A THOUGHT AND ACT FOR 1920.

When our farmers can have a ready market for their sweet potatoes and syrup, they will be independent. Land values will go up; the land will be settled up, our banks and stores will have more business; every interest in the parish will advance—even to the schools and the churches.

The Covington Association of Commerce is seeking such markets and is meeting with a good deal of encouragement. The farmers should join the Association and keep in touch with it at all times. Covington's development depends upon the advancement of farming around Covington. The Agricultural Bureau of the Association has a good deal of free information of value to the farmer. He does not have to be a member to get this, but if the farmers join the Association it will be stronger and can help more.

HOW FAR IS MADISONVILLE?
Not So Far That the Statements of Its Residents Cannot be Verified. Rather an interesting case has been developed in Madisonville. Feeling so near by, it is well worth publishing here. The statement is sincere—the proof convincing. Ask your neighbor!
Wm. Schleich, Madisonville, La., says: "My back and kidneys were giving me a great deal of trouble. A pounding pain settled across my hips and made it difficult for me to stoop or do any lifting at all. At times the kidney secretions became too frequent in passage and contained sediment. I have had no control over the action of my kidneys. I didn't feel like myself at all, but as soon as I began taking Doan's Kidney Pills, I commenced to feel better and when I had used them a short while, I felt like a different man. It is a long time since I used this remedy for my trouble, so Doan's Kidney Pills deserve all the credit for giving me a permanent cure."
