Parish School Board be and he is hereby ordered to cause to be prepared for use at the said election the tally sheets, list of qualified electors, assessed valuation of property, blank statement for the compilation of the vote, in number and amount, and other election blanks that may be required for the purpose of holding the said election and to cause the same to be placed in the ballot boxes for use at the voting precinct, and to make provisions for the transmission of the ballot box to the voting precinct of he said School District No. 6.

Section 4. Be it further ordained, etc., That the polling place for the said election shall be the usual polling place in the Sixth Ward of the Parish of St. Tammany, La., and the following three commissioners, Ellis Crawford, clerk, and C. G. Talley, Randolph Parker and Emile Singletary, commissioners, all of whom shall serve without compensation.

Section 5. Be it further ordained, etc., That the St. Tammany Parish School Board shall meet at 11 o'clock a. m., on Friday, the 14th day of November, 1919, for the purpose, in open session, of examining and counting the ballots, canvassing the returns and declaring the result of the said election.

Section 6. Be it further ordained, etc., That the president of the St. Tammany Parish School Board be and he is hereby instructed to give public notice of the said election by proclamation to be duly published according to lay in the following form:

PROCLAMATION.

Pursuant to a resolution passed in the St. Tammany Parish School Board of the Parish of St. Tammany, La., at its regular meeting held on the 3d day of October, 1919, I, N. H. Fitzsimons, president of the St. Tammany Parish School Board, hereby give notice that, in compliance with the said resolution a special election will be held in School District No. 6, Parish of St. Tammany, La., on the 12th day of November, 1919, for the purpose of submitting to the property taxpayers, qualified under the constitution and laws of the State of Louisiana, to vote at said election, the following proposition, to-wit:

To levy a special tax of two and one-half mills on the dollar on all the property in School District No. 6 of the Parish of St. Tammany, La., subject to taxation, annually, for a period of three years in lieu of the five mill tax now assessed for the purpose of giving additional aid to the public schools of said School District No. 6.

For the purpose of the said special election the polling place will be the usual polling booth in the Sixth Ward of the Parish of St. Tammany, La., and the following commissioners and clerk of election have been appointed to serve at this election, all of whom will serve without compensation: Ellis Crawford, clerk, and C. G. Talley, Randolph Parker and Emile Singletary, commissioners.

At said election the polls will open at 7 o'clock a. m., and close at 5 o'clock p. m., and the election will be conducted in accordance with the laws of Louisiana applicable thereto.

Notice is also given that at 11 o'clock a. m., on the 14th day of November, 1919, the said St. Tammany Parish School Board will meet at the courthouse in Covington, La., and in open session proceed to open the ballot boxes, examine and count the ballots in number and amount, examine and canvass the returns, and declare the result of said special election.

This 3d day of October, 1919.
N. H. FITZSIMONS,
President of St. Tammany Parish School Board.

Section 7. Be it further ordained, etc., That the special election herein and hereby provided shall be held and conducted and the returns thereof shall be made under the provisions of Act 256 of 1910 and amendments thereof, and such other laws as may be applicable.

On roll call the following voted in the affirmative: Dutsch, Levy, Talley, Bancks, Evans and Oswald. Those voting in the negative: None. And the resolution was declared adopted.

The minutes of the preceding meeting were read, and upon motion of Mr. Levy, seconded by Mr. Bancks, they were adopted as read.

The following report was read by the Superintendent, and upon motion of Mr. Dutsch, seconded by Mr. Levy, it was accepted:

The Honorable President and Members of the St. Tammany Parish School Board:

Gentlemen—All of our white schools are now in session with the exception of Savannah Branch and the Onward schools in the Second Ward, the Oak Grove in the Fifth Ward, the Galloway in the Sixth Ward, the Ridge school in the Eighth ward, and the Bonfouca in the Ninth Ward. These schools I have not been able to open because of the fact that we have not been able to secure competent teachers. I will say, however, that I am hoping to be able to open the Onward and Oak Grove schools next Monday, October 6th.

At your last meeting you authorized me to secure a teacher for a school to be opened at the Salmen Camp in the Second Ward. I have not been able to do that yet because of the scarcity of teachers.

Closely associated with the scarcity of teachers, I believe I may say is the salary offered to teachers holding second and third grade certificates. You will remember that we are offering \$40 to a teacher holding a third grade certificate and \$50 to those holding a second grade certificate. When we consider the fact that teachers are being charged \$30, \$35 and \$40 a month for board, we can understand how absolutely impossible it is for teachers with those grades of certificates to accept places in our parish. I will, therefore, earnestly recommend for your consideration the advisability of offering an increased salary to those teachers having either second or third grade certificates. I have learned that Washington parish is paying as much as \$65 for a second grade and \$50 for a third grade certificate, and if we realize the fact that it costs the same price for board whether you hold a first, second or

third grade certificate, we can readily see that something must be done to help out.

