only two batters in a recent Cardinals-Reds game, but that was enough for the scorers to charge him with the loss of the game. He relieved Meadows with the score 4 to 3 and a runner on third. A hit by Rousch sent in the run that tied. Meadows could be charged with that, so May was left with the tie game to solve. The next batter hit safely off May, leaving two men he had put on before he was jerked. They were enough, when they scored, to give Cincinnati a win and May a black mark.