I wish to submit for your consideration the advisability of building homes for the teachers at the Central and Audubon schools. I believe this can be done during the present year, and should help us in the matter of securing teachers and accommodations for them after they have been secured.

Because of the fact that the cost of building material has very much increased and because of the fact that we cannot replace our buildings for anywhere near what they were originally built for, I have deemed it advisable to increase the amount of insurance carried upon them. I trust this will meet with your approval.

The painting of the Waldheim, Audubon and Ridge schools has been completed, and I trust the Peace Grove school will be finished long before your next meeting.

I have advertised for the building of the Sand Hill school and I expect that bids will be opened by you at this meeting.

New heaters will have to be installed in the schools at Madisonville, Folsom and Pearl River.

The attendance this year appears thus far to be much greater than ever before, and I trust that it will not be necessary to have any more violators of the compulsory school attendance law in court, because those matters are always unpleasant to both sides.

Your committee appointed to investigate the advisability of operating a transfer running from the Military Road to the Waldheim school, beg to report that they went over the route and after careful consideration have awarded a contract to Mr. W. P. Galloway to operate an auto truck for the price of \$100.00 per month. Mr. Galloway is now carrying on this truck from nine to twenty-one school children each day and as far as we can see, everything is going well as can be expected.

We recently had a visit from Mr. C. F. Trudeau, at Slidell and Covington, spending a day in each of these schools. He also visited the junior high school at Mandeville and the graded school at Madisonville, that had made application for approval as a junior high school. The following is his report as to the conditions found by him:

Supt. J. H. Harris, Baton Rouge, La. My Dear Sir—I have just visited the Covington and Slidell high schools, the Mandeville junior high school, the Mandeville graded school now asking for approval as a junior high school. It is with much pleasure that I report the school in St. Tammany parish as doing better work in every respect than I have ever found them doing before. Without going into detail I desire to say that the work of the teachers, the responsiveness of the pupils, the discipline of the schools, the interest of the public, as evidenced by the large number of children sent to school this year—all these things make it clear to me that this is undoubtedly the best session's work that this parish has yet seen.

The enrollment in the Covington high school, elementary grades, is 356, and the attendance on the day of our visit was 336; the enrollment in the high school grades of this school is 87, the attendance being 83. Five teachers are doing the work in the high school department and ten in the elementary department.

The Madisonville graded school has an enrollment in the grades of 135, 132 of whom were present on the day of our inspection. In the eighth and ninth grades of this school we found 222 pupils, all of whom were present on this day. Two teachers were in charge of the high school department and four of the elementary department.

At the Mandeville junior high school 107 pupils are enrolled in the elementary grades, 96 of whom were present on the day of inspection; 27 pupils are enrolled in the high school grades, 25 of whom were present on this day.

The Slidell high school 430 pupils are enrolled in the elementary grades, 395 of whom were present on the day of inspection; and, in the high school grades 63 pupils are enrolled, 61 of whom were present on this day. Five teachers do the high school work and thirteen the elementary work in this school.

We wish to recommend for the following schools those things that we consider most needed at this time in order that the work may be raised even to higher levels than we have found it.

Covington—A bookcase, 8 feet wide, for the principal's office, in order that a place be provided to store away extra books, notebooks, etc. The third grade room at this school needs a bookcase. The small case now in the principal's office might be used for this purpose. We again recommend a typewriter swing board to be attached to the principal's desk. The study hall should be immediately provided with forty additional desks. The principal should have in his office a substantial case in which to file away and keep for future reference the record cards of previous years which gradually pile up session after session.

Slidell—The outstanding needs at this place are as follows: More teaching room which probably can best be supplied by erecting another building. Additional teachers for the elementary grades, there being too many pupils now for the present teaching force. Additional books for the library. Additional apparatus for the laboratory.

Mandeville—Marks of progress were observed at this school, for instance, the settees under the trees, the swings in the yard, the new fence going up, the handsome flag pole and flag, the fountain in the front yard, etc. It would be well to add to the apparatus now in the laboratory and more books to the library.

Madisonville—This is a good six-room building (frame) nine feet off the ground. There is also a large auditorium, an office for the principal, a library room, cloak rooms, and sanitary closets for boys and girls in the basement of the building. The equipment is quite satisfactory. Six well qualified teachers are employed. The building is large and well drained and well shaded. We recommend, however, that before this school can

be placed on the provisional list of junior high schools this year, additional laboratory apparatus be installed, that a few more desks be purchased, and some additional books for the library. The building would make a much better appearance and last a longer time if it were well stained inside and painted over outside. An effort should be made to have running water for the laboratory as well as for drinking purposes within the building. The smaller heater now in the building should be removed and larger ones installed. Two or three additional teachers' desks should be provided. As soon as these conditions are met, and the Department of Education is informed thereof, we recommend that this school be placed on the provisional list of junior high schools this year.

Yours very truly,
CHAS. F. TRUDEAU.

Domestic science outfit has been ordered for the Talisheek school, so that regular classes in sewing and cooking may be conducted during the year. A sewing machine has been ordered for the Sun school, and we are expecting that work in the same line can be done at Sun as is being done at Talisheek. The only obstacle in the way of this is the large enrollment there, and if it was at all possible for us to secure another teacher for Sun, I would recommend it now.

October 1, 1919.
Mr. E. E. Lyon, Superintendent, Covington, Louisiana:

Dear Sir:—I beg to submit the following as my report as Elementary School Supervisor of the parish for the month of September:

I have visited the following schools: Abita Springs, Folsom, Lewisburg, Madisonville, Progress, Middle Road, Onward, Pearl River, Pilgrim Rest, Ramona, Robert, Slidell, Waldheim, Audubon, Central and Mandeville.

I have not found it possible to get to all of the schools this month and neither have I thought it advisable to take the schools in rotation, but on the other hand have visited the schools where we had young and inexperienced teachers and have spent from one hour to two and a half days in each of them, depending on the conditions found. My help has been in the way of assisting the teachers to organize their work in the matter of correcting schedules, getting the children properly classified and distributed throughout the schools. In some schools I have been doing actual teaching in order to demonstrate proper methods and devices used by the modern teachers. A great deal of my time has been taken up in showing the young teachers how to teach reading by the use of phonics. I am a strong believer of this method of reading and believe that if this is followed up consistently that the beginners will soon get a foundation that will assure rapid results in reading.

I have been taking to these young teachers some of the very best material on various elementary subjects, such as outlines on the teaching of phonics, outlines for teaching arithmetic by grades, language in the elementary grades, and also stories and songs for the primary children.

I expect to be ready to show you at the next meeting some of the results of the standardized reading tests now being given in the parish, and expect that this will give us an exact idea of how our schools and pupils stand compared with other schools of the State and country.

You realize that a careful examination of our school children is necessary before we can tell exactly where to concentrate our attention during the present year.

The schools in the entire State have been getting very poor results in the matter of reading, as has been shown by Prof. J. M. Fouts, State Supervisor of Elementary Schools. If this is true in a majority of the parishes of the State, it is probably true in ours, because we can only expect to be an average parish in those particulars.

Although my work is to aid all of the teachers in the various elementary school subjects, we shall place particular emphasis this session on the subjects of reading and spelling because we realize that good reading is the foundation of all good school work and no satisfactory progress can be made unless a child can understand or comprehend what he reads. It is for this reason that we are now giving the tests in silent reading.

In closing, I wish to express my appreciation for the kind treatment and interest shown by the various teachers and also by the patrons wherever I had the opportunity of meeting them. Trusting that this is only a beginning of a very successful year, I remain,

Yours very truly,
MARY H. SUGG,
Elementary School Supervisor.
Respectfully submitted,
ELMER E. LYON,
Superintendent.

The following report from the executive committee was read:

Covington, La., Oct. 3, 1919.
St. Tammany Parish School Board, Covington, La.

Gentlemen:—Your executive committee met in the office of the Superintendent on Friday night, September 26, 1919, and approved bills to the amount of \$1419.55, and after discussion with the Superintendent, we beg to recommend for your consideration the following matters:

In order that there may be a regular pay day when all of the teachers may expect their salaries, and also in order that the Superintendent's office may be given sufficient time to check over the principals' monthly reports, have such corrections as necessary made, etc., we would recommend that Saturday of the week following the end of the school month shall be designated by you as pay day.

We would also recommend that the salaries for teachers holding second and third grade certificates be increased. We ask this because of the fact that in some localities the salary for teachers holding third grade certificates would barely pay their cost of doing nothing of washing and ironing.

Respectfully submitted,
N. H. FITZSIMONS,
H. H. LEVY,
Executive Committee.

Mr. J. H. Warner and Mr. Karl Trean appeared before the Board representing the Parish Fair Association and asked for a donation of \$200.00 to cover the prizes offered to the public school children by the Parish Fair Association.

Upon motion, duly seconded, it was voted that the board would reimburse the Fair Association for such cash prizes earned by public school children in educational exhibits, provided this reimbursement had the approval of the Superintendent. Carried.

Moved by Mr. Bancks, seconded by Mr. Dutsch, that the bill of L. W. Crawford and W. W. Talley for labor and material furnished for the construction of toilets at the Sun school be paid from the Sun special account. It was explained that the outbuilding authorized at the last meeting had been burned and this was to replace them. Carried.

The following bids were received for the construction of the Sand Hill school as per advertisement appearing in the official journal: J. E. Smith, \$1006; P. S. Barrelli, \$1009. It was moved by Mr. Dutsch, seconded by Mr. Bancks, that the contract be awarded J. E. Smith, at the price of \$1106.00.

Moved by Mr. Oswald, seconded by Mr. Bancks, that the bill of E. E. Talley for \$20 for the hauling of the Sun school wagon to Covington and back, for repairs, be approved for \$12.00. Carried.

Moved by Mr. Levy, seconded by Mr. Bancks, that Saturday of the week following the close of each school month shall be designated as pay day for teachers, and that the Superintendent is instructed to not issue checks at any other time.

Carried.

Moved by Mr. Oswald, seconded by Mr. Dutsch, that the schedule of salaries for white school teachers be amended so that teachers holding third grade certificates shall receive \$45.00 per month, and those holding second grade certificates shall receive \$55.00 per month. Carried.

At this point Vice President Evans asked Mr. Levy to take the chair.

Moved by M. Evans, seconded by Mr. Bancks, that the Superintendent be permitted to supplement the salaries of teachers holding second and third grade certificates out of the special tax funds of the different school districts. Upon roll call the following voted in the affirmative: Talley, Evans and Bancks. Those voting in the negative were, Oswald, Levy and Dutsch, and the motion was declared lost.

At this point Mr. Evans resumed the chair.

The Superintendent having reported to the board that the Covington Bank & Trust Company had charged 6 per cent interest on a loan of \$34,000 negotiated at that bank on September 23, it was moved by Mr. Oswald, seconded by Mr. Talley, that the Superintendent be instructed to remind the Covington Bank & Trust Company that according to the terms of their bid dated April 4th, 1919, they had agreed to the terms of Act 205 of the General Assembly of 1912, and according to these conditions this board should not be charged a rate of interest in excess of four and three-fourths per cent; that the Superintendent should notify the Bank that they would be expected to comply with their agreement as expressed in their letter of April 4th, and that in the event that they failed to do so, the school funds should be transferred to the Commercial Bank & Trust Company.

Carried unanimously.

The committee appointed at the last meeting consisting of Messrs. Evans and Bancks, to investigate the advisability of establishing a school in the Honey Island neighborhood, report that the Crandall & Brown Lumber Company of Pearl River had offered to furnish house and land and water for a school house to be located near Benton, La., provided the School Board would furnish the desks, heater and a teacher. Moved by Mr. Bancks, seconded by Mr. Talley, that the Superintendent be authorized to furnish a teacher for this school under the above conditions.

Carried.

Moved by Mr. Dutsch, seconded by Mr. Talley, that Mr. T. J. O'Keefe be authorized to sell the pipe in the abandoned wells at the Middle Road school. Carried.

Moved by Mr. Dutsch, seconded by Mr. Talley, that the local board of trustees for the Madisonville school be authorized to put a wire fence around the Madisonville high school, and the same to be paid for out of the District No. 1 special tax fund. Carried.

Moved by Mr. Dutsch, seconded by Mr. Talley, that the special tax funds in the different school districts shall pay for half of the expense necessary for the establishing of school libraries in schools where there are no libraries, and for the addition to libraries already established, provided not more than \$25.00 shall be spent for any one school from the various special tax funds. Carried.

Moved by Mr. Bancks, seconded by Mr. Dutsch, that the offer of the Ozone Spring Water Company to allow this board to pipe water from their well at Pearl River to the Pearl River public school be accepted, and that the expense for this work be paid out of the first available funds to come from the eighth ward special tax fund. Carried.

**TAKES OFF DANDRUFF,
HAIR STOPS FALLING**

Save Your Hair! Get a Small Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!—Adv.

DID YOU EVER STOP TO THINK
